

1960 Contributions From Duke Fund Listed For 2 Hospitals in Moore Co.

For 1960, The Duke Endowment contributed the record sum of \$2½ million to more than 200 hospitals and child care institutions in every area of North Carolina and South Carolina.

This brings to more than \$41 million the amount The Endowment has contributed to such institutions since its founding in 1924, according to Marshall I. Pickens, director of The Endowment's Hospital and Orphan sections, which issued their annual reports today.

The Endowment, which helps in the care of the needy sick on the basis of \$1 for each day of free bed care in assisted hospitals, reported that for 1960 total hospital payments (including special appropriations for capital purposes) reached an all-time high of \$2.1 million, with 179 hospitals (nine-tenths of all non-Federal general hospitals) participating. Geographically, the assistance virtually blanketed the Carolinas, with 83 of North Carolina's 100 counties and 38 of South Carolina's 46 represented. In addition, 43 child care institutions received approximately \$400,000.

In Moore County, \$4,213 was contributed for free care to Moore Memorial Hospital at Pinehurst and \$2,017 for this purpose went to St. Joseph of the Pines Hospital, Southern Pines.

The Duke Endowment is a perpetual trust founded by the late James B. Duke for the "greater good" of North Carolina and South Carolina and "to make provision in some measure for the needs of mankind along physical, mental and spiritual lines."

In addition to aiding Carolina hospitals and child care institutions, it provides funds for Duke University, Davidson College, Furman University, and Johnson C. Smith University, and for aid to rural churches and retired preachers.

Four of the worst insect pests the tobacco farmer faces are the horn worm, flea beetle, wire worm and bud worm. With basic State and applied research, entomologists at State College are developing weapons against these pests.

Planetarium to Offer 10 Programs of Special Interest to Science Students

The Morehead Planetarium's contribution to Gov. Terry Sanford's "quality education" aims for North Carolina is expanded programming for school students.

During the 1961-62 scholastic year, the Planetarium on the University of North Carolina campus at Chapel Hill is offering 10 programs especially adapted to interest, entertain and enlighten children of all grade and age levels in the Sciences.

In addition, the number of scheduled school demonstrations each week is being increased. Even more will be presented any time reservations warrant.

On October 12 For instance, when President Kennedy visits Chapel Hill on October 12, school programs are now scheduled at 11:00 a. m., 1:00 and 4:00 p. m. Reservations will be necessary for them, as for all school programs, and if the number of reservations is sufficient, extra programs will be given that day.

Already more than 10,000 1961-'62 schedules of presentations have been mailed to school officials, teachers, organizations, travel agencies and interested patrons.

And an extra informative mailing of about 5,000 pieces will go out each month to schools in the two Carolinas and Virginia.

Mailed about two weeks before each new program, these announcements will digest the upcoming demonstration, tell which grade level children it is suitable for, and give hours of presentations.

Five Programs This school year, five programs are being offered which will benefit children in all grades, four to children in grades 7 through 12, and one for grades 4 through 12, and

one for grades 1 through 4.

The latter, a basic program designed to heighten interest of elementary grade children in astronomy, is titled "Sun, Moon, Planets." It is offered every Wednesday and Friday, except during December and April, at 10:00 a. m.

The programs aimed at grades 7 through 12 are "Meteors, Fireball, and Bolides," opening November 7; "Red Giants to White Dwarfs," opening February 13; "Hurricanes," September 1962; and "Carolina Moon," now being given daily through October 9, this year.

All Grade Levels The programs for all grade levels and ages will be "Star of Bethlehem," opening November 28; "Scouting the Skies," opening January 9; "Easter, the Awakening," opening March 27; "Planets on Parade," opening May 1; and "YOU on the Moon!" opening June 1.

Furthering the Morehead Planetarium's cooperation in "quality education," if requested, the staff will arrange for school groups with reservations to tour another UNC department while on campus. They are: Ackland Art Center, Anthropology, Botany, Chemistry, Classics, Computation Center, Music, Naval Science, Pharmacy, Physical Education and Athletics, or Television.

As usual, one teacher or chaperone will be admitted to the programs free with every ten paid student admissions.

At all programs children through 11 years old, or grade six, and all National Youth Groups members are admitted for 35 cents each, students in grade 7 through college and military personnel for 50 cents each, and adults for 75 cents. Clergymen

are always admitted free.

On Football Saturdays

The adult versions of the school programs are presented daily at 8:30 p. m. and at matinees on Saturdays and Sundays. On football Saturdays at Chapel Hill, the afternoon matinee is delayed till after the game. The Saturday morning matinee scheduled at 11 a. m. prevails throughout the season. No reservations are required for the public programs.

The Morehead Building's art and science galleries are open daily from 2:00 to 5:00 and 7:30 to 10:00 and may be viewed without charge before or after the programs.

SUDAN TEMPLE BOWL

Carolina, State Freshmen to Play In Benefit Game

The freshman teams of Carolina and State will meet for the second consecutive year in the Sudan Temple Bowl Game, according to Herbert B. Ruffin of Raleigh, game chairman.

"Strong legs run that weak legs may walk" will again be the theme for the game, staged annually for the benefit of the

Greenville, S. C., unit of the Shriners Hospital for Crippled Children. Kick-off time is set for 3 p. m., Friday night, September 29, in Raleigh's Riddick Stadium. The State frosh defeated Carolina in 1960, 28-14.

This annual game began in the late 1940's as the Orphanage Bowl Game between the teams of Oxford Masonic Orphanage and Raleigh's Methodist Orphanage, and was changed to the Sudan Temple Bowl Game in 1958.

Scientists at North Carolina State College are studying a host of methods to help the tobacco farmer control insects.

FRIDAY

A New World of Worth from Chevrolet for '62!

'62 Impala Sport Coupe—with a roof line that looks like a convertible's

'62 CHEVROLET Rich new styling with Jet-smooth ride!

Here's everything a car fancier could want. Fresh-minded style that comes to a climax in the sportiest sport coupe you've seen yet. A road-gentling Jet-smooth ride. A new choice of V8 skedaddle. Rich Body by Fisher interiors. Beauty that's specially built to stay beautiful. Here in '62 is more than ever to please you from the make that pleases most people.

It's like owning an expensive car without the expense. Check it over from its clean-thrusting prow to its rakish rear deck. Then—head for the open highway. That sittin'-on-satin feeling you get is Chevrolet's famous Jet-smooth ride at work. The standard six and V8 are triggered to do special things on regular gas, and for real hair-trigger reflexes you have a choice of four optional-at-extra-cost V8's with out-

put all the way up to 409 hp. ■ New steel front fender underskirts guard against corrosion. Even the heater and defroster come as standard equipment this year. This is the kind of car that will make you feel luxurious all over, and your Chevrolet dealer will be only too happy to show you how easy it is to have one of your own.

Corvair Monza Club Coupe

THE '62 CORVAIR MONZA

The car that puts sport in the driver's seat!

Step right up and meet the latest version of the car that's proved its mettle in the fiercest competition going—'62 Corvair. Bigger new brakes team up with Corvair's renowned rear-engine traction for just about the surest footed going on the road. A new Monza Station Wagon makes its debut. And all models sport freshly tailored upholstery inside matched by sassy new styling accents outside.

Chevy II 500 2-Door Sedan

HERE'S THE NEW CHEVY II

Modern basic transportation in a totally new line of cars

Here are all the solid, time-tested virtues you know you can count on from all the Chevrolet family—plus some surprises you've never seen on any car before. A full line of saucy new-size models, each built a new way for easier service and maintenance. Thrifty? Choice of a frugal 4- or spunky 6-cylinder engine (in most models). Roomy? Sedans seat six solid citizens. Price? A real pleasant surprise!

See the '62 Chevrolets, the new Chevy II's and '62 Corvairs at your local authorized Chevrolet dealer's
