In Memoriam.

On Thursday night, June 14th, 1917, the death angel visited the home of Mr. R. L. Barfield and took from him his beloved wife, Mrs. Barfield joined the Christian church several years ago and was a devoted Christian.

The deceased was born October 13, 1891, and died June 14, 1917, making her stay on earth 25 years, 8 months and 1 day. She was a kind and loving mother. She left a husband and two children, the older one about two years old and the little boy about two months old. She was loved by all who knew her. She has entered that sweet heaven of eternal rest to be with her dear beloved one and the redeemed of God.

She leaves a father, mother and three brothers and two half-brothers and a host of relatives and friends to mourn her death, but we feel that our loss is her eternal gain.

She was laid to rest in the Cole cemetery to await the resurrection morn.

Picnic At Jones School House.

The third annual Sunday school picnic was held at Jones school house Wednesday, July 4th, 1917. All the people in the community were present. The people came about 10:30 A. M. Lemonade was served by the gallon all day. The dinner was spread on the table about 12:30 and disappeared very quickly after being attacked by the crowd. Mr. Sam Thornton and family, former residents of the community, were present. Mr. M. F. Caudill was the guest of the day, but arrived just after dinner, to his sorrow.

After dinner songs were sung and recitations were given by Miss Margie Benoy and Miss Clara Thornton, of Selma.

The young people amused themselves the entire day with the old reliable game, "Drop the Handkerchief." About 3:30, after a happy time, the farmers returned to their homes to renew the war with the grass.

TO THE HONORABLE BOARD OF COMMISSIONERS OF THE TOWN OF SMITHFIELD, NORTH CAROLINA:

I, H. L. Skinner, Mayor of the Town of Smithfield, N. C., hereby request your Honorable Body to pass as an emergency measure, the following and attached resolution, entitled, "A Resolution authorizing the paving with sheet asphalt pavement of certain streets between designated points in the Town of Smithfield, N. C., and providing for assessment of the abutting property owners to defray part of the cost of the same under, and by virtue of, Chapter 56 of Public Laws of North Carolina, 1915." The said resolution authorizing the paving of certain portions of Second and Bridge Streets.

I do hereby request that the said resolution be passed as an emergency measure at the regular meeting of the Board of Commissioners of said Town on this date.

This 3rd day of July, 1917.
H. L. SKINNER,
Mayor.

A Resolution authorizing the paving with Sheet Asphalt Pavement of certain streets between designated points and providing for assessment on the abutting property owners to defray part of the cost of same, under and by virtue of Chapter 56, Public Laws of North Carolina, 1915.

Be it Resolved by the Board of Town Commissioners of the Town of Smithfield:

That Whereas Second Street, from Market Street to Bridge or Smith Street, and Smith or Bridge Street, between Second Street and Neuse River Bridge, are badly in need of repairs and improvements, and the welfare and convenience of the public at large require that said streets should be graded, improved, and paved within the limits aforesaid, with asphalt or other suitable pavement, and the Board of Commissioners of the Town of Smithfield hereby find that the above improvement is necessary; and

Whereas, further a majority of the owners, who represent more than a majority of the lineal feet of frontage abutting upon Second Street between Market Street and Bridge or Smith Street, and Bridge or Smith Street, and Neuse River Bridge, have petitioned the Board of Commissioners of the Town of Smithfield, to pave the same with asphalt pavement, requiring in said petition that two-thirds of the cost of said pavement be assessed upon their lots abutting directly on said streets, according to their respective frontages thereon, by an equal rate per foot of said frontage; and

Whereas the said petition was duly filed with the Clerk of the Town of Smithfield, who investigated the sufficiency thereof and certified the result of his investigation to the Board of Commissioners of said Town to the effect that a majority in number of the owners, who represent more than a majority of all the lineal feet of frontage of the lands abutting upon Second Street between Market Street and Smith or Bridge Street, and Smith or Bridge Street between Second Street and Neuse River Bridge, have duly signed said petition and that said petition complies with Chapter 56 of Public Laws of 1915 in all respects; and

Whereas the Board of Commissioners of the Town of Smithfield finds that the petition is sufficient in all respects, and that Chapter 56 of Public Laws of 1915 has been complied with in all respects, as to the filing and certifying of this petition to the Board of Commissioners; and

Whereas, the Board of Commissioners of the Town of Smithfield is of the opinion that all of the said streets above mentioned between the points designated and proposed to be paved, should be paved with asphalt of the kind and character required and specified by an Engineer to be employed by the Town to have charge of said construction; and

Whereas, in order to secure uniformity of work done, the Board of Commissioners is of the opinion that the work should be let out to contract in whole, by order of this Board under the assistance of Gilbert C. White, the engineer employed by said Town, and that this method would be better and cheaper for the property owners and for the Town; and

Whereas, said Board of Commissioners is of the opinion that the pavement aforesaid is the best and most suitable for said streets, and that said improvements should be made as aforesaid, to-wit, by contract for the whole work, and that two-thirds of the cost of said pavement should be assessed upon the lots abutting directly on said streets, within the limits above prescribed, according to their respective frontages thereon by an equal rate per foot of said frontage;

NOW THEREFORE, Be it and it is hereby resolved by the Board of Commissioners of the Town of Smithfield, N. C., in a regular meeting sitting this 3rd day of July, 1917, That Second Street, between Market Street and Bridge or Smith Street, and Smith or Bridge Street, between Second Street and Neuse River Bridge, be paved with asphalt pavement as aforesaid, under and by virtue of Chapter 56 of the Public Laws of 1915, and the procedure thereunder as hereinbefore set forth, and the General Laws of the State existing. And it is further resolved, That two-thirds of the cost of said pavement on each of the said streets aforesaid, within the limits prescribed, be hereinafter assessed upon the lots abutting directly upon said streets according to their frontage thereon, by an equal rate per foot of said frontage, the assessment against the said lots abutting on said streets to be based upon the total cost of paving that street within the limits prescribed, upon which said lots abut, exclusive of so much of the cost as may be incurred at street intersections.

Be it and it is hereby further resolved, That the proposition of the cost of said improvement herein provided for on the streets above designated, to be assessed upon the abutting property, shall be divided into ten equal annual installments, the said installments bearing interest at

the rate of six per cent per annum, from the date of the confirmation of the assessment roll, and shall become due and payable on the date on which taxes are payable, the first installment to be due and payable on the date on which taxes for the year 1917 are due and payable, and each year thereafter for a period through and including the year 1926.

E. S. SANDERS,
Clerk.
