2 Young Farmers At 'Short Course'; Banks Pay Costs

By: F. D. ALLEN
County Agricultural Agent

Two Moore County young farmers are attending a short course in Modern Farming at North Carolina State College January 29-February 9. Frank Bryant and

Robert Hendricks, both of Route 2 Carthage are now attending this short course which is conducted by North Carolina State College School of Agriculture and sponsored by the Agricultural Committee of the North Carolina Bankers Association.

These two young men will have an opportunity to get the latest information in farming from the North Carolina Experiment Station by going on tours to see the

experimental work that is going on in poultry, beef cattle, dairy cattle, swine, tobacco, cotton and other farm operations.

Each person attending the short course will have his own farm analyzed by a specialist at State College. A soil sample from each field which will be planted to crops was carried to the short course by each student. These samples will be analyzed and discussed personally with the stu-

dent to help him get the most information about his farm.

Local banks paid the expenses of these two men to attend the short course. The Carolina Banks of Pinehurst, Aberdeen, Carthage, West End and Vass paid Robert Hendricks's expense and the Citizens Bank and Trust Company of Southern Pines paid Frank Bryant's expense. The total cost to each bank to send a delegate is \$64.
