"I wouldn't take a thousand dollars for the good VINOL has done me. I was told that Cod Liver Oil was the medicine I needed for my weakened condition and poor blood. I could not take the greasy mixture, and when our druggist told me that VINOL contained not only tonic iron but all the medicinal properties of Cod Liver Oil without the grease or oil or bad taste, I made up my mind that was the medicine for me. I tried it and to-day am strong and well."

We guarantee the genuineness of the above testimonial.

We sell VINOL with the understanding that if it does not give the purchaser perfect satisfaction, we return his money without question. Will you try a bottle under these conditions?

### MR. TAFT ON INTOXICANTS.

President of United States Says Total Abstinence is the Safest Plan.

Columbus, Ohio, February 12.—President Taft, in a letter dated December 29, 1910, and read in 3,000 Sunday schools in the United States to-day, sounded the keynote of a total abstinence movement. The letter is addressed to Sunday school pupils as "My Dear Young Friends," and reads:

"The excessive use of intoxicating liquor is the cause of a great deal of the poverty, degradation and crime of the world, and one who abstains from the use of such liquor avoids a dangerous temptation. Abraham Lincoln showed that he believed this in writing out for his boy friends the pledge of total abstinence, so often quoted. Each person must determine for himself the course he will take in reference to his tastes and appetites, but those who exercise the self-restraint to avoid altogether the temptation of alcoholic liquor are on the safe and wiser side."

Dr. Howard S. Russell, of Westerville, Ohio, founder of the Anti-Saloon League, also is founder of the Lincoln Legion, which instigated to-day's services throughout the United States.

The movement will be directed as the Total Abstinence Department of the Anti-Saloon League, with national headquarters at Westerville.

### THERE'S NO RISK.

If This Medicine Does Not Benefit You Pay Nothing.

A physician who made a specialty of stomach troubles, particularly dyspepsia, after years of study perfected the formula from which Rexall Dyspepsia Tablets are made.

Our experience with Rexall Dyspepsia Tablets leads us to believe them to be the greatest remedy known for the relief of acute indigestion and chronic dyspepsia. Their ingredients are soothing and healing to the inflamed membranes of the stomach. They are rich in pepsin, one of the greatest digestive aids known to medicine. The relief they afford is almost immediate. Their use with persistency and regularity for a short time brings about a cessation of the pains caused by stomach disorders.

Rexall Dyspepsia Tablets will insure healthy appetite, aid digestion and promote nutrition. As evidence of our sincere faith in Rexall Dyspepsia Tablets, we ask you to try them at our risk. If they do not give you entire satisfaction, we will return you the money you paid us for them, without question or formality. They come in three sizes, prices 25 cents, 50 cents and \$1.00. Remember you can obtain them only at—The Rexall Store—Hood Bros.

### Quickly Cures Coughs, Colds and Catarrh.

If you, dear reader, could spend an hour looking over a few of the thousands of testimonials that we have on file, you would not go on suffering from catarrh, that disgusting disease that will surely sap your vitality and weaken your entire system if allowed to continue.

You would have just as much faith in HYOMEI as we have, and we have so much confidence in its wonderful curative virtue that it is sold the country over under a positive guarantee to cure catarrh, croup, sore throat, coughs and colds or money back.

No stomach dosing when you breathe HYOMEI. Just pour a few drops of the liquid into the inhaler, and breathe it in.

It is mighty pleasant to use; it opens up those stuffed-up nostrils in two minutes, and makes your head feel as clear as a bell in a short time.

Breathe HYOMEI and kill the catarrh germs. It's the only way to cure catarrh. It's the only way to get rid of that constant hawking, snuffling and spitting.

A complete HYOMEI outfit, which includes a bottle of HYOMEI and a hard rubber pocket inhaler, costs \$1.00 at Hood Bros., and druggists everywhere. If you already own a Hyomei inhaler you can get an extra bottle of HYOMEI for 50 cents.

"We have used HYOMEI in our family for the cure, and breaking up of coughs, colds, sore throat and catarrhal affections, and can say that it is a grand remedy worth its weight in gold." Mrs. John Cooper, South Wayne, Mich.

### Gems From Washington's Farewell Address.

The very idea of the power and the right of the people to establish government presupposes the duty of every individual to obey the established government.

There is an opinion that parties in free countries are useful checks upon the administration of the government and keep alive the spirit of liberty. This within certain limits is probably true, and in governments of a monarchical cast patriotism may look with indulgence, if not with favor, upon the spirit of party. But in those of popular character, in governments purely elective, it is a spirit not to be encouraged.

Of all the dispositions and habits which lead to political prosperity, religion and morality are indispensable supports.

Observe good faith and justice toward all nations. Cultivate peace and harmony with all.

Against the insidious wiles of foreign influence I conjure you to believe me, fellow citizens, the jealousy of a free people ought to be constantly awake, since history and experience prove that foreign influence is one of the most baneful foes of republican government.

### Torrens-System Facts.

The Torrens system of land titles is one whereby the State has a particular piece of land surveyed, then has the title examined by a State's attorney, and then issues a guaranteed title in simple form (which may be transferred practically without cost) like the stock certificates of a corporation. This certificate, carrying the State's guarantee, puts a period to all examination of the titles and therefore saves expense and simplifies all transactions in land. Originating in New Zealand, the Torrens system has rapidly made headway all over the world, especially in new countries. Its simplicity and utility are assurance that we in North Carolina should adopt it now and shall surely adopt it at no distant date. The question is simply how long we shall pay the vexing costs of the old method and still suffer a degree of uncertainty; or how soon we shall begin to save the cost of having titles examined over and over again, every time there is a land transaction of any nature. Under the Torrens system the new deed or certificate is instantly transferable for sale or for use as collateral. Its use temporarily for collateral involves no publicity, any more than the stock certificate of a cotton mill or any other corporation does. Bankers and building and loan people want it because it saves costs and simplifies loans on real estate. Farmers want it for the same reason and also because of the no-publicity feature. The Torrens system insures the title beyond question, and yet there are no mortgages, mortgage records or mortgage costs. Being purely permissive, it is never compulsory; if any one would rather keep in the old rut, there is nothing to hinder him from doing so. These, in brief, are the principal outlines of the Torrens system.—Charlotte Observer.

### PENSION BILL IN SENATE.

Measure Increasing Payments About \$45,000,000 Reported.

Washington, Feb. 13.—By a vote of 8 to 3 the Senate Committee on Pensions to-day agreed to report to the Senate the Sulloway general pension bill, which has already passed the House. It was amended so that the annual cost, in addition to the \$153,000,000 estimated for the ensuing year, will be about \$45,000,000. As the bill passed the House it would have cost about \$50,000,000.
