CONDUCTED BY J. M. BEATY

SOME DRAWBACKS.

There are many things that hinder the welfare of the farmer.

1st. Ignorance. - A friend said

farm. Notwithstanding this idea, if you look around carefully you will soon be convinced that it takes as much training and tact takes in other lines of business.

other advantages.

that if you educate a boy he will spring young and sprightly, with leave the farm. There is some clean limbs and bright, well-kept tion, stomach and liver troubles. truth in this but there is a reason bair. for it. It is because there have bed and oiled to prevent rust, the farms will cease.

Education neither makes a man industrious nor lazy. An industrious man will work wherever the is but a lazy man will not stimulate him to the proper he is but a lazy man will not stimulate him to the proper he is but a lazy man will not stimulate him to the proper he is but a lazy man will not stimulate him to the proper he is but a lazy man will not stimulate him to the proper he is but a lazy man will not stimulate him to the proper he is but a lazy man will not stimulate him to the proper he is but a lazy man will not stimulate him to the proper he is but a lazy man will not stimulate him to the proper he is but a lazy man will not stimulate him to the proper he is but a lazy man will not stimulate him to the proper he is but a lazy man will not stimulate him to the proper he is but a lazy man will not stimulate him to the proper he is but a lazy man will not stimulate him to the proper he is but a lazy man will not stimulate him to the proper he is but a lazy man will not stimulate him to the proper he is but a lazy man will not stimulate him to the proper he is but a lazy man will not stimulate him to the proper he is but a lazy man will not stimulate him to the proper he is but a lazy man will not stimulate him to the proper he is but a lazy man will not stimulate him to the proper stances. One educated man is well up in the mind it surely among a thousand ignorant men acts as a spur to motion. might live with but little work, but if all were educated he would grand division of the year, and What a brilliant world the have to give up living without as the thrifty farmer has gathered would be if men could only acquire work as a hopeless job.

need. Educate all the people and and manure. Good stock is of teach them the dignity of labor great value on the farm. Poor and then and not until then will stock, poor tools, poor lands, we have great financial prosperity. "The people must be educated." Let this be our motto.

A Severe Object Lesson.

The year now drawing to a close has been a trying one to prepare manure for the acreage. farmers in many sections, by reason of the long-continued drouth, at least twice before planting. especially severe in the West, but prevailing also in the South in some places.

If the Western farmers had planted corn as their only crop, their condition now would be a your wheat land this season-five serious one, as the crop in that section was cut short more than one-half. But fortunately for them, they had outgrown the one-crop idea and before the interest of the situation. Our lands are so diversified that may be master of the situation. one-crop idea, and before the ill lands are so diversified that no effects of the drouth they had rule will suit all places or lands. harvested the greatest wheat crop ever known, the price of which was advanced by the failure

Thus diversified farming has been shown to be the correct

erop, while forced to pay advancing prices for wheat, corn and meats. Increased demand without a proportionate increase in the supply of cotton fortunately greater dimenty in curing the folder in the shock than usual. But if the shocks are not made too large and the centre is kept well open at the base there is the supply of cotton fortunately came to the aid of the Southern fodder. But shocked tight and

hinder the welfare of the farmer.

I wish to mention three principal drawbacks in this column this week and next.

1st. Ignorance.—A friend said Southern Stategreat and increas- On the land where my peas were to me recently, "Ignorance is and ing quantities of corn, wheat, cut and cured for hay I am now has been the greatest curse to the vegetables and fruits are being putting in oats and hairy vetch, South." There is no doubt about produced and cattle, hogs and and before the horses will have

Going Into Winter Quarters.

The active well-to-do farmer to make a successful farmer as it going into winter quarters with the family stock of all kinds and I never knew a section where everybody was very ignorant ter much thought. The health that the people were not more or and comfort of the family is the less shiftless and helpless. The greatest of all cares and someeducated farmer knows better times it is the thing of little care until afflictions come. It is often how to diversify his crops, or the case when a farmer is through ganize his labor and apply his with his heavy work that he fertilizers' besides having many drops off the feed and strict attention of his horses. Really this Dempseytown, Pa., "you'd sell We often hear the complaint is the time to rub and fatten the all you have in a day. Two horse and let him come into the weeks' use has made a new man

been so few boys educated and all repairs well adjusted so the stores, the factories, the railroads and other lines of business with short notice. It is said that have demanded all these, but most people know better than educate the people everywhere and see how soon this rush from and see how soon this rush from all about farming, it may be his he farms will cease.

Some think educated people will es to learn. The man who really not work. This is a mistake, knows much about the details of he is, but a lazy man will not action. A thorough knowledge work much under any circum. Is apt to wake a man to care and

the next thing is to know how to brellas! General education is our great bring out the best results-of fat and a poor farmer are very much in line. Now for improve-ment. Decide by real calcuation how much corn, wheat, oats, and the vegetable crop is wanted. Take your best corn land and half the number of acres that you usually tend and begin to Arrange to plow your land well

> Do not take more than five pigs to make the thousand or fifteen hundred pounds of good pork. Begin with the pigs now for next pork season. So with -R. R. Moore in Progressive Farmer.

Forage.

From Franklin Co.: "I have method to farm by an object les- tried several ways to keep corn son which will be lasting on ac- cut off at the ground, but failed count of its severity, and from a seeming evil will come lasting good to those who have heeded it. This year I made a shocked the corn as directed, and Southern farmers have, within it has rotted and moulded clear the past few years, been likewise taught the evils of dependence on a single crop, as they felt the hardships resulting from low-we have had this fall there is a priced cotton, their only money greater difficulty in curing the

planters, and the higher prices a great deal placed in a shock obtained enabled many of them there will be some loss anywhere. to get out of debt and to become No farmer should have to depend free to exercise their own judg- on corn for feed. If you have ment as to what proportion of plenty of crab grass hay or pea-their land should be devoted to vine hay, both of which you could cotton, and what part should be have had plenty of this season, used for wheat, corn, grasses, there will be no lack of horse feed. vegetables and fruit. of by many farmers, and the day by way of variety, but I have is at the bottom of many other troubles. In some parts of the world every boy is expected to serve an apprenticeship and learn some trade or profession. The average young man in the South knows a little of everything in general and nothing in particular.

Sheep are multiplying.

Now the Northern cities are looking to the South for early vegetables and fruits, and this important source of wealth is being recognized and worked by intelligent effort, so as to cause many heretofore barren districts to blossom as the rose.

There is scarcely a district in they will formulate the seaten up the pea and crabgrass hay cut this fall I will have the crop of oats and vetch cured and ready to carry them through till more hay is made. I thus get most of the feed for two big intelligent effort, so as to cause many heretofore barren districts to blossom as the rose.

There is scarcely a district in the very will formulate the component of the pea and crabgrass hay cut this fall I will have the crop of oats and vetch cured and ready to carry them through till more hay is made. I thus get most of the feed for two big intelligent effort, so as to cause many heretofore barren districts to blossom as the rose.

There is scarcely a district in the very will formulate the component of the pea and crabgrass hay cut this fall I will have the crop of oats and vetch cured and ready to carry them through till more hay is made. I thus get mor knows a little of everything in general and nothing in particular and so is not prepared to take profitably raise its own corn and round. A farmer who has not up anything and make it a suc-wheat, and produce its own provided a plenty of good horse meats, and when this fact is made feed is too late asking the middle the most of, cotton still being of October what he is to do for It is now getting to be gener-ally understood that a man needs some special study and training love the most of, cotton star being love to be gener-looked to as the main money horse feed. I am feeding hay now which I cut on the corn field after the corn was shocked. It to be a doctor, a lawyer or a rail. fair prices of cotton during the is crabgrass, but it is better than road man, but it is still thought that anybody and everybody can that anybody and everybody can and Farm.

past two years will continue and the timothy that is selling here for over \$20 a ton. Our farmers and horse feeders do not realize and horse feeders do not realize the fact that crab grass cut the proper time makes better hay than timothy, but such is the fact, and there is not a farmer in eastern N. C., who cannot have an abundance of it if he will. In fact I do not believe that for the expenditure there is a crop that

Startling, But True.

grass on a piece of well manured land.—W. F. Massey.

"Hevery one knew what a grand medicine Dr. King's New Life Pills is," writes D. H. Turner, 25c. at Hood Bros. drug store.

Pointed Paragraphs,

Correct in yourself the traits you dislike in others

A man never smiles when he shows his teeth to a dentist.

Some people are long on mock

Happy is the man whose smile is the same in prosperity and adversity.

A man who says he enjoys a church social may not be a liar,

What a brilliant world this lentiful of the bountiful grasses, brains as easily as they can um-

When a man tells you some the woman's version of the story. -Chicago News.

Athens, Tenn., Jan. 27, 1901.

Ever since the first appearance of my menses they were very irregular and I suffered with great pain in my hips, back, stomach and legs, with terrible bearing down pains in the abdomen. During the past month I have been taking Wine of Cardui and Thedford's Black-Drau, bt, and I passed the month-plant of the first time in years.

Nannie Davis.

What is life worth to a woman suffering like Nannie Davis suffered? Yet there are women in thousands of homes to-day who are bearing those terrible menstrual pains in silence. If you are one of these we want to say that this

WINEGECARDU

will bring you permanent relief. Console yourself with the knowledge that 1,000,000 women have been completely cured by Wine of Cardui. These women suffered from leucorrhoea, irregular menses, headache, backache, and bearing down pains. Wine of Cardui will stop all these aches and pains for you. Purchase a \$1.00 bottle of Wine of Cardui to-day and take it in the privacy of your home.
