My, my! What will the head coverings of our fair sex be next? Not long since they had to take their head covering off and turn it edge-wise to pass through a three foot door, now we see in the new fall stock the peck, half-bushel and bushel measures with the cock's wing and sometimes the whole cock setting there on.

Report of Grand Jury.

The Grand Jury, having finished their labors came into Court Friday evening, and submitted the following report and were discharged with the thanks of the Court:

"We, the Grand Jury, beg to submit this our report. We have examined and considered all the bills of indictment before us and have made inquiry and investigation into the offices of Clerk, Register of Deeds, Sheriff and Jailer and find all in a satisfactory condition.

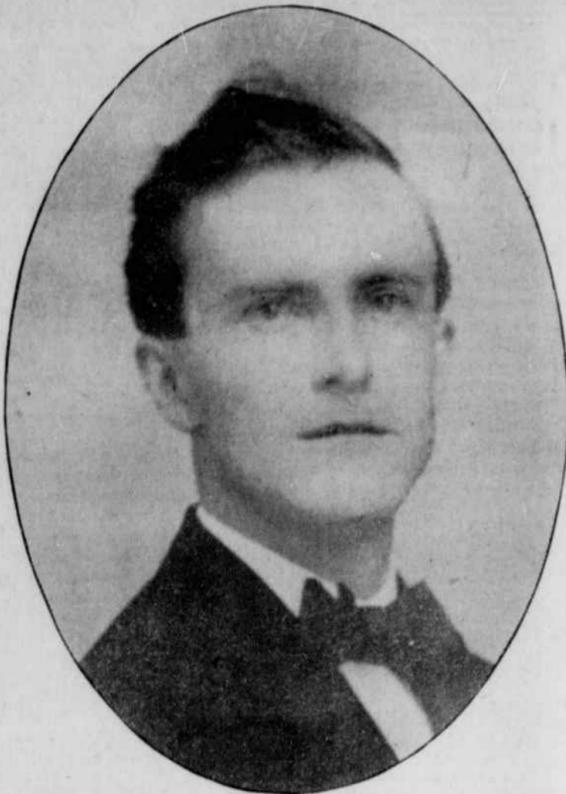

"We have visited the County Home for the Aged and Infirm and find the Superintendent of the Home provides for the inmates all the necessary comforts. The inmates report they are all well fed and cared for.

"Owing to the congestion of the docket the Grand Jury recommends that an inferior Court be established for the purpose of disposing of civil and criminal cases of minor importance.

"Respectfully,
"W. H. McCULLERS,
"Foreman Grand Jury."

Democratic Nominee for the Senate.

MR. O. A. BARBOUR, OF BENSON.

Mr. O. A. Barbour, Democratic nominee for the State Senate from the 15th Senatorial District, was born in Johnston County in 1883. Reared on a farm, the pure air and invigorating sunlight inculcated into the restless spirit of his youthful soul an early love of freedom and developed a strength of will and the power to endure. Thus early in life he was taught by a sturdy parentage to overcome opposition and to conquer difficulties. His early life was spent in working on a farm in close touch with nature. At the age of seventeen he began attending a preparatory school and later entered the State University, where he graduated in Law in the class of 1904. Locating at Benson, his home town, he began the practice of law, and by his student-like devotion to his chosen profession, he soon built up a splendid practice. By his sturdy character, by loyalty to truth and honesty, and by the uprightness of his private life he has won the esteem and support of his fellow-countrymen. As a partial recognition of his fitting ability and clean life he was elected Mayor of Benson in July, 1909.

As a boy Mr. Barbour was ever ready to point out to his play-mates

convincing reasons why he was a Democrat. As a young man he always felt that he had failed in his duty did he not show to other men the dangers of Republicanism. As a citizen his loyalty to Democracy and his party devotion have never been questioned. Ever ready to go where his services were required, or where his party's interests called him, his nomination by the Democrats for the State Senate is but a fitting recognition of his devotion to duty. No stronger man could have been nominated to represent Johnston, Sampson and Harnett Counties in the State Senate. Strong and clean "in public life and in private thinking," he will conduct a campaign worthy of one of Johnston County's most scholarly sons. He does not abuse those who differ with him politically. He reasons with them. A student himself, he believes that other men should be appealed to only through the powers of reason, and not by corrupt methods in politics.

Mr. Barbour has as his running mate Mr. J. R. Baggett of Harnett County, who is also a strong man. Let every true Democrat rally to the support of these two men and this district will be ably represented in the next State Senate.

CLAYTON HAPPENINGS.

Clayton, Sept. 21.—Miss Ethel Underhill, of Raleigh, spent part of last week the guest of Mrs. A. T. Beddingfield.

Mr. John W. Yelvington, one of Polenta's most progressive farmers and gin men, was in town Wednesday on business.

A very important meeting of the directors of The Clayton Building & Loan Association was held in the Building & Loan office Tuesday night.

Hon. Ashley Horne, Democratic nominee for the House of Representatives, left Tuesday afternoon for Greensboro to attend to his financial interests there.

Mr. J. W. Barnes, of Archer, passed through here Tuesday enroute for Richmond, Va., where he will spend several days.

Messrs. J. J. Ferrell and Y. M. Holland left Tuesday morning for Richmond and other points to buy goods for the enterprising firm of J. J. Ferrell & Co.

Mr. W. Lester Stancil, Democratic nominee for County Treasurer, spent Tuesday afternoon in Raleigh on business.

Mrs. Robt. A. Wall arrived Tuesday afternoon from her parents' home at Garner where she has been since her return from the Hospital in Norfolk. The many friends of Mr. and Mrs. Wall will be glad to learn that she has almost entirely recovered.

A little over two years ago the citizens of Clayton organized The Clayton Building and Loan Association with only about three hundred shares. Since that time the Association has grown until they have near eleven hundred shares. During that time the association has built several of the handsomest residences in town and continues to add new shares to the association. Mr. L. H. Yarboro, the soliciting agent, has quite a number of new shares for the new series that begins the first Saturday in October. No better investment can be found for the man who wants to save his weekly wages and lay up dollars that will be needed in his old age.

Little Julian Barnes, the two months old child of Mr. and Mrs. Joe T. Barnes, died Tuesday afternoon after an illness of several days. The burial service was conducted Wednesday afternoon at the family burial ground about three miles east of town by Rev. George B. Starling pastor of the M. E. Church. The sympathies of the town are extended to the grief-stricken parents.

After a lingering illness of several years, Mrs. Gray Gulley succumbed to a complication of diseases and passed peacefully away at the home of her son, Mr. H. O. Ellis, Tuesday night. Mrs. Gulley was of mature years being one among the oldest ladies of our town. The funeral service was conducted Wednesday afternoon from the M. E. Church by Pastor G. B. Starling, and the interment was immediately afterwards in the family cemetery about two miles south of town.

Tonic or Stimulant?

There is an immense difference between a tonic and a stimulant. Up one day, way back the next; that's a stimulant. Steady progress day by day toward perfect health; that's a tonic. Ayer's Sarsaparilla is a tonic, a strong tonic. The only Sarsaparilla entirely free from alcohol. Do not stimulate unless your doctor says so. He knows. Ask him. Do as he says. J.C. Constipation is the one great cause of sick-headache, biliousness, indigestion, bad breath, debility, nervousness. Has your doctor ever recommended Ayer's Pills to you?
