Bloodmobile
The Red Cross Bloodmobile will be at the Vass-Lakeview School from 11 a.m. to 4:30 p.m. Friday, February 17, and it is sincerely hoped that many will make donations. A hard-working committee headed by Dr. Raymond Dougherty has been making every effort to line up donors, hoping that the quota of 125 pints can be exceeded, to make up some of the shortage that exists.

Any who have not signed a pledge card may still obtain one from the workers or at the Vass Drug Store or hotel, or they may volunteer as a donor during the hours that the Bloodmobile is at the school if they have been unable to do so earlier.

World Day of Prayer

A World Day of Prayer observance with the various churches participating will be held at the Methodist Church at 7:30 p.m. Friday, February 17. Heretofore the service has been held in the afternoons, but because of the Bloodmobile visit on that day the service was changed to the evening hour.

Although the service is sponsored by the women's organizations, men are invited to attend and it is hoped that the evening hour will be more convenient for them.

After the processional, Philip Keith gave the invocation and the congregation joined the Scouts in the pledge of allegiance. The pastor, the Rev. T. Fant Steele, Jr., spoke words of welcome and presented the Rev. A. C. Trivette, who led the morning prayer, and the Rev. J. D. Hales, who brought the message. Scout Danny Williams spoke the benediction.

The Boy Scouts with their leader, Karl Schweinfurth, camped on the community grounds Friday night and after breakfast Saturday attended the parade in Southern Pines and returned to have a cook-out.

THEATRES SUNRISE

The action of "Go Naked in the World," to be seen Sunday and Monday at the Sunrise Theatre, begins in San Francisco, where the tough and wily Greek immigrant Pete Stratton (Borgnine) has built up his fortune, and to which Nick Stratton (Franciosa) returns from his overseas army service. In an elaborate night club, he meets Julie Cameron (Miss Lollobrigida) who once known is not easily forgotten. Their casual affair ripens into an intense relationship and this girl, who has known many men, now finds herself in love against her will.

Frightened that her past has forfeited any chance of future happiness with Nick, she attempts to break off the affair. For a time it seems that Nick's outraged father himself will achieve her purpose, but Nick proves impervious to both Julie's feigned indifference and to Pete Stratton's constant pressure which fluctuates between pleas and threats.

It is at Acapulco, in Mexico, that the two-fold conflict reaches its climax after the arrogant father has humbled himself before the girl he has persecuted, and in the end the story is given a gripping emotional turn.

Beautifully built to set trends in styling and savings
beautifully built to take care of itself

This is probably the most imitated Look in automobiles today. Take the roofline, for instance. (Most other cars have!) Yet it looks best on its original setting, the Ford Galaxie. The roof and all the rest of the car were designed to go together. This is what makes the Classic Ford Look.

Moreover, this car is as beautifully built as it is beautifully shaped. As Ford takes care of itself, it takes care of your budget.

See the roster at right, and you'll conclude: This is the Ford in your future. May we open its door to you . . . soon?

HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF

Lubricates itself—You go 30,000 miles between chassis lubrications (which cost only about \$4.00 and take about 20 minutes).

Cleans its own oil—You go 4,000 miles between oil changes with Ford's Full-Flow oil filter (which filters better through specially packed fibers).

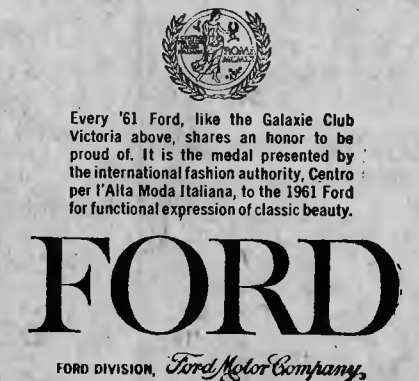

Adjusts its own brakes—New Truck Size brakes adjust themselves—automatically.

Guards its own muffler—Ford mufflers are double-wrapped and aluminumized to last three times as long as ordinary mufflers.

Protects its own body—All vital underbody parts are specially processed to resist rust and corrosion, even to galvanizing the body panels beneath the doors.

Takes care of its own finish—Just wash and clean Ford's new Diamond Lustre Finish and it will continue to glisten like new. It never needs waxing.

Extended Warranty—Each part of '61 Fords, except tires, is dealer warranted against defects in materials or workmanship for 12 months or 12,000 miles, whichever comes first. Owners remain responsible for normal maintenance service and routine replacement of maintenance items such as filters and ignition parts.
