## TEERING OFF \* WITH deNISSOFF

### "Tennis et Golf"

The title of a Paris-published slick magazine covering the two above specified sports is appropriate to the scene at the Pinehurst Country Club these days. The welcome thud of balls smacking the superb clay courts near the Club revives happy memories of earlier years when galleries packed the bleachers to watch such tennisists as the red-headed Budge brothers—Don and Lloyd—Elsworth Vines, Virey Richards, and the fiery little Filipino, Wayne Sabin, display their virtuosity and temperament during "tennis week."

Spectators not only saw ranking national and international professionals perform, but were also treated to an exciting week of matches between top-seeded amateur collegians.

Players-for-fun regularly seen on the courts during the fall, spring and early summer seasons 'way back included Alice Vail (Mrs. Richard) Tufts and her brother, Herby Vail, Liv Biddle, Don Sherrerd, Judith Jenks (Mrs. Van Buren Isley) and Ed King.

Congratulations to the new Pinehurst Tennis Club, formed last season with Dot Sneed as

chairman, and to Pro Joe Roddey on his excellent work in whipping young future champions into shape.

### "First Family" Honored

A Pinehurst Country Club members' tournament established seven years ago, the Tufts Memorial, scheduled for Thursday, honors the memory of members of Pinehurst's first family, as far back as Founder James W. Tufts.

If James's son, Leonard ever actively participated in Pinehurst's principal industry—golf—we don't recall it, but he kept his finger firmly on the pulse of the resort and even when housebound for several years because of illness, was acutely aware of and helped direct the activities which have made this the World's Golf Capital.

"Mr. Leonard's" hobby was cattle; in his time, Pinehurst maintained an excellent dairy. He was one of the pioneers of the Ayshire Cattle Club, devoted to the work of proving sires. Pinehurst cottager, John Sibley, owner of a fine almost century-old cattle farm near Spencer, Mass., tells us that a photograph of Leonard Tufts was placed, after his death, in the Dairy Shrine out in Iowa.

## Pinehurst School Highlights

By Gene Maples and John Barry

Pinehurst High School has been a maze of confusion during the past weeks. Mr. Hemmer has been here to take pictures for the Rebel, our school annual. He photographed members of all the clubs, special activities groups, and senior superlatives. We borrowed everything from racoon coats to Chevy convertibles for the pictures.

The Rebel staff is now working hard to meet the annual's deadline, and to keep its grades up. We think the Rebel is going to be the best yet.

### Basketball Teams Win

On Friday night the Pinehurst girls' and boys' basketball teams played their fourth games of the season at Cameron. The girls' game was close, but Pinehurst came through with 46 to the opposing team's 42, giving our girls four wins and no losses. Judy Cameron, with 24 points, was Pinehurst's high scorer.

Our boys seem to play their game in the last few seconds. The Rebels were trailing Cameron until the fourth quarter when they started narrowing the margin. With scores tied at 36, Gary Cameron was fouled with four seconds left to play. He received two free throws and made the one shot to break the tie and make the score 37-36, with Pinehurst boys also undefeated so far.

Top scorers for our side were Marshall Lewis with 13 points
