## What a Piece of Work is Man!

Human beings are of all sizes, but the tall man is less common than the short; only one in every 202 exceeds the beight of six man should weigh from twentysix to twenty eight pounds, a proportion that is not the lot of all in these hurrying, scurrying days. An average-sized man weighs 140 pounds; a woman lunatics are below those of sane February, " people. Ano her unexpected March, thing in this respect is that a April, negro's skeleton weighs more May, than that of an Englishman.

The vitalizing power is the July, blood, a drop of which takes but thirty-two seconds to go the round of the body. There passe through the heart once ever three minutes an amount of thi precious fluid equal to all that is The Citizens and People contained in the body. The mileage of the blood circulation reveals some astonishing and Will take notice that I have no undreamed of truths. It is esti connection with any other busi- mated that, assuming the aver

The teaching of experience indicates that accidents are far more likely to occur to the right leg and arm than to the left. Further advice of this fact is supplied by the makers of artificial limbs; they dispose of many more appendages to the right side of the body than to the other. Statistics show that in fifty-four cases out of a bundred the left

leg is stronger than the right. If a man could move his legs proportionately as last as an ant he would travel not far from 800 miles an hour -London Mail.

## A Clean Sweep.

We North Carolini ans thought we did pretty well on the 8th of November, but it was not a marker compared with the clean shucking in Florida. In that State 32 Senators and 68 Kepresentatives were elected to the Legislature, and every single one of the 100 is a Democrat. That was doing business right .-Charlotte Observer.

Story of a Slave. To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two hottles of Electric Bitters, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases qu'ckly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle working medicine is a godsend to weak, sickly, run down people. Every bottle guaranteed. Only 50 cents. Sold by Hood Bros., druggists.
