Jackson Springs Club
The Jackson Springs Home Demonstration Club met with Mrs. C. L. McDonald, with 32 members present.

Everyone was glad to meet with Mrs. McDonald to have a chance to see her remodeled home. The greeting that was given at the front entrance was the type that made everyone want to stay awhile. Of course the first thing in order was to just look around.

With the careful planning of Mrs. McDonald, the skillful workmanship of Mr. McDonald, and the artistic paint brush of daughter Patricia, they have completed the interior changes which have made a nice comfortable home. Two small bedrooms have been changed into a nice long living room with a picture window, fireplace, guest closet, hardwood floors and broad pine paneled walls. A ter-

race was also added to the front. The spacious old kitchen was changed into two bedrooms with a hall.

Running water has taken the place of the old hand pump. A new room was added for the bathroom, which is complete. The kitchen-dining nook has the place of the old bedroom which is near the living room. The kitchen cabinets are finished in natural pine. A large pantry and back porch were added to the kitchen.

Miss Flora McDonald, home agent, gave a lesson on cooked and uncooked jellies. Everyone enjoyed a taste of each kind.

The members voted to have an auction sale of old redecorated hats at our June meeting. We hope to have some fun as well as make some funds for our treasury. We decided to place flowers on the graves of our deceased members on Memorial Day.

We welcomed two new members to our club. They were Mrs. Charles Cole, Jr., and Mrs. Joel Stubbs.

Mrs. Herbert Carter and Mrs. C. L. McDonald reported on their visits to all our shut-in members during the month of April. They carried flowers or fruit to each place visited and left a bit of sunshine too.

We are glad that Mrs. Oscar Richardson has returned home after spending a few days at North Carolina Memorial Hospital at Chapel Hill.

Our June meeting will be with Mrs. John Patterson. She will give a demonstration on "Pie Making." Devotions for this meeting will be led by Mrs. Ted Thomas.

During the social hour delicious refreshments were served by the hostess, assisted by Mrs. Ollie Currie.—By Mrs. Claud Thomas, publicity chairman.

Cameron Club
Members of the Cameron club have been busy helping set tobacco and trying to destroy the grass crop that is trying to take everything. They don't have much time for other things, however, they have not neglected their gardens and flowers.

Mrs. Walter Holt certainly has a fine garden, pretty flowers and a nice strawberry patch. She is always out working in the garden or picking strawberries. Mrs. Pate Hopkins is either picking strawberries or cutting cabbage to sell from their fine patch.

Mrs. Billy Sellers should have some fine dahlias. She has the finest looking plants I have seen anywhere.

In April the members sold plants at their meeting, netting the club \$6.70.—By Mrs. W. B. Sellers, publicity chairman.

Holly Grove Club
Mrs. Leon Currie and Mrs. Victoria McKenzie were joint hostesses for the Holly Grove Club meeting at Mrs. McKenzie's home, which has had interior and exterior remodeling.

Miss McDonald demonstrated cooked and uncooked jellies and jams.

Each club member is picking strawberries this year. Last year one project was to give every member strawberry plants.

At the March meeting we voted to have an auction sale each month. April meeting and auction at Mrs. Laverne Caddell's home, with Dorothy and Marshall Caddell as auctioneers, netted a nice sum, as did this month's. Each month a CARE package is sent to our foreign neighbors.

A social hour followed the business, and refreshments were served.—By Mrs. Walter Poley, publicity chairman.

Eastwood Club
When the Eastwood Home Demonstration Club met in May with Mrs. Lee Black, she got a lot of compliments on the refreshments she served during the social hour as everything was home made. She baked the loaf bread that the sandwiches were made with and raised the chicken salad. She also baked the cookies and served 15-day pickles that she made last year. Along with this she served punch. Mrs. Black said the loaf bread was from a recipe that Miss McDonald, our home agent, had given the club a long time ago.

Another one of our club members, Mrs. Frank Cox, has been real busy during the month of May picking strawberries. She and Mr. Cox have a large strawberry patch and they grow berries for sale. People come from far and near to get berries for jellies, jams and freezing. Mrs. Cox says she stays so busy dur-

ing the berry season that she hardly gets time to prepare any for herself.—By Mrs. Sam Boggs, publicity chairman.

PRELIMINARY CERTIFICATE OF DISSOLUTION OF State of North Carolina Department of State

To all to whom these presents may come—Greeting:
Whereas, It appears to my satisfaction, by duly authenticated record of the proceedings for the voluntary dissolution thereof by the unanimous consent of all the stockholders, deposited in my office, that the Patch and Blue, Incorporated, a corporation of this State, whose principal office is situated in the Town of Southern Pines, County of Moore, State of North Carolina (Charles J. Get in the fine-car swim at the low Ford price!

There's no need to pay a "fancy price" to enjoy fine-car luxury. Ford is lowest priced* of the low-price three, yet offers values you'd expect only in cars costing far more!

To start with, you can easily pay twice the money, and not find lines that can hold a candle to Ford's for lowness, lowliness, or just plain good taste.

But step inside. That's when you'll find the real evidence of Ford's quality!

And, on the way in, note that Ford offers door checks that hold doors open in either of two positions—for easy entrance or exit. A little thing. But, in a fine car, why not? Then, inside, notice how comfortable those plush, foam-rubber seats are. They'll stay that way. And on long trips. For they're scientifically contoured over non-sag springs. Your rear-seat passengers are treated extra kindly, too—with spring assists to help them open and close the doors—with the most leg room in Ford's field!

Fine cars are smooth—and that's another place Ford really shows its stuff! Ford delivers its famous V-8 power smooth as a whisper. That's because only Ford takes the pains to electronically balance each engine while running under its own power. Not even the makers of the most expensive automobiles go this far to bring you super-smooth performance.

Ford rides fine-car smooth and quiet, too. You can thank the new "Inner Ford" for that. Ford, for instance, has a swept-back front suspension that actually "rolls with the punch" of every road bump.

Ford's rear springs automatically adjust to give the right ride for every road. And Ford keeps things quiet, with the most sound insulation in its field.

Fine cars are built to stay solid. So's Ford!

Ford has the only frame in its field to make use of rugged tubular steel beams. No car at the price offers so many roof-strengthening beams. Expensive cars aren't built of thicker body steel or with sounder engineering skill. Then, of course, in Ford you can have all the power assists and other conveniences found in fine cars. And they cost far less in Ford.* Yes sir! In every feature, every part, Ford is the fine car at half the fine-car price. Come in and see!
