

TRACK WINNERS—The five Southern Pines Junior High School boys pictured standing were all first place winners in last weeks junior high track meet with students from Aberdeen and Carthage seventh and eighth grades. Left to right, with the event in which they won, Doug Harris, shot put; Harry Webb, pole vault; Johnny Rowe, 440-yard run; Chippy Clippard, 880-yard run. Kneeling in front is John Daughtry who throws the discus but had no competition from the other schools in this event. (Bob Madigan photo)

Precinct Committees Named Saturday By Moore Democrats Over The County

Biennial meetings were held in all 19 Moore precincts Saturday afternoon, for the election of the Democratic precinct committees. In 18 precincts, the elected committees then followed the regular procedure of holding organization meetings, to elect their officers—chairman, vice chairman and secretary. In one precinct—Pinebluff—County Chairman W. Lamont Brown said there had been several irregularities in the election procedure on Saturday. At another meeting Wednesday night, with Mr. Brown present, the organization was completed and irregularities in the Saturday procedure corrected. Those elected were Billy Carpenter, designated as chairman; Mrs. Eston Deaton, Mrs. Timothy Cleary, Jim O'Quinn and K. G. Deaton. Committees reported to Chairman Brown by this morning are, with chairman, vice-chairman and secretary named in that order, followed by the names of two regular members: ABERDEEN—H. Clifton Blue, Mrs. W. T. Wooten, Mrs. H. P. Boyette, Forrest Lockey, F. D. Shamburger. BENSLEM—Harold Blue, Mrs. Neil Kennedy, Bill Foley,

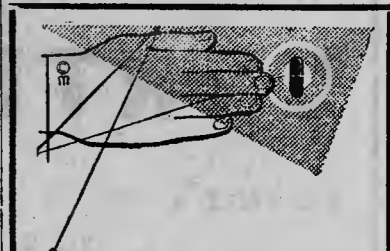

176 PLAYERS

(Continued from Page 1) includes all greens fees and the full round of entertainment. The championship flight will consist of the low 16 players. Other flights will be eight players each. Prizes will be given to the champion and five runners-up in the championship flight and to winner and two runners-up in the other flights. The local lodge sponsored two successful May tournaments for Elks in North and South Carolina and Virginia, in 1960 and 1961, but next week's tournament is its first venture on the national scale. Early this year, some 2,000 letters were sent out to all B.P.O. Elks Lodges in the nation, stating that the tournament would be held and a brochure would be sent on request. Such requests were received from 26 states. The states from which entries were received are: North and South Carolina, Virginia, West Virginia, Georgia, Florida, Maryland, Pennsylvania, Rhode Island, Kentucky, Ohio, Indiana, Illinois, Michigan, Nebraska and Texas. Dr. Starnes said the committee is particularly pleased with the many entries from the Midwest states. Numerous golfers are coming from Ohio. Art Ruffin, Jr., who won both the previous Elks tournaments here and is former N. C. Amateur champion, will play in next week's tournament. He plays without a handicap. Other top golfers entered, with handicap indicated in parentheses after their names, include: Mike Marshall (none) of Statesville; Joseph Petrock (1) of Ormond Beach, Fla.; Cecil Bailey (2) of Asheboro; Robby Robinson (2), Indiana State Elks Champion from South Bend, Ind.; Lorentz Hall (2) of Buchanan, W. Va.; Larry Dempsey (2) of Greensboro; Vernon Suitt, Jr. (3) of Hardin, Ky.; C. M. Poling (3) of Beaufort, N.C.; and Ted Crouse (3) of Gary, Ind. Outstanding Moore County golfers entered include Bill Woodward of Robbins, many times Moore County champ; and Joe Carter, Jack Carter and Barney Avery, all of Southern Pines. Many of the entries, Dr. Starnes

said, are golfers who have never visited the Sandhills. Some are bringing their wives and making the trip a week's vacation.

STATE OF NORTH CAROLINA COUNTY OF MOORE NOTICE

The undersigned having qualified as Ancillary Administrator, c.t.a., of the Estate of James Roderick Buchanan, deceased, late of Fairfield County, Connecticut, this is to notify all persons, firms or corporations having claims against said estate to present them to the undersigned at 110 North West Broad Street, Southern Pines, North Carolina, on or before the 4th day of November, 1962 or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate payment to the undersigned. This the 3rd day of May, 1962. Howard C. Broughton, Ancillary Administrator, c.t.a., Estate of James Roderick Buchanan, Deceased. M3,10,17,24c

Council Approves Change in Zoning For Small Tract

Meeting Tuesday night at town hall, the council approved a zoning change, concurred with Town Manager F. F. (Bud) Rainey in proposed increases in charges for sewer and water taps and granted a beer sales license—all in nine minutes, the shortest meeting on record, noted Mayor John S. Ruggles.

The full council was present: Mayor Ruggles and Councilmen Capel, Hobbs, Johnson and Polard.

No one appeared at the public hearing on a proposal to rezone a small triangular tract of land, located on Pee Dee Road, north of the Pennsylvania Ave. intersection in West Southern Pines, from residential to business use.

Mr. Rainey told the council that of four adjoining property owners, only one had objected. He read a letter from Mrs. G. Curtis Jones, the former Sybil Nettleton and heir to the nearby property of the late Dr. Nettleton, who wrote that she thought the change would spoil existing residential properties. The manager said, however, that he had obtained verbal approval of the change from the three other owners of adjoining property.

The change had been requested by Councilman Capel who proposes to build an office building on the lot.

Mr. Rainey said that putting in water and sewer taps is costing the town more than the current charges to property owners. These charges, he said, have not been raised for years, despite increases in the cost of water meters and other equipment used, as well as labor.

He said he proposes to raise the charges as follows:
Three-quarter inch water tap, from \$65 to \$75.
One-inch water tap, from \$105 to \$125.
Two-inch water tap, from \$300 to \$325.
Sewer tap, from \$50 to \$60.

Also, he proposed a \$20 additional charge, for either water or sewer tap, when the pavement has to be cut.

The council informally approved all charges. The matter did not require formal action.

The beer license was granted to Mrs. Georgia Ferguson for on-premises sale at the North Side Service Station on May St. Approval of the application had already been made by the State and by the local police department, the manager said.

Legion To Elect Officers, Plans Memorial Service

The Sandhills Post, American Legion, met with Commander Charles Sadler at the Park View Hotel for its May meeting Tuesday. The Ladies Auxiliary met at the same place and time for its annual installation of officers for the year 1962-3. (See another story in today's Pilot).

Commander Sadler appointed a nominating committee to present a slate of officials to be voted upon at the Post's June 5 meeting. The commander was authorized to name a program committee to arrange a May 30 Memorial Vesper Service at Mount Hope Cemetery 5:30 p.m., working with similar committees from other organizations.

Trotting Horses Perish in Barn Fire, Pinehurst

Scotch Kin, eight-year old outstanding trotter and winner of the Harness Writers "Horse of the Year" trophy at Vernon Downs in New York State last August, perished in a pre-dawn fire at a Pinehurst track horse barn Friday, along with a promising two-year-old filly, Victoria Bounty.

Horses and barn were owned by H. Arnold Jackson of Pinehurst. Lost also in the blaze that totally consumed the structure was considerable racing equipment.

George Veno, Pinehurst fire chief, said that the alarm was turned in by the operator of a restaurant at the track about 3:35 a. m. He estimated that the fire had been burning an hour or more when firemen arrived at the roof and walls were falling in, the horses were dead and nothing could be saved.

Cause of the fire was not determined, Chief Veno said, but it appeared to be defective wiring. The fuse box serving the barn was in the tack room from which the fire appeared to have spread throughout the barn. He said it was his understanding that the building was insured but that the horses and equipment were not.

Clyde Gige of Southern Pines, trainer of the Jackson horses, said that Scotch Kin made a great comeback in racing in 1960 after a 1959 operation and a career plagued by physical mishaps, tying the all-time mile dash record at Vernon. In 1961, he won 16 out of 20 starts and never placed more than third in any race. Driven by Gige, he won the Governor's Cup at the N. C. State Fair in 1960.

Victoria Bounty was to have been raced for the first time at Vernon Downs in the coming season.

LITTLE LEAGUE

(Continued from page 1) photos and other details appear in a full-page sponsored advertisement.

The new park has been completed except for a concession stand building, although funds are needed to complete payments on the lights and other equipment.

The lighted park, built to national Little League specifications, is designed solely for boys' baseball. The project was begun in August of last year, under a newly organized Little League board of directors of which Dr. William F. Hollister is chairman. The park is designed to accommodate fans who wish to watch games from parked automobiles as well as those who sit in the bleachers.

The Park Committee appointed by Dr. Hollister to plan and supervise construction work is: Joel Stutts, chairman, who was given the Young Man of the Year award by the Jaycees for time and effort spent on the park project; and Woodrow McDonald, John Crowell, Joe Kimball and Shirley Wooster.

Harold Collins and Joe Kimball headed the lights committee. Frank Garlin is chairman of the outfield signs committee.

Many other individuals and business firms contributed money, equipment, materials, labor and time to the park project. "Without the support of these individuals and businesses, the

success of this program would not have been possible," Mr. Stutts said this week.

The local Little League is a chartered member of the National Little League, entitling an all-star team from this league to enter playoffs leading to a national championship game at Williamsport, Pa., the league headquarters.

To remain a franchised member of the national organization, the league is required to follow strict regulations covering age groups of players, recommended selection system, curfew on night games, specific number of games, and pitching and other aspects of play.

REGISTRATION

NORTH SOUTHERN PINES—Fire House.

SOUTH SOUTHERN PINES—Southern Pines Municipal Building.

(The dividing line between North Southern Pines and South Southern Pines Precincts runs east from West Southern Pines on Pennsylvania Ave. to May St., north on May to Connecticut Ave. and east on Connecticut and its extension.)

PINEDENE — Jackson Motors, Inc.

(Pinedene Precinct lies just south of Southern Pines and extends south about as far as Westbrook's Market.)

PINEHURST — Community Hall.

WEST END—Rural Fire Station.

PINEBLUFF — Woman's Club.

ABERDEEN — American Legion Hut.

WESTMOORE — Westmoore School.

ROBBINS — City Hall.

HIGHFALLS — Rural Fire Station.

RITTERS—McConnell.

DEEP RIVER — R.R. Station—Glendon.

BENSLEM—Rural Fire Station, Eagle Springs.

EAST CARTHAGE—Old Printing Office, rear of Shields Drug.

WEST CARTHAGE — Fire House.

CAMERON — Community House.

LITTLE RIVER — Community House.

VASS—Fire House.

EUREKA—School.

DEMOCRATS

(Continued from Page 1)

party affairs in the district and State unless we act with full enthusiasm and energy in the county."

He pointed out that Moore will have only 19 votes at the state convention, and that all seven smaller counties of the reconstructed Eighth District, put together, have only one vote more than Mecklenburg.

2 County School Principals Resign

Two resignations of principals of schools in the county system were announced this week by R. E. Lee, county superintendent.

The resigning officials are R. P. Johnson of West End and T. K. Holmes of Cameron.

Johnson's letter of resignation was sent to Paul VonCanon, chairman of the West End school committee which had recently re-elected Johnson to another year's term of service. No reason was given for the resignation and his future plans were not indicated.

Holmes' letter to Supt. Lee said that he had accepted the principalship of Rosewood High School in the Wayne County system. The letter thanked the superintendent and board of education "for the fine spirit of cooperation that has been given me while in Moore County."

Holmes said his work in Moore "has been most pleasant."

SCHOOL FUNDS

(Continued from page 1)

which, less the \$61,500 listed as on hand for this project, would call for a capital outlay request of \$48,500 now.

The only capital outlay request made for the East Southern Pines schools was for a \$5,000 accounting machine for the superintendent's office, to be used as a central payroll and accounting system and also for instruction of commercial course students. The machine would save the annual salary of another clerk, it was stated.

Graphs showing sharply rising recent and projected pupil enrollment in both East and West Southern Pines were distributed to the commissioners by the Southern Pines officials.

N. L. Hodgkins, local school board chairman, and Supt. Luther Adams presented the Southern Pines capital outlay requests. Appearing with them were three school board members, Mrs. Walter Harper, Dr. C. C. McLean and P. I. York.

Before Mr. Lee presented the county systems capital outlay requests, the commissioners heard an urgent plea from a delegation of some 25 persons that they allot the full \$410,000 needed to let a contract for the Union Pines School. They were told that if the contract, which is being held open to August, is not let this year, it could cost up to \$30,000 more if bids have to be asked again.

In the delegation were school committee members from all the districts to be consolidated in the second "super high school" to be built in the Pleasant Hill area of upper Moore. Paul Greene spoke for the Union Pines group and Jimmy Garner for the others. Garner read a resolution by committees of the Westmoore, Highfalls and Robbins districts stating unanimous agreement on building a consolidated high school to serve the three districts. Also speaking was Mrs. J. W. Kelly of the Carthage school committee who stressed that the people were behind the school committees in their requests.

Capital outlay requests from the Pinehurst school system, totalling \$20,500, largely for a boiler and major renovations, were presented to the commissioners last month.

When all the figures were in, the only comment was this from one commissioner: "All I know is, something's got to give."

RESCUE SQUAD

(Continued from page 1)

partment of Interior (Bureau of Mines) First Aid Course, and have had many opportunities to put their training to use.

Their vehicle equipment consists of an ambulance and an emergency truck or squad car. The ambulance, which will be available for emergency calls, will be fully equipped with all types of first aid items.

The emergency vehicle is equipped with a generator to supply current, oxygen tanks, resuscitation equipment, and numerous tools and supplies to be used in any emergency from getting people out of wells to ripping open a burning bus or car. While they also carry emergency fire-fighting items, they do not fight fires. They will assist the county fire fighting units, however, if called on.

Each unit will supply its own emergency car, which will be privately owned and two-way radio equipped. Members of the Robbins unit have provided their own two-way radio communications in their cars, and have found them to be very effective in keeping their headquarters advised on their location and activities.

Enough broiler chickens were produced in the U. S. in 1961 to give every American a whole fried chicken once a month.
