Jasper Wiggs Writes Interestingly of His Introduction to Army Life.

Dear Editor:

We arrived at Camp Jackson O. K. We have stood the physical examination and I think all the Johnston County boys passed off everything all right.

We began drilling Monday, and have been drilling some every day since. I believe the boys are all learning the art very rapidly, and will probably like it all right after we are more familiar with the rules. We lodge in barracks and it happened that nearly all the boys from Johnston are rooming in the same barracks. Practically all our boys seem to be greatly interested in this work, and I am quite sure that the majority will make soldiers that will be an honor to Old Johnston.

There are quite a number of boys down here, and I am proud to say that most of them seem to be entering cheerfully. I believe we will eventually learn to like Army life fairly well.

Another helpful feature is the Y. M. C. A. work. There are services twice every Sunday and other services during the week. We have had lectures two nights this week. Another feature is the Bible Study Class. They are organizing classes and giving the soldiers a chance at entering. I enrolled in one of the classes Sunday.

This is indeed a splendid place to develop man in many ways. We are getting plenty to eat, plenty of sleep, plenty of work and plenty of recreation. I believe every man would be benefited by Military experience.

It seems to me that there is a big Army down here now, but when I think of only 5 per cent, I can hardly realize the bigness by the time all get here.

I received The Herald to-day. It seemed right good to read my old county paper once more. The other boys from Johnston were also eager to read it.
