Toll-Free Service

The Central Telephone Company has extended toll-free service with all of Montgomery County to the West End-Jackson Springs Communities. The more than 250 subscribers and their families are potential customers of the business firms in Montgomery County. Eagle Springs already has such a service and this will take in the entire area of Moore County. Efforts have been made through the years to obtain

a similar service with the towns of Moore County, but without success which has been a disappointment to West Enders.

Derby Winners

The three Cub Scout Dens had an enthusiastic Pack meeting Friday evening when the boys had their Pine Wood Derby. Johnny VonCanon was the winner having the fastest car with Mitchell Currie winning second place and Tim McInnis, third place. eNil Sutphin's car was the most beautiful, complete with spare tire and top and Larry Graham had the most original. Everyone does!

Some folks seem to regard profit as an evil motive. Yet profit is basic to economic growth which creates new jobs and produces more tax dollars.

Consider CP&L, for example. To keep up with the growing need for electricity in our area during the last 10 years, we have invested \$260,000,000 in new facilities.

Where did CP&L get the money? Some of it came from net profits—part of which are plowed back into the business each year. Some of it came from reserve funds set aside to replace old equipment. Part of the money was borrowed. But without profit we could not have built the new facilities necessary to serve our customers.

Nor could we have paid our nearly 32,000 shareholders, about half of them Carolinians, a reason-

able return on the money they have invested as part-owners of our Company.

Provision for taxes for 1963 was \$24.2 million, an increase of \$12.5 million during the last 10 years.

While regulatory commissions do approve rates for public utilities that offer the prospect of a fair profit, companies such as CP&L are not guaranteed any profit whatsoever. It is somewhat like the man who buys a fishing license. He is free to fish but there is no guarantee that he will catch anything. Good management and efficient operation are necessary for any business to make a profit.

Next time you talk about economic growth, remember that profit is both the margin and stimulus for it.
