Bad Stomach Makes Bad Blood.

You can not make sweet butter in a foul, unclean churn. The stomach serves as a churn in which to agitate, work up and disintegrate our food as it is being digested. If it be weak, sluggish and foul the result will be torpid, sluggish liver and bad, impure blood.

The ingredients of Dr. Pierce's Golden Medical Discovery are just such as best serve to correct and cure all such derangements. It is made up without a drop of alcohol in its composition: chemically pure, triple-refined glycerine being used instead of the commonly employed alcohol. Now this glycerine is of itself a valuable medicine, instead of a deleterious agent like alcohol, especially in the cure of weak stomach, dyspepsia and the various forms of indigestion. Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says of it:

"In dyspepsia it serves an excellent purpose." It is one of the best manufactured products of the present time in its action upon enfeebled, disordered stomach; especially if there is ulceration or catarrhal gastritis catarrhal inflammation of stomach, it is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric acidity. It is useful in chronic intestinal dyspepsia, especially the fiantlent variety, and in certain forms of chronic constipation, stimulating the secretory and excretory functions of the intestinal glands.

Beverly of Graustark

ILLUSTRATED BY HEYER

This is the new serial which will begin in our next issue. The author needs no introduction to readers who have enjoyed his "Graustark," "Brewster's Millions" and other fascinating stories.

McCutcheon, you know, is the author who went to New York with the MS, of a new novel in his gripsack and carried away a check for \$15,000 advance royalty. And his publishers weren't disappointed

He is the man who wagered he could sell a story on its merits without his name. "Brewster's Millions," which found a publisher and millions of readers before the real author was known, was the result. Look for "Beverly of Graustark" to begin
