H. Blake Heads Lions Club; Other Officers Elected

Officers, elected at the meeting of the Pinehurst Lions Club, held last Wednesday at Laverne's Grill, will be installed late in June.

Elected president was Harris Blake; secretary is W. Graydon Spivey; treasurer, Thomas R. McKenzie; first vice president, Lewis S. Cannon; second vice president, John L. McKenzie; third vice president, Bert Stutts; lion tamer, Hobart Williams; tail twister, Tom Garneau.

Directors named to serve a one-year term were William B. Alexander, Everett Horrell and Keith Wedlock; to serve for two years are John Hemmer and Melvin Wicker.

The speaker, Joseph I. Scott of Southern Pines, introduced by Thomas R. McKenzie, told the group about the Safe-Driver Award plan, informing them that awards are given to persons having no driving accident convictions over a three-year period. They also pay a basic insurance rate, less 10 per cent.

Illustrating the dramatic rise in insurance rates for those persons convicted of accidents, Scott told the Lions that rates after one accident conviction rise five per cent; for two, 50 per cent is added to the basic rate, and for three 150 per cent.

OFFICERS ELECTED Republican Teen-Age Club Organized Here

The Pinehurst Teen-age Republican Club was organized Wednesday night, April 25, under the direction of Wallace W. O'Neal, Republican candidate for County Commissioner. The 22 members present at the meeting in the Chapel Hall were made charter members.

Mr. O'Neal gave a brief talk on the need of a two-party system and announced plans for the club. During the next three Saturdays, club members will be in front of the Pinehurst Post Office, the A & P and the Carolina Bank to ask people to register regardless of party affiliation.

Officers were elected as follows: president, Heidi Gramelsbach; vice president, Ann Stevens; secretary-treasurer, Ann Hussey; social chairman, Belinda Gilbert; membership chairman, Mary Melcher.

Following the business session, refreshments were served and those present enjoyed dancing until 10.

At the next meeting in June, it was announced that a prominent speaker will be present to discuss the role of young people in our political system today.

Membership in the club is open to teen-agers between the ages of 13-18.

Citizens' Role in May-June Savings Bond Drive Noted

Moore County will participate in the 1962 "Freedom Bond Drive" in Series E and H bond sales, L. B. Creath, chairman of the volunteer bond committee for this county announced today. Sales from the first of the year through June will count toward the quota. The intensive drive will be centered in May and June.

Besides dollar sales, the participation of more families in a regular bond-buying program—with extra purchases during the drive period—is urgently needed, Mr. Creath said. And he added: "The question for each of us is: 'What can I do to help the cause of peace and freedom?' It is a question of survival of our way of life against a triple threat: military, ideological and economic."

"Selling more Savings Bonds helps our Treasury meet the mounting costs of keeping the peace—in a way that braces our economy against the strains that defense puts upon it. And we know that a strong economy is the base upon which our military and ideological force both rest. We have to keep showing the uncommitted peoples of the world that our kind of economic system, under the four freedoms, still produces more benefits for more people than does the communist way. Propaganda won't prevail over positive proof," the county bond chairman noted.

BE ALERT

When you see an older person when driving, be extra alert. He could be in extreme danger. Elderly people are slow. Often they can't hear or see too well. Their safety near traffic depends on you. The North Carolina Department of Motor Vehicles says cautious driving may save a life.

If you are a smart car owner you have seat belts—and use 'em—everywhere you drive. The North Carolina Department of Motor Vehicles says cautious driving may save a life.

The tariff structures recently established by the European Common Market provide for a minimum tariff of 13.2 cents per pound of tobacco, with an ad valorem tariff of 28 per cent and a maximum tariff of 17 cents per pound.
