

Coltrane, Ballentine to Speak During Meeting of N. C. Peach Growers Society

T. Clyde Auman, president of the North Carolina Mutual Peach Growers Society, announces that D. S. Coltrane, chairman of the State Advisory Budget Commission and L. Y. Ballentine, commissioner of agriculture, will speak at the annual meeting of the Mutual Peach Society to be held Tuesday January 23.

The program will begin at 9 a. m. at the Sandhills Peach Research Station near Jackson Springs with a discussion on peach production and peach diseases, and a movie on mechanical harvesting of peaches. The morning session will conclude with a tour of the orchards at the research station.

Mr. Coltrane will address the group at lunch. A former commissioner of agriculture, director of the budget and director of administration, he will review what the State has done to support peach research.

The afternoon program will include a tour of commercial exhibits and demonstrations of or-

chard equipment which will be on display. This will give the commercial representatives an opportunity to talk with the individual growers. A business session will conclude the afternoon program.

Commissioner Ballentine will speak at the annual banquet at which "pioneer" peach growers of the 1910-1920 period will be guests. There are 28 of these growers. It is hoped that all these pioneer peach growers and their wives will be able to attend the dinner and program beginning at 6:30 p. m. in the East Montgomery High School Cafeteria between Candor and Biscoe.

CARD OF THANKS

We wish to thank our neighbors and friends for the many kindnesses shown us during the illness of our Father, and for the expressions of sympathy at his passing. We deeply appreciate each one.

Otto Edwards Dies in Alabama

Otto Edwards of Jacksonville, Ala., a former resident of Southern Pines, died unexpectedly in his sleep January 9, according to information sent to The Pilot.

For several years after World War II, Mr. Edwards and his family lived in Southern Pines, while he was working at Fort Bragg. For the past six years, he has had a similar position at Fort McClelland, near Jacksonville, Ala.

When the family lived in Southern Pines, the children attended local schools. The family attended the First Baptist Church here.

Surviving are Mr. Edwards's wife, Mary; his mother, sister and four children, Anna Graham, Carolyn, James and John.

More than 25 million out-of-state visitors to North Carolina in 1961 set a new travel record for the Variety Vacationland State, the Department of Conservation and Development announced in a year-end summary of the State's third largest industry.

Premeasurement Rates Set; Other ASCS News Told

By WALTER I. FIELDS
ASCs Office Manager

The Moore County Committee has set the following rates for premeasurement in 1962: tobacco \$3.00 plus \$1.25 per acre with a minimum of \$9.25 per farm; all other crops such as cotton and diverted acreage, \$3.00 plus 80 cents per acre with a minimum of \$9.25.

The final date for requesting premeasurement has been set as February 15, or whenever 200 requests have been filed.

New Grower Allotment
The deadline for accepting an application for a 1962 "New Grower" tobacco or cotton allotment is February 15.

Grain Price Support
The last day for obtaining a Price Support Loan on most 1961 crop grains and related crops will be January 31. Corn loans may be available through February 28.

Cotton Acreage
Allotted cotton acreage must be either planted or released if history acreage is to be preserved.

If the allotment is not going to be planted this year, it should be released to the county committee in order that it may be reapportioned to other farmers in the county requesting additional acreage and hold in Moore County the cotton allotment that now is ours.

Anyone desiring to make a request for additional cotton acreage for 1962, from released acreage should make his application at the ASCS county office in Carthage as early as possible. If your request is filed early then the committee will be in a position to know the situation on acreage available and possibly be able to get additional acreage from the state office is justified.

Information Leaflets
Attached to newsletter of regular community committees are two leaflets, titled "Food is a Good Buy" and "Your Food is Good Food." These leaflets give good information concerning food and the food situation. This should be helpful in talking about the farm program, particularly with non-farmers.
