

**Two SPHS Grads on Dean's List at King's**

Two 1961 graduates of Southern Pines High School made the dean's list for the winter quarter at King's College, Charlotte.

The two Southern Pines honor students are Miss Glenda Frye, daughter of Mr. and Mrs. Howard W. Frye, Route 3, Carthage, and Miss Mary Ann Sullivan, daughter

of Mr. and Mrs. John D. Sullivan, 290 Midland Road. Both are taking the general business secretarial course at King's College.

**HIGH HONORS**

Ronny Brown, son of Mr. and Mrs. W. L. Brown of 465 E. Indiana Ave. in Southern Pines, received High Honors at the McCallie School in Chattanooga for his academic achievement during the past six week period.

**Hoke County Becomes New Member of Sandhills Development Association**

The Sandhills Area Development association, a four-county regional development group since its formation in 1958, has become a five-county group with the addition of Hoke to the charter membership of Moore, Lee, Montgomery and Richmond.

Hoke's acceptance of the SADA's invitation to join, and its incorporation in the organizational structure, were announced last week by Neal Cadieu of Rockingham, president.

T. B. Upchurch of Hoke County has been added to the roster of county board chairmen, others of whom are Norris L. Hodgkins, Jr., Moore; Harold Mansfield, Lee; Bob Dozier, Montgomery, and James Allred, Richmond.

Upchurch has also been added to the agriculture committee, headed by Clay Bruton of Montgomery, and Neil A. McDonald of Hoke to the travel and recreation committee headed by Al Folley of Moore.

Hoke has joined in time to take part in the year-long community development program, which is just now getting under way with several new communities being organized in all the participating counties.

**To Meet in Moore**

The new member county will also be fully represented at the next quarterly SADA meeting, for which Moore will be the host on Wednesday, April 25. A tour of attractions in upper Moore county is being organized under the chairmanship of Fleet D. Allen, climaxing with a supper to be

held at Westmore School. Details of the meeting will be announced soon.

A minimum of at least 50 people is expected from each member county. In getting up the groups, contacts will be made through home demonstration clubs, community development clubs, civic clubs, chambers of commerce and other groups interested in development and progress of their own areas and the region.

Plans were discussed at a luncheon meeting of the executive committee held recently at the Howard Johnson Restaurant here, with President Cadieu presiding.

**Progress**

Earl Key of Richmond County, community development committee vice-chairman, reported for the chairman, Mrs. D. W. Hurley of Montgomery, that gratifying progress is being made. Key said he had visited clubs in three counties and was well pleased with the responsibility being assumed by each of the county chairmen in charge of this program.

Al Folley, travel and recreation chairman, reported that 35,000 to 40,000 of the brochures printed by SADA last year had been distributed. The possibility of a cooperative program with the agriculture division, inviting families from some of the larger cities to "live on a farm for a week" was discussed and found promising.

Glenn Lee of Richmond, chairman of industrial development,

**Mrs. Lambert of Carthage Rt. 3 Dies**

Mrs. Mary Alice Lambert, of Route 3, Carthage, died Friday. Funeral services were conducted Sunday at 2:30 p. m. at Smyrna Methodist Church near Robbins by the pastor, the Rev. Clarence Garner, assisted by the Rev. Melvin Williamson. Burial followed in the church cemetery.

Mrs. Lambert is survived by two daughters, Mrs. Ronnie Bishop of Asheboro, and Mrs. Bidge Kidd of Stanley; two sons, Marvin Lambert of Worthville, and Authar Lambert of Butner; three sisters, Mrs. Annie Hussey of Robbins, Mrs. Sarah Hussey of Asheboro, and Mrs. Frances Smith of Asheboro; one brother, Jonah Ritter of Asheboro, and 15 grandchildren.

reported on a labor survey recently conducted for an industrial prospect at Southern Pines, indicating a splendid reserve of labor in the area which should prove of great benefit in future industrial development. During the survey, some 3,700 applications were received for 600 positions.

**Agriculture Brochure**

Austin Garris of Montgomery reported for Agriculture Chairman Bruton, who was absent, that the agriculture brochure was being held up to see whether or not additional counties would affiliate with SADA. With Hoke accepting the invitation to join, and Scotland declining for the present, there appeared to be no further reasons for delay. W. C. Williford of Hoke said the brochure as presently developed was fully acceptable to Hoke, and that his county could fit well into this as into the other division programs.

The printing of 6,000 brochures at a cost not to exceed \$200 has been approved, and John Crawford, State College Extension Service community development specialist, will cooperate in the preparation and completion of the proofs.

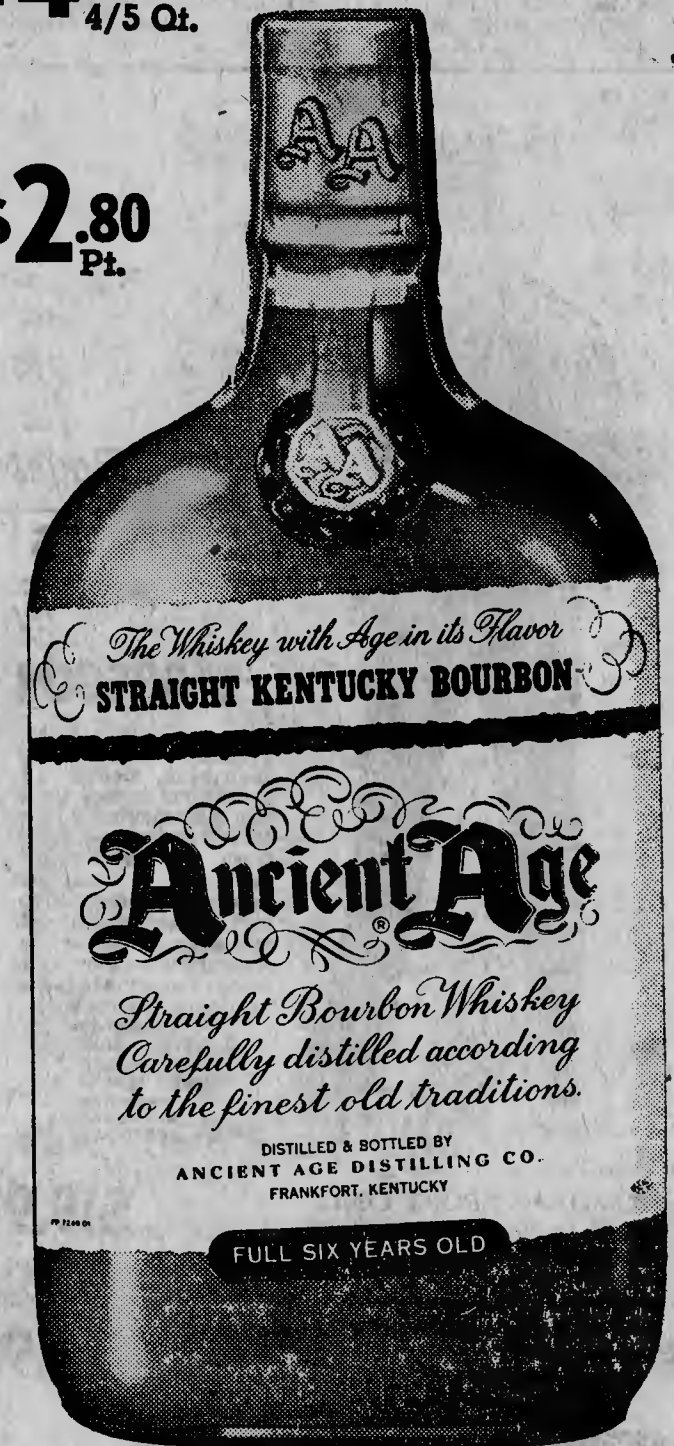

Crawford, who was present at the meeting, advised the appointment of a committee to choose a symbol for SADA, to be used on all brochures, signs, programs, etc., also that the program could be strengthened by the holding of more meetings on the county level, and by getting more people out to the tours and programs held in the various member counties.

Raccoons which have been marked and released by wildlife management personnel have been known to travel as far as 75 miles from the point of their release.

**BEAUTYREST...Greatest mattress value on earth costs only a penny more a night than a "bargain" mattress**

Since one-third of your life is spent in sleep it pays to sleep well. And if you'll pay only a penny more per night (the price of a stick of gum) you'll assure yourself the best rest a body ever had, a sound refreshing sleep on Beautyrest. Why settle for the questionable comfort, the questionable economy of a so-called "bargain" mattress when buoyant, body-supporting Beautyrest can fit so well into any budget. And Beautyrest is truly economical . . . lasts 3 times longer than ordinary mattresses, a fact proven by durability tests conducted by the United States Testing Company. So to sleep well sleep on Beautyrest.

**SEE NEW 1962 BEAUTYREST MODELS NOW ON DISPLAY**

Ordinary mattresses have 200 to 300 wired-together springs. Push one down . . . and the other nearby springs sag down too. They can't support body hollows . . . give a "hammock" kind of sleep.

Beautyrest has over 800 individual springs . . . not tied together . . . each is in separate cloth pockets. Each spring works independently to push up under the back . . . give firm, buoyant support to all parts of the body.

**TERMS AS LOW AS**

**\$2.00 Per Week**

Tufted or quilted, regular or extra firm, twin or full size only **\$79.50**

Matching boxspring also \$79.50
