Prof. B. W. Young and Elder J. A. T. Jones are the oldest teachers attending the Institute. Prof. Young has been engaged in school work for 43 years and Mr. Jones 36 years. They are both excellent teachers and have done much towards educating the young. They are in love with their work, without which no teacher can hope to succeed.

Mr. John E. Edgerton, of Kenly, was in town Tuesday. He has been attending Vanderbilt University at Nashville, Tenn., for the past three years and is now at home for his vacation. Professor Harper, principal of Kenly Academy, is building up an excellent school at Kenly. No teacher in the county is doing better work than Prof. Harper. May the next session of both schools be better than ever before.

### Smithfield and Selma Play Ball.

Last Friday afternoon Smithfield and Selma played an interesting game of ball on Selma's diamond. It was a close game from beginning to end and resulted in a victory for Smithfield, the score standing 12 to 11. Among the good plays made were Gorge Vick's home run and Jones' catch in right field. The batteries were: Smithfield, Holmes, Radford and Randall; Selma, Robert Noble and Mitchener.

### Smithfield Wins Second Game.

The second game between Smithfield and Selma was played at Turlington Institute Park Wednesday afternoon. Smithfield was first to the bat and made five runs on Selma's costly errors. The Selma boys didn't score in the first inning. Both teams got a goose egg in second inning. Each side made one run in third inning. In the fourth both drew blanks. In the fifth Smithfield made one run and Selma again failed to score. In the sixth both teams were shut out. In the seventh Smithfield scored twice while Selma drew another blank. In the eighth both teams scored while both were shut out in the ninth. The score stood 10 to 2 in favor of the home team.

The features of the game were Hood's champion pitching and Grantham's catch in centre field. Albert Noble also made a pretty catch in centre field. Rose also did some fine work behind the bat.

### Score by innings:

	1	2	3	4	5	6	7	8	9	R	H	E

## Congressman Pou Talks to Teachers.

The teachers of the county, together with a large number of our citizens, had the pleasure of hearing Congressman Edward W. Pou deliver an address on "The True Aristocrat of the Twentieth Century" in the court house here Wednesday evening. It was a masterly address, filled with rich thought and eloquently delivered. The large audience was pleased and all went away feeling that they had learned something of worth, feeling that money-getting is not all of life.

A mere synopsis of the address would not do it justice. It was filled with terse and epigrammatic sentences, some of which follow: "Money alone never made nobility of persons. Both alone never made anybody any better than anybody else."

"Wealth makes a mistake when it seeks only wealth for its associates. It needs contact with poverty. In seclusion it may render the atmosphere around it thick and poisonous. It may breed germs which bring death to a human soul."

"The man the world remembers longest is he who loves his fellowman more than he does a dollar."

"No man has the right, morally, to pile up unused riches, so long as the cry of hunger is heard, or the form of naked poverty is present amongst us."

"Ignorance is slavery; education is freedom. Ignorance is darkness; education is light."

"Life itself is a trust, which can only be used lawfully in the upbuilding of those things which are good."

In defining the true aristocrat of the 20th Century, Mr. Pou said:

"Who then shall be the true aristocrat? Not he who can trace his ancestry furthest back. Not he who happens to be descended from some English lord. Not he whom fortune has made rich. Not the most accomplished person in the social world. These things surely will not disqualify, but the crown of true aristocracy may be worn by anybody, it matters not how poor he may be or how humble his parentage. If he conceives lofty ideals and strives to attain to them, if he loves truth, if he strives to build a beautiful character, if he is willing to serve for the good of others, he shall be enrolled amongst the nobility of the land if he hasn't a dollar in the world."

### Teachers' Association Meets.

The Johnston County Teachers' Association held a meeting in the court house Tuesday night and re-elected officers as follows: President—Mr. J. P. Canaday, of Benson.

Secretary—Mr. George B. Strickland, of Smithfield.

Treasurer—Miss Myrtle Harper, of Smithfield.

Short talks were made by Mr. J. P. Canaday, Prof. Turlington and Prof. Foust.
