The bicycle is still barred from the streets of Constantinople or the highways leading to it.

Mending Grain Bags.

It is quite a while yet until threshing time but the time will roll around and catch you without your grain bags mended.

Mix up a smooth thick paste of flour and cold water. The paste must not be cooked. Take one of the bags to be patched and lay in on a smooth surface and with a paint brush paste the patch well.

On a large hole it is best to place a piece of paper in the bag under the hole so the patch will not cook to the opposite side of the bag.

There was a record production of sulphuric acid in the United States last year, exceeding the previous year by at least 600,000 tons.
