

O Captain, My Captain.

O Captain! my captain! our fearful trip is done
The ship has weathered every rack, the prize
we sought is won,
The port is near, the bells I hear, the people
all exulting,
While follow eyes the steady keel, the vessel
grim and daring;
But O heart! heart! heart!
O the bleeding drops of red,
Where on the deck my captain lies
Fallen cold and dead.
O Captain, my Captain! rise up and hear the
bells;
Rise up—for you the flag is flung—for you the
bugle trills,
For you bouquets and ribbon'd wreaths—for you
the shores a-crowding,
For you they call, the swaying mass, their
eager faces turning;
Hear Captain! dear father!
This arm beneath your head!
It is some dream that on the deck
You've fallen cold and dead.
My Captain does not answer me, his lips are
pale and still,
My father does not feel my arm, he has no
pulse nor will;
The ship is anchored safe and sound, its
voyage closed and done,
From fearful trip the victor ship comes in
with object won;
Exult O shores, and ring O bells!
But I with mournful tread
Walk the deck my captain lies
Fallen cold and dead.
—Walt Whitman.

Mill Workers' Wages.

A correspondent of the Southern Industrial Review gives some figures taken from the pay roll of a cotton mill of Mount Holly, which will serve to show the individual earnings of operatives. The head of family No. 1 before entering the mill, was a tenant farmer, who made each year about three bales of cotton, 150 bushels of corn, 18 bushels of wheat and 15 gallons of sorghum, a third of which he gave for rent, after furnishing his own stock and all the labor. At best his gross receipts for his share of the crop would not exceed \$120.

During one week of February, 1900, the pay roll of the mill shows his record to be: For himself, \$4.50; a girl of 17 years, \$4.08; girl of 16 years \$4.30, and a girl of 14 years, \$2.16, making in all \$15.04, or \$60.60 for one month, or over \$700 for one year.

The head of family No. 2 was also a tenant farmer of small producing capacity. His mill record for one week read: Himself \$4.50; boy of eighteen, \$4.31; girl of seventeen, \$3.30; girl of sixteen, \$2.88; girl of fourteen, \$2.76, and a girl of 13, \$2.70, making \$20.45.

Family No. 3 made: Head of family \$4.50; boy of fifteen \$2.40; girl of eighteen \$3.60; girl of sixteen \$3.53, and girl of thirteen, \$2.04, making \$16.07.

Hundreds of family records like the above could be taken from pay rolls of Southern mills. The last report of the commissioner of labor of North Carolina states that the average daily wages in the cotton mills are: Skilled men, \$1.10; unskilled men, 66c.; skilled women, 65c.; unskilled women, 46c., and children 46c.

Genuine Realism.

Tomdix—I understand "The Daughters of Eve" is quite a realistic play. Have you seen it? Hojax—No; but I saw some of the chorus girls minus their make-up, and they certainly looked it.

Tomdix—Look what? Hojax—Old enough to call Eve mother.—Chicago News.

LEAVE WORD FOR ME.

If when you come to Smithfield to see about a sewing machine, I happen to be out of town, leave word for me with Mr. Thomas J. Lassiter at THE HERALD office and I will carry or send you one at once. He is authorized to collect money on sewing machines and give receipts for me.

How to Pronounce President's Name.

There are very few people who pronounce correctly the name of the new President of the United States. It is pronounced by himself and family as spelled "Roosevelt," with heavy accent on the first syllable.—Ex.

"I had long suffered from indigestion," writes G. A. LeDeis, Cedar City, Mo. "Like others I tried many preparations but never found anything that did me good until I took Kodol Dyspepsia Cure. One bottle cured me. A friend who had suffered similarly I put on the use of Kodol Dyspepsia Cure. He is gaining fast and will soon be able to work. Before he used Kodol Dyspepsia Cure indigestion had made him a total wreck." Hood Bros., Hare & Son, J. R. Ledbetter, Benson Drug Co.

The Colored Teachers' Institute of Johnston County.

The announcement made by Prof. I. T. Turlington, County Superintendent of Schools of Johnston County, to the public school teachers, that they were required by law to attend a Teachers' Institute or else not teach was responded to by 34 regular teachers and 12 prospective putting in their appearance. Prof. Turlington had secured the services of Prof. J. W. Byrd, Principal of Smithfield Preparatory School, to conduct the Institute.

It opened at 10 o'clock Monday morning, September 23d, with most of the teachers present at the opening exercise. After effecting the proper organization a few preliminary remarks were given by the Conductor, stating the object of a Teacher's Institute, etc. Afterward, the work of the institute was properly taken up. All the studies to be taught in the public schools were each day taken up and the best methods of presenting and teaching these subjects were daily discussed in the most practical and interesting manner. The presentation of these subjects and teaching them were made so simple and plain that the teachers expressed themselves as having received great benefit; many obstacles that had hitherto confronted them in their work had been removed and that they would be better able to do efficient work in their various fields of labor.

The lectures delivered by Prof. Turlington to the Institute touching the teacher's moral, spiritual and literary preparation were also invaluable to the teachers. By the interest he has shown in their educational advancement he has stamped himself upon the minds of the colored teachers of Johnston county as a great and good man. He holds not any information and advice from them that will be of service to them as teachers and leaders among their people; hence he is held in high esteem by them. His broadness of mind, the liberal and unprejudiced manner in which he views the many needs of our people, the social heights to which he is endeavoring to lift them reveals in a beautiful outline the genuine elements of his nature, that there is nothing coarse or ignoble in him. We hope he may live long to steer the educational ship of our county.

It was announced to the Institute that Rev. R. W. Hines of the Presbyterian church (white) would lecture to the teachers Thursday night and also preach a sermon to them and the people. He did so; and his lecture to the teachers was just what it should be and his sermon filled our souls with joy and sorrow—joy because we had at least complied with some part of his instruction, if not all; sorrow because we saw some things we had left undone. The sermon indeed was a powerful one and will long be remembered by our people.

Whereas, we believe the educational interest of our county can be best fostered and promoted by properly conducted Teachers' Institutes; and, whereas, Prof. Turlington in his official capacity has shown himself to be in close touch with our progress generally; he sees to it that the colored teachers of his county have an annual Teachers' Institute—a distinction enjoyed by but a few counties of the State; and, whereas, we feel that great appreciation and honor is due Prof. Turlington for his noble and impartial efforts for our welfare and for the employment of Prof. J. W. Byrd, one so proficient and capable and so close in touch with the educational work among the people of our county, who adapts his institute work so well to the needs of our teachers, to conduct it. Therefore, be it,

Resolved, That we tender to Prof. Turlington and the Board of Education our sincere thanks and greatest gratitude for their favorable consideration of our needs and those of our people, in their efforts to uplift our people, make brighter their lives and make of them more useful citizens.

RESENTED BY ROOSEVELT.

Administered a "Solar Plexus" to Stop Abuse of the South.

Shortly after Mr. Roosevelt had been called to Washington by President Harrison as the head of the Civil Service Commission, he, in company with friends, was visiting the Army and Navy Club. During the evening a gentleman (?) who evidently had not become reconciled to the South, in conversation referred contemptuously to the Southern people as traitors. Mr. Roosevelt kindly remonstrated and stated the charge of being traitors could not be maintained against the Southern people. The gentleman (?) was not satisfied with Mr. Roosevelt's remonstrance and repeated that the Southern people were traitors. Again Mr. Roosevelt remonstrated, saying that his mother was a Southern lady and that many of his kinsmen had engaged in that war, and that the word traitor was offensive to him. Upon the word being repeated the third time Roosevelt shot out with his fist straight from the right shoulder and administered the "solar plexus" to the gentleman whose tongue was so glib in denouncing the South. Roosevelt reformed him! He has a great deal of reform work in his hands just now. We wish him well.—Bonham (Tex.) Daily Favorite.

Healthy Mothers

Few mothers are healthy, because their duties are so exacting. The anxiety of pregnancy, the shock of childbirth, and the care of young children, are severe trials on any woman. But with Wine of Cardui within her grasp, every mother—every woman in the land—can pay the debt of personal health she owes her loved ones. Do you want robust health with all its privileges and pleasures? Wine of Cardui will give it to you.

WINE OF CARDUI

strengthens the female organs and invigorates weakened functions. For every female ill or weakness it is the best medicine made. Ask your druggist for \$1.00 bottle Wine of Cardui, and take no substitute under any circumstances.

Mrs. Edwin Cress, Gormer, Mich.: "When I commenced using Wine of Cardui, I was hardly able to walk across the house. Two weeks after I walked half a mile and picked strawberries. When my other child was born I suffered with labor pains 24 hours, and had to raise him on a bottle because I had no milk. After using the Wine during pregnancy this time, I gave birth last month to a baby girl, and was in labor only two hours with but little pain, and have plenty of milk. For this great improvement in my health I thank God and Wine of Cardui."

The Eminent Kidney and Bladder Specialist.

The Discoverer of Swamp-Root at Work in His Laboratory.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, or the kidneys themselves break down and waste away cell by cell. Then the richness of the blood—the albumen—leaks out and the sufferer has Bright's Disease, the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root, the new discovery is the true specific for kidney, bladder and urinary troubles. It has cured thousands of apparently hopeless cases, after all other efforts have failed. A sample bottle sent free by mail, also a book telling about Swamp-Root and its wonderful cures. Address Dr. Kilmer & Co., Binghamton, N. Y. and mention this paper.
