

4-H Members Hear About Activities, Attend Workshop

Thirty Moore County 4-H Club members and adult leaders recently attended a demonstration workshop at the Agriculture Building in Carthage. The purpose was to show 4-H'ers and leaders how to plan, prepare, present, and evaluate demonstrations. Opportunities for giving demonstrations and participation in the various demonstration activities were discussed.

Clubs represented at the workshop were Beaver Creek, Cameron Tigers, Carthage, Cedar Lane, Farmers, Progressive, Red Branch, Rose Ridge, Star Route, and Wonder. Four adult leaders were present.

Young people interested in participating in demonstrations are requested to contact their adult leaders or extension agents for further information. County Demonstration Day will be held Saturday, March 13.

The Workshop was conducted by Mrs. Betty S. Morgan, assistant home economics extension agent, and Wayne T. Adams, Jr., assistant agricultural extension agent.

Health Workshop

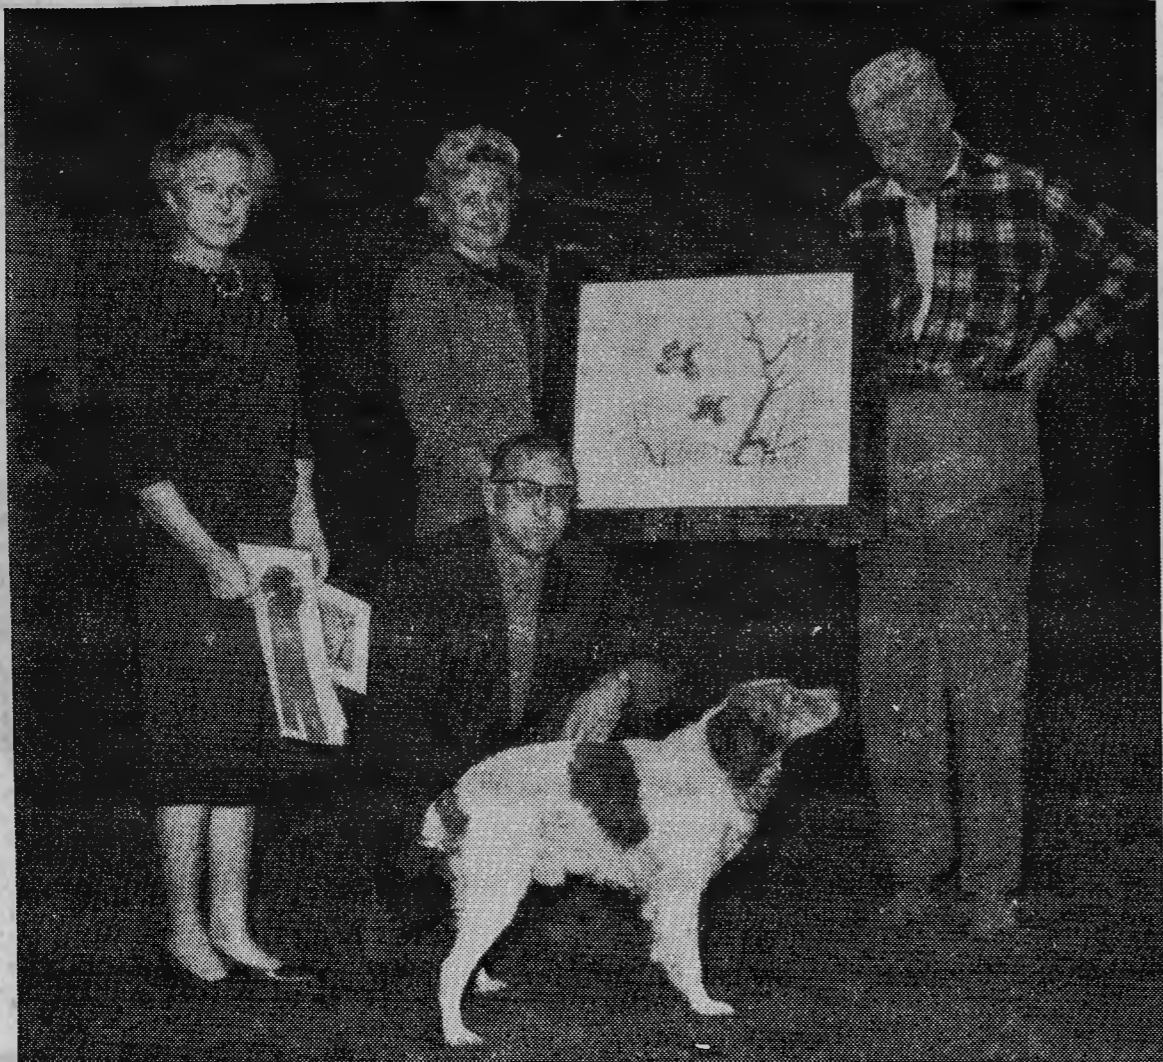

Thirty 4-H'ers attended a Health Workshop held in Carthage by Dorothy Jean Hubbard.

She distributed suggestions of how health activities can be a part of all project work. She made suggestions for clubs and individuals and taught the group some health songs.

A Moore County Health Pageant is planned for June 3 at which time a King and Queen will be selected to represent our County in the State Pageant.

Dorothy Jean is the 18-year-old daughter of Mr. and Mrs. R. L. Hubbard. She is a member of the Carthage Community 4-H Club and represented Moore County last year in the Health Pageant during 4-H Club Week at State College. She placed in the Blue Ribbon Group at this time.

Strokes are no longer hopeless, according to your Heart Association. Invalidism resulting from strokes often can be reduced or prevented through prompt treatment.

TROPHY RETIRED— At the recent Southeastern Brittany Field Trials, held at Pinehurst, the dog shown here, "Helgramite Shamandre," (known less formally as "Shammy") retired the Richard B. Fox Memorial Trophy by winning the Amateur All Age Stake, having won it once previously, in 1963. W. E. Stevenson, Jr., of Attleboro, Mass. (kneeling), is Shammy's owner and handler. Standing left to right: Mrs. W. E. Stevenson of Stamford, Conn., whose

husband, the late Mr. Stevenson, was the former owner of Shammy; and Mrs. W. E. Stevenson, Jr., receiving the trophy from Herbert Fransworth of Andover, Mass., a committeeman of the Southeastern Brittany Field Trial Club. Shammy has won two seconds and a third in the Nationals, which, along with other major wins, makes him the second highest placed Brittany spaniel in the United States. (Hemmer photo)

FEATURED IN SPORTS COLUMN

Williford On First Pfeiffer Team

Harold Williford, son of Mr. and Mrs. Lewis Williford of Niagara, recently was featured in the "Falcon of the Week" basketball column of the college newspaper at Pfeiffer College, Misenheimer. A junior at Pfeiffer, he is a Southern Pines High School graduate. He played basketball in high school here and is now in the starting five at Pfeiffer, playing forward.

The newspaper item notes that Williford exemplifies the fine team spirit that the Pfeiffer "Falcons" have been showing and continues, in part:

"The 6'4" junior was considered to be the Falcons' sixth man when the season started. However, when Calvin Lawson suffered a back injury after the Christmas holidays, Harold moved in to take over and has been a starter ever since.

"Nicknamed 'Stilt' by his teammates, he does not carry an impressive sheet of statistics, but his value to the team cannot be put down in black and white figures.

"He is a fine defensive player and his aggressive style of play seems to have caught fire on the Falcon team this year. . .

"His six straight points in the Newberry game shot the Falcons into the lead and turned a close game into a rout.

"In the Western game, Harold was able to score only four points, but he played an excellent defensive game. . .

"The math major has been consistently scoring in double figures since he started playing regularly and his high point total was 16 in the first Newberry game."

IRS Document Tells About Tax Deductions

There are two ways of taking deductions on 1964 Federal income tax returns, J. E. Wall, director of Internal Revenue for the Greensboro District, advises. Itemize medical expenses, charitable contributions, interest, taxes, and other expenses; or use the standard deduction, either the new minimum standard deduction or the regular 10 per cent standard deduction.

Document No. 5107 which furnishes more detailed information on this subject is available upon request from the Internal Revenue Service at Greensboro.

KEY DATES LISTED

Cotton Acreage Release Program Again Available

The cotton release and reapportionment program is available to North Carolina cotton farmers again in 1965, reports Walter I. Fields, manager of the Moore County Agricultural Stabilization and Conservation office in Carthage.

Under this program, farmers who will not grow all their cotton may release it to the county ASC committee. This released cotton is then reapportioned to other farms in the county that request additional acreage.

If the county does not use all its released cotton, it is released to the State ASC Committee and they reapportion it to other counties.

In order to fully preserve his cotton allotment, a farmer must plant or release at least 75 per cent of his allotment every year.

The final date for releasing cotton is March 5. The final date for requesting additional cotton is February 19. All cotton farmers who will release or request cotton are reminded of these closing dates, Mr. Fields said.

Ronald Ganis At UNC After Three Years In Marines

Ronald J. Ganis, son of Mr. and Mrs. Joseph F. Ganis of Harrisburg, Pa., former Southern Pines resident, has reentered the University of North Carolina, after completing a three-year tour of duty in the Marine Corps.

A 1961 graduate of Southern Pines High School, Ganis served in the Marine Corps as an airborne radio operator and has 36 jumps to his credit. He attained the rank of lance corporal.

During his enlistment, he completed a radio operator's course at Camp Lejeune, an airborne course at Fort Benning, Ga., and a radioman's course at Norfolk, Va., in which he was an honor student. He was in Cuba for a 120-day tour of duty that included the historic Russian missile crisis.

At UNC Ganis has been selected as one of the student managers of the football team. He had begun his studies at the University before entering the Marine Corps.

His '65 Ford rides quieter....than his Rolls-Royce

Tests proved it.* Does this mean Ford now rivals one of the world's most wanted luxury cars? Hardly! But these tests do mean plenty—to you—if you're shopping for a popular-priced car. They prove Ford has outstanding strength, design, quality. Compare Ford, in every way, with everything in its class . . .

Feel Ford's solid quality

- 100% new body—strongest ever on a Ford.
- New frame "tunes out" vibration.
- New suspension puts a big ultrasoft coil spring at each wheel.

Inspect Ford's luxurious new LTD models

- Decorator interiors, thick nylon carpeting.
- Walnutlike vinyl inserts on doors and instrument panel.
- Rear-seat center arm rests, five ash trays (4-door hardtops), padded instrument panel, and more.

Relax in Ford's spacious interiors

- Swept-back instrument panel, lower transmission hump.

- Trunk holds four 2-suiters standing upright, and more.
- Test Ford's new power
- Big, new 289-cu. in. V-8 standard in XL's and LTD's.
- New Big Six—biggest Six in any car. Test-drive a '65 Ford!

*Leading acoustical consultants conducted tests in which 1965 Fords (Galaxie 500 Sedan, XL and LTD Hardtops) with 289-cu. in. V-8 engines and automatic transmissions rode quieter than a new Rolls-Royce. These tests were certified by the U.S. Auto Club.

Best year yet to go Ford!
