

Brothers Charged With Stripping Parts From Stolen Car Found Deep In Woods

A stripped down skeleton of a 1956 Chevrolet found deep in the woods by Moore County officers last Friday turned out to belong to Marion Craver of Sanford, it was learned from the Sheriff's department this week. Craver had reported the car stolen at Sanford June 22. It was not insured.

ABC officers, members of the sheriff's department and a State Highway Patrolman, on another mission, found the car abandoned in the woods beyond Mt. Carmel church, several miles from Carthage.

Following investigation, said Chief Deputy H. H. Grimm, two brothers of the Mt. Calvary Church community were arrested—Edward Eugene Needham, 23, and Diffie C. Needham, Jr., 21. They said they had "found" the

car in the woods, but admitted removing just about everything removable from it, according to Grimm.

The motor, with serial number providing the identifying clue, was found in the brothers' mother's car, and also on her car were the muffler and two wheels and tires. The transmission was found in a car belonging to another member of the family. There was no evidence the car owners knew the origin of these parts, the deputy said.

Nor was there evidence of car theft against the Needham brothers. Charged with malicious destruction of property and converting parts to their own use, they each made bond of \$250 for their appearance at Moore Recorder's Court August 22.

Southern Pines Recorder's Court

Cases heard last week by Judge W. Harry Fullenwider in Southern Pines Recorder's Court were (if no address is listed, defendant is from Southern Pines):

Can't tell what's cooking without looking

A NEW ELECTRONIC MIRACLE! PURITRON® RANGE HOOD REMOVES ODORS, SMOKE, GREASE WITHOUT VENT OR WINDOW!

Remarkably effective, this is the only range hood that freshens your kitchen electronically. It passes the air over ultraviolet electronic tubes, then sends it back into your kitchen, free of smoke, grease and odors (corned beef 'n' cabbage, garlic too). You can hang it up yourself: screw it into wall over your range (no breaking through walls since it needs no outside vent). Just plug it in. White, copper-tone, or stainless steel. In 30", 36", or 42" widths. It does all that we say it does, or your money back. **\$79⁹⁵** From
