

MERIWETHER

TO TESTIFY

Accused Midshipman to Go on Stand in His Own Defense.

STORY OF THE FIGHT RETOLD

Annapolis, Md., Nov. 28.—No great progress was made yesterday in the trial by court martial of Midshipman Minor Meriwether on charges that embrace one of manslaughter in connection with the death of Midshipman James R. Branch, Jr., after a fist fight between him and Midshipman Meriwether. Perhaps the most important developments of the day were the decision of counsel to put Midshipman Meriwether on the stand in his own defense, and the appearance of Dr. L. W. Glazebrook, of Washington, in the role of adviser to Meriwether's counsel.

Midshipmen A. W. Fitch and Leigh Noyes, respectively referee and time-keeper of the fight, were recalled and again went over their testimony as to certain incidents in the fight. They said that twice, it was thought, Branch had hit his head against the floor.

Lieutenant Commander Decker testified that the floors in Bancroft Hall, where the fight was held, have a concrete base, then a layer of rough boards and then the smooth surface boards.

Midshipman Ralph Yeager, who was Meriwether's second, said the latter had slipped in the 15th round, spraining his ankle, and that he was almost disabled thereby, but said he could continue the fight, though he could do little to defend himself.

Midshipman Hugo W. Cailer, a fourth class man, testified that he had loaned the civilian clothes that were found by Branch to Meriwether during the summer, and that on the day they were found in the closet Branch told him he had better go get them. He had then gone to the closet and recovered the clothing.

The defense will close today, unless the medical testimony relating to the autopsy consumes more time than is now expected. Witnesses for the defense will include Medical Inspector Howard Eames and Lieutenant Commander T. P. Magruder, aide to the superintendent, the latter to testify to a matter of academy record.

The court will meet on Thursday (Thanksgiving Day) unless an unexpected order to the contrary is received from the secretary of the navy. Witnesses may be called in rebuttal, but the probability is that the court will finish its work by Friday.

SIXTEEN DEAD, THIRTY INJURED

Fire Adds to Horror of Wreck On Boston & Maine Road.

Lincoln, Mass., Nov. 27.—The most disastrous railroad wreck in this state for many years occurred at Bakers Bridge station, a mile and a half west of Lincoln, on the main line of the Fitchburg division of the Boston & Maine railroad. The regular Sunday night express for Montreal via the Montreal system crashed into the rear of a local train which started from Boston for points on the main line and the Marlboro branch.

Sixteen persons were killed outright, burned to death or suffocated, and 30 or more were seriously injured. Many passengers sustained minor cuts, bruises and burns.

The impact was terrific, and instantly there was in indescribable scenes of death and ruin. The leading locomotive telescoped the rear car of the Marlboro train and the second engine forced this mass against the third car of the local and completely wrecked it. Fire added to the horrors, flames almost immediately communicating to the wreckage of the passenger coaches, and a number of passengers who had been pinned down by broken seats were incinerated. Some of them, however, had evidently been killed instantly.

Stealings May Reach \$200,000. Seattle, Wash., Nov. 25.—Developments in the case of George Edward Adams, cashier in the United States assay office at Seattle, arrested for embezzlement, indicates that instead of stealing \$35,000 in gold dust, to which he has confessed, his pecuniary may amount close to \$200,000, and that instead of covering a period of six months, they will run farther back than 1903.

Adams' bondsmen withdrew from the \$20,000 bond and he was remanded to jail to await a hearing.

Eighty-five Convicts Converted. Joliet, Ill., Nov. 27.—Eighty-five convicts in the Joliet penitentiary were taken into the Roman Catholic church. Among the converts were men convicted of murder and other crimes, undergoing long sentences. The rites of confirmation were administered by Archbishop Quigley, of Chicago.

17,000 at Work On Canal. Washington, Nov. 28.—A report received here says the number of employees on construction work for the Panama canal now aggregates 17,000, about 4000 having been added to the force since the last report from the Isthmus. Of the 17,000 about 1500 are white Americans.

Turkey for the President. Westley, R. I., Nov. 28.—The producer who has made it a practice for years to send a Thanksgiving turkey to the president shipped a fowl weighing 21 pounds to the White House.

KILLED IN FOOTBALL GAME

Gridiron Battle in New York Results in Tragedy.

New York, Nov. 27.—William Moore, right halfback of the Union college football team, died from injuries received in a game with New York University. He was 19 years of age, and lived at Ogdensburg, N. Y. Moore was knocked unconscious by a blow on the head while he was carrying the ball and bucking the line. He died about six hours after receiving the injury from cerebral hemorrhage.

Moore was injured about the middle of the game, when the contest was closest and the play fiercest. In an attempt to get through the New York centre Moore went at the line head first, like a catapult. This play was his last. No one saw what Moore's head struck, but he dropped limply to one side of the scrimmage, and the ball fell from his hands.

Rib Driven Through Heart. Rockville, Ind., Nov. 27.—Carl Osborne, 18 years of age, was instantly killed in a football game between Marshall and Bellmore high schools, at Bellmore. He staggered after a tackle and was picked up dead. One rib had been broken and driven through the heart.

Paralyzed and Speechless. Sedalia, Mo., Nov. 27.—Robert Brown, aged 15 years, was probably fatally injured in a football game. His body is paralyzed, and he is unable to speak.

W. S. LEIB OUSTED

Removed by President For Violating Civil Service Law.

Washington, Nov. 28.—President Roosevelt removed from office William S. Leib, assistant United States treasurer at Philadelphia, for "constant and persistent violation of the civil service law while in office." The removal was announced in a formal statement issued at the White House by the president.

After careful consideration of all the facts developed by the inquiry, the president decided to remove Leib from office, it being shown, according to the statement, that there was "constant and persistent effort on Mr. Leib's part to evade the provisions of the civil service law, to hamper its workings as far as possible, and to obstruct in every way the action of the commission." The president declared that the evidence showed fraud in the civil service examinations, the fraud in one instance implicating Leib's sister. After reviewing the case pretty fully, the president concludes:

"Under these circumstances of persistence in wrongdoing on your part it seems to me that there is no alternative but to remove you from office. You are accordingly hereby removed from the position of assistant treasurer of the United States."

PEDDLERS HELD UP AND ROBBED

Two Shot by Highwaymen and Relieved of \$600.

Lancaster, Pa., Nov. 27.—Four peddlers, Isaac J. Francis, of Coatesville; Joseph Maurice, Abhis Shibent and Moses Albert, of Philadelphia, made the rounds of the camps of laborers on the new railroad in the southern part of the county, disposing of a great quantity of merchandise. They were on their way from Creswell to Safe Harbor, when eight Italians held them up, and with drawn revolvers demanded their money. The peddlers resisted. In the fight that followed Francis and Maurice were shot and robbed of \$600. Shibent and Albert escaped and gave the alarm. The wounded men, each with a bullet in his head, were taken to the hospital at Columbia. Their condition is serious. A posse is searching the vicinity of the crime for the highwaymen.

MRS. ROGERS MUST HANG

U. S. Supreme Court Affirms Decision of Lower Courts.

Washington, Nov. 28.—The supreme court of the United States affirmed the decision of the United States district court of Vermont in the case of Mrs. Mary Mabel Rogers, who is under sentence of death in Vermont for the murder of her husband. The effect of the decision will be to again place the responsibility of dealing with the case in the hands of the state authorities, and it in the meantime neither the governor nor the state courts take action in Mrs. Rogers' behalf her execution must occur on the day set, which is December 8 next.

No Flowers in Congress.

Washington, Nov. 27.—There will be no flowers in either house on the opening day of congress. Two years ago, soon after Speaker Cannon was sworn in, and attempt was made to bring in large floral pieces and place them upon the desks of members, the speaker issued positive orders to stop the proceeding, and the banks of flowers remained in the lobbies until they were sent to the homes of the members. A standing resolution of the senate was adopted during the last session of congress barring flowers from the senate chamber.

Kept Dead Body in House for Years.

Los Angeles, Cal., Nov. 28.—Following the death of Mrs. Lora Thompson, an aged and eccentric woman, a search of her cottage on Boyle Heights was made and in a store room was found a box containing the corpse of her daughter, who died 27 years ago. The body of the young woman had been dismembered. When the box was opened a disinterment certificate signed P. R. Boutelle, undertaker, Amherst, Mass., November 7, 1881, was found. The body had been shipped to the east.

FORAKER'S BILL

Dhie Senator Would Amend Inter-State Commerce Law.

Washington, Nov. 25.—Senator Foraker presented to the senate committee on inter-state commerce the draft of his bill to amend the inter-state commerce law. The senator stated that he had tried to meet the complaints against present railroad conditions and at the same time avoid conferring upon the inter-state commerce commission, or any similar body, the power over railroad rates.

The Foraker bill, however, provides for enjoining the publishing and charging of excessive rates and for enjoining and discrimination forbidden by law, whether between shippers, places, commodities or otherwise, and whether effected by means of rates, rebates, classifications, private cars, preferentials, "or in any other manner whatever." While this does not confer upon the court the power to fix a rate it does authorize the court to say what is an unlawful rate and how much is unlawful and to enjoin its carrier from charging more than is found to be lawful. The bill also is designed to prohibit the giving of passes; to allow free access to railroad documents and to meet complaints as to rail rates on export and import freight.

Provision is made so that the laws to expedite cases in the courts will apply to the new law. No carrier is allowed to grant a special rate or in any manner collect from any person a greater or less compensation than it receives from any other person.

CUSTOM HOUSES SEIZED

Allied Fleet Lands Sailors On Island Mytilene.

London, Nov. 28.—The Daily Mail publishes the following dispatch from Mytilene, dated November 27:

"Eight warships of the combined fleet arrived here at 8 o'clock this morning. Admiral Ritter Von Jedina, accompanied by the Austrian consul, proceeded to the government house at 10.30 o'clock and handed an ultimatum to the governor. At 1 o'clock this afternoon 500 sailors landed and seized the customs and telegraph offices. Everything is quiet."

Vienna, Nov. 28.—The Neue Freie Presse published a dispatch from Constantinople saying that the sultan, through Tewfik Pasha, the foreign minister, has announced to Baron Von Calce, the ambassador of Austria-Hungary, that Turkey accedes to the demands of the powers regarding the financial control of Macedonia.

MARSHALL FIELD, JR., DEAD

Only Son of Multi-Millionaire Succumbs to His Injuries.

Chicago, Nov. 28.—Marshall Field, Jr., died at the Mercy hospital.

Mr. Field, who was the only son of Marshall Field, the multi-millionaire of this city, was accidentally shot on the afternoon of Wednesday, November 22. He was examining a new revolver which he had purchased, when it was discharged, the bullet striking him in the right side, perforating the liver and spleen and injuring the spinal cord. He was hurried to the Mercy hospital, where an operation was at once performed and the bullet removed. The physicians from the first entertained but slight hopes of ultimate recovery, although the patient for two days seemed to hold his own. Yesterday morning a decided change for the worse took place and Mr. Field grew rapidly weaker until his death.

MUTINEERS IN CONTROL

Situation at Sebastopol Continues Very Critical.

Odesa, Nov. 28.—Governor General Kaubars has received the following dispatch from Vice Admiral Chouknin, commanding the Black Sea fleet:

"The mutineers left the Kiaz Potemline and the vessel is now in my hands. The sailors, together with the soldiers of the Brest regiment who mutinied, have shut themselves in the Lazareff barracks with some guns. When fresh troops arrive I shall attack, though I fear the artillerymen may join the mutineers."

"A very serious state of affairs prevails. Several officers have been killed." According to private dispatches from Sebastopol, Vice Admiral Chouknin has frustrated the design of the mutineers to seize the Black Sea fleet and sail for Odesa by ordering all the gun locks to be broken.

Policeman Shot by Burglar.

Philadelphia, Nov. 27.—Alexander Montgomery, a policeman, was probably fatally shot in the abdomen in the foreign quarter of the city by Harry Smith, a negro, who had been arrested by the policeman for attempted burglary. Montgomery had captured Smith after he had been pursued by a crowd of Italians who had detected him entering a house. As the negro was being led to the police station he turned on the policeman and shot him in the abdomen. The negro attempted to escape, but the crowd held him until other policemen arrived on the scene.

In Memoriam.

Death came among us on October 26, 1905 and claimed little Paul, the five-year-old son of Mr. and Mrs. Lake Barnes. Only for a few days was he ill, and for hours his life hung upon a thread causing his parents and loved ones to vacillate, between hope and despair. At last the body worn and emaciated by the ravages of disease, could stand no more, and fell asleep in the arms of Him who said, "Suffer little children to come unto me, and forbid them not, for of such is the kingdom of Heaven."

Beautiful, bright, intelligent and affectionate, his parents loved him most tenderly. Language cannot convey to us the depth of their sorrow in the loss of this sweet little boy. But our Father has taken him and he is not dead, but gone to the home above.

The stay of this little boy upon earth was but a short one, but it was long enough to make impressions upon the loved ones, of that home that will never be forgotten.

His place is vacant in the home, his voice is forever still, yet he lives in the memory of those who loved him—who try to remember that "God has but claimed his own."

But somewhere in God's kingdom, in the bosom of some star, shining among pyramids afar, Oh! so far is a city of peace, a heaven of rest, a home, but a home for only the blest. No one can doubt that the spirit of this little boy has taken its appointed place among the blest.

May God comfort the sorrowing ones and prepare them to meet little Paul, in the home where worldly sufferings are unknown.

One on The Conductor.

An Irishman boarded a street car and handed the conductor a rather dilapidated-looking coin in payment of his fare. The conductor looked at the coin critically and handed it back. "That's tin," he said.

"Sure, I thought it was a fove," answered the Irishman complacently, as he put the piece back in his pocket and produced a nickel.—December Lippincott's.
