**3-BEDROOM HOUSE**

PLAN NO. 7170

**Plan For 3-Bedroom House Available From Moore Co. Agricultural Agent**

A plan for a low-cost house has been drawn up by the architects and engineers of the U. S. Department of Agriculture's Cooperative Farm Building Plan Exchange and is being made available by the N. C. Agricultural Extension Service.

The design, Plan 7170, uses masonry partitions as well as the exterior walls. The interior is unfinished except for the insulating tile ceiling and asphalt tile floor.

This plan fits three bedrooms, a living room, a kitchen-dining

room, a work area, one complete bath and an additional toilet into 1,173 square feet of living area. This is well within the limits proposed by the Farmers Home Administration for construction loans.

The centrally-located heating unit may be of the space heating variety or may use insulated ducts in the attic. The rear entrance opens directly into the work area. A carport may be added behind the house if desired.

Complete working drawings for Plan No. 7170 may be obtained from your County Agricultural Agent, F. D. Allen, at the Agriculture Building in Carthage.

**A CHILD'S VIEW**

A child's view of things: no one knows what it is precisely; no one can with certainty know what it isn't. It is a happy, colorful, imaginative outlook, whether of ships or parties, of fish or lions.
