

# One Cold and Another

The season's first cold may be slight—may yield to early treatment, but the next cold will hang on longer; it will be more troublesome, too. Unnecessary to take chances on that second one. Scott's Emulsion is a preventive as well as a cure. Take

# SCOTT'S EMULSION

when colds abound and you'll have no cold. Take it when the cold is contracted and it checks inflammation, heals the membranes of the throat and lungs and drives the cold out.

# SIDNEY YOUNG KILLED.

Son of Dr. Young, of Four Oaks. Run over by a Train.

Sidney Young, a young white man, a brakeman on a freight train of the Seaboard Air Line, was mortally wounded yesterday afternoon at Apex by being run over by an engine. The injured man was brought to Raleigh on the special train which was sent to Cameron after engineer Clayton and placed in Rex Hospital where he died early this morning. The young man was running ahead of the moving engine to open a switch when he stumbled and fell in front of the engine, which was so close upon him that the engineer could not stop in time to save him. The great wheels of the engine passed entirely over the young man's left leg and hip crushing the bone and flesh into a pulp.

Dr. Harry Utley, of Apex, was called and by heroic treatment kept the wounded man alive, and when the special train with Dr. J. R. Rogers from Cameron arrived he was placed on board and brought to Rex Hospital, where he died after hours of great suffering.

Mr. Young was the son of Dr. Young, of Four Oaks, who drove to Raleigh last night to be with his son. Mr. Young was twenty-one years old and is survived by a young wife.

The funeral was conducted this afternoon from his home on North Salisbury street, the pall bearers being his fellow members of the local order of Railway Trainmen.—Raleigh Times, Friday.

# A Colored Man Thanks Temperance Forces.

Being a colored man, it would hardly be expected that I write for publication. But I wish, in behalf of the colored race, to thank the temperance forces of Johnston county, and especially of Clayton, for closing the dispensary, thereby removing the temptation from the moderate drinkers, especially of my own race. While the dispensary was open, I, as well as many others of my race would go to Clayton and usually spend some money and time and get nothing in return except remorse of conscience. Now we can go, transact our business and return sober, with a clear head and conscience. If my own race will grasp this opportunity for sobriety, which the closing of the dispensary gives us and practice thrift and economy we can better our condition very much. We wish to heartily endorse this movement on the part of the temperance people, hoping and praying that this state of affairs may never grow worse but better and better day by day.
