

BAUSCH & LOMB
Ray-Ban
SHOOTING GLASSES

In every type of shooting your eyes need glare protection for accurate sighting and freedom from visual fatigue. The Bausch & Lomb Shooting Glass has sage green lenses ground and polished from quality optical glass, and specially toughened to resist impact from blowbacks and flying fragments. Yellow Kalichrome lenses are also available for sharpening target outlines on dull, hazy days. If you wear glasses, you can have Ray-Ban Shooting Glass lenses ground to your prescription.

"and just wait 'til you see inside...
It's the prettiest car we've ever owned!"

ANNE: It certainly is beautiful... from any angle!

BETTY: But what I like best is the wonderful feeling I get when I'm driving. Heavenly comfort! And the things they're doing with colors and fabrics these days! Honestly, I feel just like a queen!

ANNE: You should! I'm not trying to pry, but I'll bet it cost a king's ransom.

BETTY: Wouldn't you be surprised! It cost a lot less than we expected. And, Ed says it will cost less in the long run, too, because an Olds holds its value.

ANNE: Leave it to you to have your cake and eat it, too!

BETTY: And why not? Ed, bless his practical streak, wanted an Olds for its extra value and the Rocket Engine. So, who am I to say "no" to the prettiest thing on wheels? You ought to pass the word along to John!

ANNE: You can say that again! I will tonight!
