Tarborough,

FRIDAY, JANUARY 23, 1829.

Jail Breaking.—On Monday night last, an ineffectual attempt was made to liberate the prisoners confined in the jail in this place. The outside door was broken open, and files, &c. conveyed into a lower apartment, through a small aperture to the prisoners. It is supposed that day-light interrupted the operations of those engaged in this daring attempt.

General Assembly.—The recent session of the Legislature of this State continued 55 days, being the longest ever held by that body. Among the unfinished business, introduced into the Senate towards the close of the session, we find the following bills, which were laid on the table on their second reading:

MR. WILSON presented a bill to appreciate to notes of the several Banks in this State; which passed its first reading. (This bill provides that, in case of failure of the Banks of this State to pay their notes in gold or silver on demand, on or before the 1st of December next, the holder of every such note may recover of the said Banks, in addition to principal, interest and cost, damages, at the rate of six per cent. per annum, from the time at which the same shall have been demanded until paid. It also pledges the faith of the State, and makes individual stockholders liable, in their individual capacity, (in proportion to the stock owned by each,) for all deposits made in, and for all notes issued by the Banks.)

Mr. Wellborn presented a bill authorising the issuing of 50,000 dollars in Treasury Notes.

Raleigh, Jan. 15.—On Friday last, Caldwell Jones, Marsden Campbell and Andrew Joyner, Esquires, were elected the Board of Internal Improvements for the present year.—*Star.*

Congress.—The bill appropriating fifty thousand dollars for the exploring expedition to the South Seas and Pacific Ocean has passed the House of Representatives.

Petersburg, Jan. 19....The market—generally prices remain stationary, and business continues rather inactive. This is owing in some degree to the want of commercial information from Europe, and besides at this season there is usually less intercourse with the country than at any other time of the year. We quote Cotton, 3 a 9½—Wheat, 1 40 a 1 50—Corn, 24—Pork, 3½.—*Times.*

Foreign.—By an arrival at Boston, intelligence has been received from Smyrna to the 1st of November—within eight days of the latest news at this port from Liverpool. It is stated, that a great battle was fought on the 19th October, between the Russians

and Turks, before Shumla, in which the latter are said to have lost 30,000 men.

[Paris papers to the 30th November, have since been received at New-York, which do not confirm the account of the above battle.]

Commercial letters from Alexandria, in Egypt, dated on the 30th Sept. state, that the crop of Cotton for 1828, will amount to 65,000 bales. The most of it will be sent to Trieste and England.

MARRIED,

In this county, on Sunday night last, **Spencer L. Hart**, Sheriff of this county, to **Miss Louisiana Pender.**
