

Tarborough,

FRIDAY, JULY 4, 1828.

We are requested to announce KENETH HYMAN, as a candidate to represent this County in the House of Commons of the next General Assembly of this State.

Signs of the Times.—The Newbern Sentinel has changed owners—the present proprietors, in an address to its patrons in their paper of Saturday week, state that in consequence of “a division of opinion between its former editors on the claims of the individuals who were before the public as candidates for the Presidency,” the paper became “as strictly neutral as possible”—but

“Recently, the Sentinel has become the joint property of the present proprietors, who, anxious to maintain for it that neutral character which it has heretofore sustained, published a Circular declaring their intention to pursue that course which was best calculated to give mutual satisfaction to their patrons, and a positive assurance to do nothing which could produce any additional heat in the political atmosphere around it;—but at the same time tendering their press and services to either or both parties, for the publication of any matter in relation to the subject of the Presidency, in the shape of pamphlets, or a separate paper, to be under the guidance and direction only of the party having it published. This proposition, made with a view to the pecuniary advantage of the editors, and extended alike to all, has excited the resentment of the friends of the Administration, many of whom have withdrawn their support from the Sentinel. Feeling that this act of hostility on the part of the friends of Mr. Adams was altogether unmerited and uncalled for, the editors of the Sentinel can only express their regret that their efforts to please and conciliate, have not been met. And since they are no longer bound by the reasons which originally directed their course, they have now to state, that their columns will be open to the support of Andrew Jackson. But while they are resolved to use every honorable means within their power to promote his election, they will not admit to their pages any thing of a private or personal character, calculated to wound the feelings of others.

“Having taken this stand then, the editors of the Sentinel look with confidence to their friends for a generous support.”

Signs in North-Carolina.—A letter to the editors of this paper, (says the Raleigh Star,) dated Stantonsburg, Edgecombe county, N. C. June 29, says, “Jackson is gaining ground daily. The electioneering pamphlets, improperly called “official,” forwarded by Culpeper, have put the Jacksonians on their guard, and caused many of the Adamsites to become lake-warm, whilst others have be-

come converts and will certainly support Old Hickory.”

Warrenton, June 26.—An attempt to rob the Mail, was made on Friday night last, half way between Warrenton and Louisburg. The villain cut one of the straps of the boot and a hole in the great mail bag from the North for the large cities of the South, but owing to the chains with which the leather is bound, succeeded in getting out only a few newspapers, for which he seems to have had no taste, as he left them in the road.—Reporter.

Fayetteville, June 25.—This town was visited on Friday last, about 11 o'clock in the forenoon, with a thunder storm of unusual severity, attended with rain. During its continuance, the Franklin rod attached to the steeple of the Presbyterian Church, was struck by the lightning. The dwelling-house of Mr. Charles B. Jones was also struck and entirely consumed. Fortunately, the flames extended no further. Most of the furniture was saved, and very providentially, Mr. Jones and his family had removed, but the evening before, to their summer residence in the country.—Jour.

Lightning.—On Tuesday, the 10th inst. Martin Shelly, son of John Shelly, was struck dead by lightning, at his father's residence, two miles west of Jamestown. We understand, that young Mr. Shelly was up stairs fixing a window near the chimney, where the rain was beating in from the violence of the storm, that his sister was standing near him, and another person in the same apartment; his sister was considerably shocked and fell, but received no injury; the other person not affected.—Greensboro' Patriot.

Guilford Gold.—We have endeavored to ascertain the exact amount of gold that has been found in this county, but find it to be almost impossible; there are eight or ten mines at which a considerable portion of gold is found every day. We are assured that at least \$10,000 worth of precious metal has been found in this county since the first day of September last.—ib.

Tallahassee, (Florida) May 3... The prospects for the coming crops are very flattering, and it is hoped that our days of tribulation and trouble, on the score of hog and hominy, are about to be numbered. Considering the immense number of new and hungry mouths, lately visited upon us, we do not look with much surprise, upon the present high price of provisions. Add to which, the long continued drought of last season, and the want of winter throughout our bacon country, and all must concur, that we are now in a state of things never again to be looked for.—Adv.

Expedition to the South Seas... We learn that orders have been issued from the Navy Department to our squadron on the West India station, for the immediate return to New-York of the U. S.

sloop of war Hornet, to undergo complete repairs for the intended expedition to the South Seas; and that orders have also been sent to several of our naval officers on distant stations, to hold themselves in readiness for accompanying this expedition. Much credit is due to our intelligent fellow-citizen, Mr. Reynolds, for his exertions in promoting an object which promises to be highly beneficial to the commercial interests of our country.—Wash. Stop the Thief.

ON Thursday, the 24th inst. a man came to my house, and after remaining through the day, he decamped in the night taking with him a small cat-ham'd roan horse, about 8 years old, and in good order—he also took a plaid cloak nearly new, a pair of blue cloth pantaloons, and a waistcoat. His name is not known—he is about 5 feet 10 inches high, dark complexion, 25 or 30 years of age, and had on dark colored clothes. I will give a reward of Ten Dollars for the recovery of the property, and would be much gratified in having the fellow punished, if he could also be secured—any information respecting them will be thankfully received.
