An ultrasonic wave machine is being used by an English firm to measure the thickness of fat on the back of live hogs.

HAL LITTLE

Rotary District Governor Visits Local Club Friday

Rotary International has awarded grants of more than two and one-half million dollars in the past 11 years to enable outstanding college graduates to study for one year in other countries, members of the local club were told at a special meeting Friday.

Hal W. Little of Wadesboro, Rotary District 769 of Rotary International, of which the local club is a part, was paying his annual visit to the club. While here he also conferred with officers and committee chairmen.

There are some 9,900 Rotary Clubs in 110 countries, he said, and each, within their own communities, promote international understanding, goodwill and peace through various programs.

The student fellowships is only one of the many programs that are conducted, Mr. Little said, but it pointed up the type activities carried on by Rotary organizations.

One North Carolinian, Henry Clark of Reidsville, has just completed a year's study at the University of Bern in Switzerland on a Rotary Foundation Fellowship. Since 1947, when the program was established, 1,076 such fellowships have been awarded to students in 65 countries for study in 43 countries.

Harry Ch... president of the club... of the program...
