**AT LAST MIGHTY MANTONE**  
IS HERE.

Say Local People Know a Good Thing When They See It.

Mantone is here. This statement will be good news to the many people here who have heard of the good work accomplished by this great non-alcoholic nerve, blood and brain tonic and reconstructor for men and women in other parts of the State.

"We are mighty glad to be able to get Mantone here, too," said the Mantone Medical Director, "for the people of this section have the reputation of knowing a good thing when they see it. We fully intended to have Mantone here long ago but the people in other sections accepted it so greatly that our supply was taxed. Now, however, we are able to keep up with the great demand for we have made laboratory increases.

"When you buy Mantone you get the prescription that was used by a celebrated doctor to build new strength, health and life in nervous, half-sick and rundown men and women with such great success. The iron in Mantone enriches the blood and increases the strength and endurance and enables the blood to change food into living tissue. Then there is phosphorus in Mantone which strengthens and vitalizes every organ of the body.

"Mantone contains no alcohol—its all medicine. You can't go wrong on it, for here's our guarantee—no relief, no cost."

Mantone—"Makes You Feel Good All Over;" is sold here by Cecch Drug Co.; Kenly, R. T. Fulghum; Clayton, Popes Drug Co.; Selma, Selma Drug Company. (Advertisement.)

**AND NOW THEY ARE COOKING**  
TOBACCO TO MAKE IT BETTER

For a good many years The American Tobacco Company have been conducting a series of experiments having as their object the improvement of smoking tobaccos.

And it is interesting to know that one of the greatest of their discoveries was one of the simplest, and that was, that cooking or toasting tobacco improved it in every way, just as cooking most foods improves them.

They took a real Burley tobacco, grown in this country; toasted it as you would toast bread; moistened it to replace the natural moisture driven off by toasting; made it into cigarettes, called them "LUCKY STRIKE, the toasted cigarette," and offered them to the public.

The result has been the greatest demand ever created for any tobacco product in a similar length of time.

The change produced by toasting is not only most wholesome, but the flavor is greatly improved, just as cooking improves meat, for example.
