GIVING ONE DAY'S WORK.

The North Carolina Orphanage Association, composed of representatives from the orphanages of the churches and fraternal organizations, have made a strong appeal to the people of the state to remember the orphan children at this Thanksgiving season.

The churches and Sunday schools of Smithfield will observe Orphanage Day next Sunday and the members are asked to contribute as liberally as they possibly can to this great work.

The appeal that comes from the fatherless, motherless and homeless children of the State is a strong one, and one that a sympathetic person cannot easily pass by. This cause is one that lies very close to the hearts of a great many people, and they are always glad to contribute to the support of the orphanages.

Let us all remember the orphanages and do all we can to help them at this Thanksgiving season, when so many are blessed with an abundance of this world's goods.

STATES WHERE WOMEN VOTE.

Two, years ago New York refused to adopt the woman suffrage plank by a good majority. In the recent election the State reversed itself and is now in the suffrage column. There are now nineteen States where women are permitted to vote for Presidential electors.

An increase of many hundred acres in wheat in this county this Fall means that the people will have more home-made flour next year than ever before.

President Johnson of the American Baseball League announces that exemption will be asked for 288 baseball players, 18 from each of the 16 clubs of the American and National League.

THREE SOLDIERS WIN FAME.

Some men win fame by giving to the world some great invention, some great literary production, or some great musical composition. Others win fame by giving to their country and the world patriotic service in the halls of legislation or on the field of battle.

It is estimated that for the six weeks ending December 15th, that 62,600,000 new pennies and 15,000,000 new nickels will be put in circulation by the treasury.

President Horne.

Mr. Chas. W. Horne of Clayton has made formal acceptance of the position of president of the North Carolina State Fair Association that was recently tendered him. In doing so Mr. Horne gave expression to certain views, backed with an unquestioned determination that gives assurance to the people of North Carolina that the State Fair is playing in good fortune.

President Horne has a proper conception of what a State Fair should be to deserve the name, and he has the energies and resourcefulness to give the Raleigh institution an impetus in the right direction.

Death of Mr. S. M. Spence.

Mr. S. M. Spence, one of Clayton's best known and highly respected citizens, died at his home on Main street last Saturday morning, after a protracted illness of Bright's disease, which culminated in a stroke of paralysis on Friday before his death Saturday.

The deceased had been a resident of Clayton for nearly 17 years, and his quiet and unassuming disposition, and honesty and integrity had won for him as friends all who knew him.

Mr. Spence was born on the 8th day of October, 1861, making him at the time of death 56 years old. He had been a member of the Baptist church for a number of years, and died in an unswerving faith in the truths of the religion he professed.

The funeral services were held from the late residence Sunday afternoon at 2:30 by Rev. A. C. Hamby, pastor of the Baptist church. A large concourse of people attended the services.

The reports of the winter wheat crop just planted indicate that the acreage is 25 per cent larger than last year.

BRITISH WIN GREAT VICTORY.

London, Nov. 22.—The six-mile wedge driven into the German defenses in the British offensive on the Arras-St. Quentin front is penetrating still deeper and spreading out, Reuter's correspondent at British headquarters in France telegraphs today.

The prisoners in the advance now number more than 9,000, the correspondent reports.—News and Observer.
