GIFTS for a very special Christmas

How could there be a more appropriate gift!

The Mother's Ring

For mothers only — a frankly sentimental gift that symbolizes her life, her marriage, her children, her happiness. She'll cherish The Mother's Ring forever because she'll know you could give her nothing more individual, more personal, more significant.

Special occasion or "just because", give her the gift of a million happy memories — The Mother's Ring!

Buy with confidence. ONLY the "Mother's Ring" carries a tag with U.S. Patent #186,183 . . . Look for it.

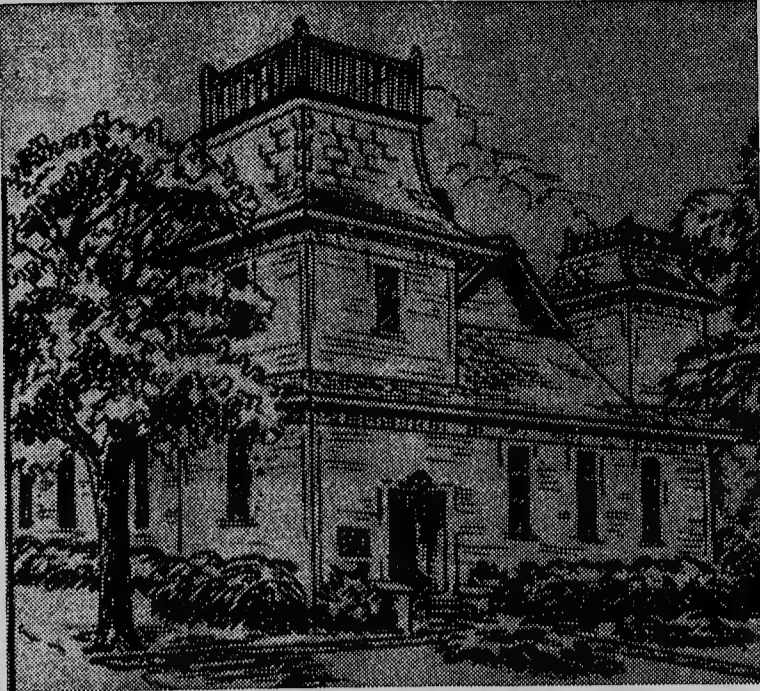

Twin bands of 14 Karat Gold symbolize Mother and Father — joined by lustrous synthetic stones of the month, one for each child in the family

DRAWING OF WEST END METHODIST CHURCH

SERVICES—DINNER SET SUNDAY

50th Anniversary Of Organizing Of West End Methodist Church Slated

The West End Methodist Church in West End and now a part of the new Sanford District of the North Carolina Methodist Conference—will celebrate its Golden Anniversary with homecoming services Sunday, November 29.

The church was organized 50 years ago and a year later the sanctuary was completed at this time of the year.

The service next Sunday will consist of a worship service marking the anniversary of organization of the church, at 11 a.m., to be followed by a fellowship dinner and quarterly conference. All former pastors, members, and friends of the church are invited, said the pastor, the Rev. J. D. Aycock.

The church was organized by the Rev. W. H. Brown who is now living in the Methodist Retirement Home at Durham. The congregation is looking forward to having the Rev. Mr. and Mrs. Brown with them for Sunday's service and to have Mr. Brown bring words of greeting.

A brief history of the organization of the church will be given by Fred Monroe. The sermon will be preached by the Rev. Thomas R. Burns. Mr. Burns for a number of years has been spending part of the fall and spring months in West End. Mrs. Burns is the niece of Mrs. L. M. Morris, one of the oldest members of the church.

Mr. Burns graduated from Reading Massachusetts High School. He received his A.B. and S.T.B. degrees from Boston University and took post graduate studies at Harvard. He served two student charges in Massachusetts and then was pastor in charge of two of the great Methodist Churches in the East—St. placed West End in the Aberdeen-Biscoe charge and returned W. H. Brown as pastor. He has served the church as pastor on three different appointments.

It was during the year 1915 that J. B. Von Canon proposed a church building and gave the land for it. Construction was started promptly and the building was completed around the end of that year. Today the congregation is assembled in that building in its almost original form. Next year the congregation will celebrate the 50th anniversary of the church sanctuary.

However, in more recent years a Fellowship Hall and Education Building have been added. It is the hope of the congregation to renovate the present sanctuary by the celebration next year.

WITH THE Armed Forces

James E. Phillips, Jr., aviation electronics technician first class, USN, son of Mr. and Mrs. James E. Phillips, Sr. of Cameron, is serving with Fighter Squadron 62, aboard the attack aircraft carrier USS Independence, operating in the Mediterranean.

The squadron utilizes the "Crusader" jet aircraft in carrying out its mission of intercepting hostile aircraft and missiles in addition to providing close-air support to ground units and ships of the fleet.

While the squadron was deployed in the Mediterranean recently, they had the opportunity to put the "Crusader" to a test when Russian "Bear" aircraft approached the vicinity of the task force. In the next few days, the squadron intercepted and escorted several Russian aircraft away from the task force.

The squadron is scheduled to return to the United States in November.

Over 30 nations have issued invitations to Project HOPE, seeking medical assistance through the hospital ship SS HOPE. Thus far, the ship has visited Indonesia, South Viet Nam, Peru and Ecuador.

Automotive Engine Course Will Start At Lee Co. Center

The Lee County Industrial Education Center will start a 132-hour or two quarter course in The Automotive Engine on Tuesday night, December 8. Classes will meet from 7 to 10 p.m. on Tuesday and Thursday nights. Total cost of the course will be \$15 which is payable on December 8. The Center is located at Sanford.

Persons interested in enrolling in this course may register by phone or in person from 8:30 a.m. until 9 p.m. on Monday, November 30, and Tuesday, December 1.

Students will have to furnish their own basic hand tools. The center will furnish all necessary special tools and equipment.

Students will study the construction and operation of components of automotive engines; testing of engine performance; servicing and maintenance of pistons, valves, cams and camshafts, fuel and exhaust systems, cooling systems; proper lubrication; and methods of testing, diagnosing and repairing engines. Complete overhaul jobs will be done in the shop.

James Burgess, a mechanic with 20 years' experience, will be the instructor.

The course was announced by A. B. Upchurch, director of the Evening School at the center.

New Publications On Soil Testing Available

The N. C. Department of Agriculture has begun release of two publications that will aid farmers and livestock men with soil problems.

An eight panel folder explains what soil tests mean and are being included with each report since September. Dr. Reid says that supplies of the folder will be maintained and used as long as the needs for the information exists.

The other publication coming from the Soil Testing Division is an eight-page pamphlet dealing with proper soil sampling.

The publications can be picked up at county agents' offices.

If you know somebody, you can get a big

new Dodge Polara for the price of a plain ole Ford or Chevy!

We're the guys to know!

It's true. Any Dodge Boy in town can put you in an all-new Dodge Polara for the kind of dough other guys are spending for Galaxies and Impalas. The price is just one of the exciting things about Dodge Polara. A test drive will show you the others. Dodge is coming on big in '65. How about you?

TAKE THE TIME TO LOOK AT ONE MORE—DODGE!
DART: Everything you want in a compact in full measure... at a compact price.
CORONET: A new kind of Dodge with full room and power for less than the cost of a Ford or Chevy.
POLARA: Moves you up in class, but not out of the low-price field.
CUSTOM 880: Nothing so luxurious at anywhere near its price.
MONACO: America's lowest-priced limited-edition automobile.
TRUCKS: Dodge builds tough trucks! A complete line from compact to tilt-cabs.
