She and Mr. Thompson have added a spacious room which can be used as den or study. They have added very convenient closets, with sliding doors, a large bedroom with bath, also an indoor stairway leading from the bedroom to the basement. **Measure For Measure**

Editor, The Pilot:

Congratulations on your excellent editorials. I am especially interested in the one of April 24th, headed "Sheriff's Race."

It would indeed be most gratifying to me if every voter would read that article and give it the thoughtful consideration it merits. As I am of the opinion that I can measure up to the standards you suggested the voters use in making their choice of a candidate for sheriff of Moore County, I think it appropriate that I quote the substance of your editorial and follow with a look at my record.

From The Pilot, April 24:

**"In looking over the field of candidates, it seems sensible to measure them against the example of Sheriff McDonald, their interest in and understanding of law enforcement work, and their ability to cope with problems in all sections of the county."**

I believe that I can meet every requirement you mention. As a great Democrat often said: "Let's have a look at the record."

Our Sheriff McDonald has made a good record that will be difficult to match. My twenty-one year record with the State Highway Patrol seems to me firm proof of my interest in and understanding of law enforcement work. While with the patrol I acquired the ability to cope with problems in different sections of the state as well as county. I am, for instance, fully aware of the special quality of the Sandhills resort section and the importance of this area and its interests to Moore County. During my years as sergeant on the Highway Patrol I lived in Southern Pines, Aberdeen, and Carthage and became thoroughly familiar with this part of the Sandhills. During those years, I believe I acquired the ability to choose good deputies and direct their work.

There is one item I should like to make clear. I must correct the impression that some appear to have in regard to my retirement pay. It is exactly \$53 monthly. This sum will be discontinued if I am elected sheriff.

It will not be easy to equal Sheriff McDonald's record; perhaps nobody can. I believe my experience has qualified me for this position and I promise the people of Moore County that if elected I will serve them wholeheartedly and to the very best of my ability.

**To The Citizens of Moore County:**

I am a candidate for County Commissioner from District 5 in Moore County, subject to the wishes of the Democratic voters of Moore County in the Democratic Primary, May 31.

If nominated in the primary and elected in November, I pledge to the people of Moore County to faithfully serve the county impartially to the best interest of all the people.

Sincerely,

*T. Clyde Auman*

The above announcement was made by Clyde Auman when he paid his filing fee as a candidate for County Commissioner.

There will be a vacancy in District 5 composed of Sandhills and Mineral Springs townships, because the Hon. Gordon Cameron, after 26 years of unselfish service "does not choose to run."

We believe Clyde will make a good Commissioner. He is as native and qualified to serve in this capacity as any one we know.

Clyde is one of several children of the late Claude Auman and Mrs. Lillie Graham Auman of the Jackson Springs-West End communities.

He is married to the former Sally Watts and they have two boys and two girls.

He attended Moore County Schools and State College, and now is a successful farmer and peach grower, owning land in Sandhills and Mineral Springs townships.

We believe Clyde Auman has always done his part when called upon for the support of his Church and School. Also, he has been a leader in civic, agricultural and political affairs.

It is that unselfish spirit in Clyde Auman that prompts him now to offer for service as County Commissioner.

**Elect Bill Pittman Judge**

**To the Citizens of Moore County and the Twentieth Judicial District:**

I was in the Army during World War I; however, this was a patriotic duty and I am not asking for any special credit for this service.

I favor the Retirement System, as established by Law for Superior Court Judges. On December 31, 1958, my opponent will have been in office as Solicitor and Judge for THIRTY-SIX YEARS—THIRTY-SIX YEARS, and he can RETIRE, receive the maximum Retirement salary, and WILL KEEP ON WORKING AS A SUPERIOR COURT JUDGE, and receive extra pay for each week he works.

DO NOT BE DISTURBED by the inference and argument that, if I am elected, the State will be paying two Judges salaries and only one Judge will work. WHEN MY OPPONENT RETIRES, HE WILL KEEP ON WORKING as a Superior Court Judge.

If I am elected, and become eligible to retire, I WILL RETIRE, and keep on working as a Superior Court Judge, humbly thank the citizens for the privilege of serving them, and give the citizens of the District the opportunity to elect some younger man to the office. I believe in giving YOUNGER MEN A CHANCE at an office when the incumbent CAN RETIRE.

Your vote and active support will be deeply appreciated.

Most sincerely,

**WILLIAM G. PITTMAN**

The newspapers, representing the people, speak:

The Messenger and Intelligencer of Wadesboro, on April 24, 1947, commented:

"Judge Pittman enhanced his popularity with Anson County people during this session, as his earnest efforts to use fairness and common sense, as well as strict principles of law, were dominant throughout the proceedings."

The Post-Dispatch of Rockingham, on March 20, 1958, speaking of W. G. Pittman as a man, commented:

"He is intellectually and morally honest and a sterling citizen with dignity and sound judgment."
