MAKE A CLEAR SWEEP.

As far back as we can trace the matter liquor has been greatly in the way of progress. Many of us have seen this and have in different ways tried to drive liquor from our midst and overthrow its rule over us. Now an effort is being made for prohibition for the entire county and it is thought that now is the time to make a clean sweep and get it out of the way. Liquor has done enough harm. It has caused enough poverty, enough disturbance, enough disgrace, enough sorrow, enough misery, and enough killings and murders. The people can drive it out of the county if they choose and in our judgment the time has come to do it. Let every man who believes in temperance do his duty and it will be done. Make a clean sweep.

BLOCKADE DISTILLERIES.

The temperance people are fully aware that there are some blockade distilleries running. They are aware that for some time there has been very little effort on the part of federal or other officials to stop this lawlessness. But everybody knows that a few years ago when we had barrooms all over the county there were five times as many blockade distilleries as are running now. The blockade distiller will ere long be brought to justice and have to suffer with other lawbreakers. The enforcement of temperance laws is a part of the work of temperance people and is the duty of every good citizen. Let every law-abiding citizen determine to drive out the blockade distilleries and it will be done.

BUCKET SHOPS.

Representatives W. A. Stewart, of Harnett, and R. H. Gower, of Johnston, have each introduced a bill to prevent the running of "bucket shops." This is an important matter and the passage of such a bill would save many dollars to the people of the state. A few years ago the United States by certain laws and regulations broke up the lotteries. The bucket shops take the place of the lotteries to some extent. They are worse than the lotteries. Not one bucket shop should be allowed to run to swindle the people. Success to the bills.

THE COST OF DRINK.

Johnston county people have been spending about one hundred thousand dollars a year for liquor. Besides the money spent for this liquor there is an additional cost of fully two hundred thousand dollars in loss of time, neglect of work and money spent in law suits caused by liquor. Drinking liquor costs Johnston county people each year one way or another more than a quarter of a million dollars. It is an expensive luxury. How can we expect to make much progress with such a heavy burden as this on us? Let us unite to throw this great burden from our shoulders.

Spotted Her Beauty.

Harriet Howard, of 209 W. 34th St., New York, at one time had her beauty spoiled with skin trouble. She writes: "I had Salt Rheum or Eczema for years, but nothing would cure it, until I used Bucklen's Arnica Salve." A quick and sure healer for cuts, burns and sores. 25c. at Hood Bros. drug store.

Mr. Clarence H. Poe, the young and able editor of the Progressive Farmer, at Raleigh, has declined an offer from one of the leading New York publishing houses to become editor of a high grade magazine, at a salary of \$3000 per year. Mr. Poe's decision will be hailed with delight throughout the state. We need just such young men to help build up our own state and we are glad he will remain with us despite the flattering offer from New York. In speaking of the matter, Mr. Poe said: "I believe that there are now opportunities here such as there have never been before, and that it is not going to be such a strange thing hereafter to see young men turning down offers in New York in order to share the labors and the rewards of the industrial and literary awakening among our own people."

CHIPS AND SHAVINGS.

Ten per cent. of the republican senators are charged with grafting and they are unable so far to exonerate themselves.

Panama is having so much prosperity that she is beginning to bother herself about tucks and frills that other governments have.

Gov. Folk, of Mo., had better keep his eye on his republican legislature. It is reported that thousand dollar bills are getting very plentiful around there.

It is feared that if the grand jury continues to indict U. S. Senators, they will be numerous enough to start a party of their own, and "run" things.

The great mistake the Czar of Russia is making is in not learning English. He could then subscribe to our papers which would tell him how to run his government.

The Philadelphia authorities are taking steps to prevent gambling—except poker and roulette. This leaves the stock market a clear monopoly of the gambling business.

Congress is acting very wisely in its efforts to legislate for the abolition of the rebate system among the railroads, and it would also be entitled to praise if it devises means to enable us to escape the Pullman Car porter.

What does your anxiety do? It does not empty tomorrow, brother, of its sorrow; but ah! it empties today of its strength. It does not make you escape the evil; it makes you unfit to cope with it if it comes.—Ian MacLaren.

County Temperance Convention

Arrangements are being made for a County Temperance Convention in the court house at Smithfield on Monday January 30th, 1905. Several good speakers are expected to be present. The convention will meet at 11 o'clock. Several important matters are to be considered and every body in the county who is interested in temperance is asked to be present. Be sure to come; it is important for the temperance people of the county to meet for better organization.
