## 548 Moore Students Will See N. C. State Ballet In Free Performance

The North Carolina State Ballet Company will give two performances in Moore County, Wednesday, November 18, at the Pinehurst School Auditorium. Patron and general admission tickets are now on sale in the county for the evening performance, which will sponsor the performance that afternoon for the school children.

Mrs. A. N. Derouin of Pinehurst, president of the NCSBC and chairman of the Moore County appearance of the Ballet here, explained, "There is no auditorium in the county that could seat all the school children; 548 children will be selected according to the number of tickets sold in each town. Naturally, the children of those buying tickets will be given special priority."

The Children's performance is designed to help the youngsters understand and appreciate the dance as a medium of art and culture, said Mrs. Derouin. North Carolina was the first state in the nation to charter a ballet company. Several states have since followed this pattern. Programs such as the annual Children's Performance of the State Ballet and the State Symphony will help North Carolina to continue as a leader in the cultural world, the Ballet Company president said. She further noted:

"The NCSBC is a non-profit organization of education and service to the Art of Dance and to the state and to its people. The company relies on private donations of funds, performance fees, and membership dues — which have purposely been held at a minimum rate in an effort to develop talents that, otherwise, could not be financed."

"This is only one of the company's many goals; another is the establishment of workshops

throughout the State which will cut down on the travel expense of company members and will also allow more dancers to participate in its program.

"The distance to travel and the limited space of one studio heretofore has been a big restriction in expansion plans. Since February this year, new workshops have been established, one in Fayetteville, and another in Greenville, in addition to headquarters in Raleigh.

"Another goal is to encourage talented people to remain in North Carolina by providing them with greater opportunity for the exercise of their artistic ability."

This is the sixth year for the company, which in the past has given about 19 performances a year, as the only touring company in the State. The goal of an evening of ballet for any community in the State is fast becoming a reality.

This is the sixth year for the give performances over the State from Wilmington to Montreat.

John Lehman, founder and artistic director of the NCSBC, is proud of the fact that most of the ballet performed by the Company is originated in N. C. by North Carolinians. "The Legend of Happy Valley," created by John Lehman, received the Dramatic Award by the Carolina Dramatics Association.

A native of Raleigh, Mr. Lehman has been trained in the dance under such notable teachers as Hanya Holm and Anna Sokolow. After serving in the U. S. Army, he attended the University of North Carolina. He was associated with the Ernie Pyle Theater as dancer and choreographer and was director of "The Lost Colony" at Manteo for seven years.

## Morlands From Panama City Purchase A Home Here For Summer Occupancy

The Col. George P. Hawes Agency announces the sale this week of the Holbrook house on Cherokee Road to Mr. and Mrs. Gilbert Morland of Panama City, Panama, who expect to take occupancy in June. The Morlands have been staying at the Holly Inn while overseeing remodeling of their newly acquired property.

The couple purchased the house from Miss Mary Elizabeth Holbrook of Miami, Fla. and John B. Holbrook of Dayton, Ohio. It was the home for some years of their mother, the late Mrs. F. E. Holbrook and of her daughter, Mrs. Martha Platt. Mrs. Platt, one of the outstanding golfers in this section, died last year.

The cottage is one of the first built here and in the early days of Pinehurst, housed members of the Pinehurst Polo Club. It was bought about 1930 by William H. Watt of East Orange, N. J., who lived there, with his family, until his death in 1947, when

it was sold by his heirs.

Two of the Morlands' daughters are married and living in Panama. Another daughter is studying for her Master's degree in Philadelphia. Their younger son, Peter, 14, attends school in Panama, so the couple expects to spend the winters there for the present. Their older son, Robin, 21, here with them recently, had surgery at Moore Memorial Hospital for a dislocated shoulder, the result of a football injury.

Mr. Morland, who is chairman and owner of the C. B. Fenton Steamship Company in Panama, is a good golfer and has spent several summers here in the former John Hobson house.

He made a special trip here, with his son, Peter, in September of 1962, to join the gallery for the National Amateur Golf Championship at the Pinehurst Country Club, and managed, at the same time, to get in some golf on his own.

## HERE and AWAY
