The Largest, Best-Equipped and Cleanest Flat Plug Tobacco Manufacturing Plant in the World

The Reynolds factories, equipped with every modern appliance for producing the best chewing tobacco by a clean, sanitary and healthful process, under the direction of men who have made the business a life study, are located in the centre of the Piedmont tobacco

belt, known to the world as the best productive soil for tobacco with an aroma so delightful, pleasing and appetizing that it created and popularized

the fondness for chewing tobacco. Only choice selections of this wellmatured, thoroughly cured leaf are used in SCHNAPPS and others of the high-grade Reynolds brands, and expert tests prove that this tobacco requires and takes a smaller amount of sweetening than any other kind, and has a wholesome, stimulating and satisfying effect on chewers.

SCHNAPPS is the brand that made the Reynolds factories famous as the manufacturers of the best and most popular brands of chewing tobacco, and made necessary the

enormous growth from a small factory in 1875 to the largest flat-plug factoryintheworld. The men who started the

Reynolds Co., in 1875, are directing it to-day. There are a greate number of manufacturers making imitations claimed to be just as good as SCH, APPS than any commodity manufactured; yet there are more pounds of SCHNAPPS chewed than the total amount of all imitative brands, or tobacco of similar appearance.

se sure the letters on the tag and under the tag spall S-C-H-N-A-P-P-S, and you will have the growing.

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.
