SUPREMACY AMONG "TALKING MACHINES" IS NOT CLAIMED FOR THE NEW EDISON

The NEW EDISON is not a "talking machine." It does what no talking machine can do; what no talking machine manufacturer would dare attempt to do.

The NEW EDISON has been compared in public, before 400,000 music lovers, with such great artists as Marie Rappold, Anna Case, Julia Heinrich, Alice Verlet, Christine Miller, Arthur Middleton and Thomas Chalmers (as well as a dozen others). Thus it was proven, beyond all question, that the living voices of these great artists cannot be detected from The NEW EDISON'S Re-Creation of them. Remember that the artists stood beside The NEW EDISON and sang in direct comparison with it, and that the audiences could not distinguish the artists' voices from The NEW EDISON'S Re-Creation of those same voices.

The NEW EDISON has accomplished Mr. Edison's ambition to Re-Create all forms of music with such literal perfection that the original and the Re-Creation would be indistinguishable.

COME TO OUR STORE and hear The NEW EDISON Re-Create the world's great voices.
