The Carthage Hotel will be the place of the meeting which begins with a 6:30 p. m. supper. The formal part of the program begins at 7:30.

on "An Analysis of Disabling Injuries in North Carolina Sawmills." Other speakers will include: Billy Creel of Raleigh, safety engineer with Bituminous Casualty Corporation; R. B. The oldest incorporated trade association in the country, the United States Brewers Association, was organized in 1862... the same year that

IN NORTH CAROLINA the much-feared Union ironclad Monitor, limping southward after its sea-duel with the Confederate Merrimac, sank off Cape Hatteras. As news spread throughout the South, steins of foaming beer toasted the sinking of this worthy foe.

For then, as now, beer was the traditional beverage of moderation—light, sparkling refreshment that adds a touch of Southern hospitality to any occasion. North Carolinians have always enjoyed the good fellowship that goes with every glass.

TODAY, in its centennial year, the United States Brewers Association still works constantly to assure maintenance of high standards of quality and propriety wherever beer and ale are served.
