This definition of life insurance
is found in this week's Saturday
Evening Post: "Life Insurance
—Providing for the widows and
orphans—of the directors."

Farmers, if you possibly can
hold, do not sell your cotton under
ten cents. Everything points
to a short crop and cotton must
sell higher. Much depends on
holding.

The insurance investigation in
New York has disclosed the fact
that the Mutual Life of New
York contributed large sums of
money to aid the Republicans in
the last election. Let the people
of the South ponder these things
well and hesitate before they
pay out their money to big com-
panies that use it to defend the
ends they seek in a political way.

The State Historical and
Literary Association will hold
its annual meeting in Raleigh
next Tuesday night. At that
meeting a movement is to be set
on foot to have a statue of Sena-
tor Vance, (who Savoyard, writing
in the Washington Post,
says is the ablest son of North
Carolina) placed in Statuary
Hall in the National Capitol.
Every State is given a place in
this Hall for two statues of its
favorite sons. But North Caro-
lina has neglected to do this and
her niche is still vacant. But
the State Historical Society
never does things by halves and
we expect to see the beloved
Vance's statue in Statuary Hall
the next time we visit Washing-
ton.

Two more public school dis-
tricts in Beulah township have
voted a special tax for schools—
Micro school, district No. 9, and
district No. 4. These increase
the special tax districts in Beulah
to four. The action of these peo-
ple show that they are in favor
of better schools. Let the good
work go on until every white dis-
trict in the county has voted a
special tax for its schools.
