

will South Carolina feel less confidence in the conservative character of her remedy, which she believes to be in perfect harmony with a true exposition of the doctrines of the resolutions of 1793, by the recent testimony afforded of its efficacy in a pacific accommodation of the late controversy with the Federal Government, although that government has attempted to destroy the authority and efficiency of this remedy, by the contemporary passage of an act perpetrating a worse and more aggravated outrage on the Constitution, which has again demanded the interposition of this Convention.

With this brief justification of the principles of South Carolina, your committee take leave of the subject, assuring the ancient and distinguished Commonwealth, whose mission has been borne by her Commissioner, with an ability, temper and affection corresponding with her own dispositions, that in the struggles for liberty and right which we apprehend from the antagonist principles now fearfully at work, between those who support a limited and economical system of government, and those who favor a consolidated and extravagant one, which the States in a minority are destined to wage, she will find in South Carolina a faithful, devoted ally in accomplishing the great work of freedom and union. If she cannot say, with Virginia, that consolidation and disunion are equivalent evils, because she believes with their own Jefferson, that consolidation is the greatest of all political curses to which our federative form of government can have any possible tendency, she nevertheless affirms and challenges the production of any event in her history to disprove the declaration, that she is devoted to the union of these States, on the very terms and conditions of that compact out of which the Union had its origin, and for these principles she is prepared to peril at all times and under all circumstances the lives and fortunes of her people.

Your committee conclude by recommending the adoption of the following resolutions:

Resolved, That the President of this Convention do communicate to the Governor of Virginia, with a copy of this Report and these Resolutions, our distinguished sense of the patriotic and friendly motives which actuated her General Assembly in tendering her mediation in the late controversy between the General Government and the State of South Carolina, with the assurance that her friendly councils will at all times command our respectful consideration.

Resolved, That the President of this Convention likewise convey to the Governor of Virginia, our high appreciation of the able and conciliatory manner in which Mr. Leigh has conducted his mission, during which he afforded the most gratifying satisfaction to all parties in sustaining towards us the kind and fraternal relations of his own State.

Adopted in Convention, March 15th, A. D. 1833.

ROBERT Y. HAYNE, President.
Isaac W. Hayne, Clerk.

The last Halifax Advocate appears in an enlarged and improved dress. We hope the enterprising publisher will realize that increased patronage which he so richly merits, on account of his talents and assiduity, and in adopting this new and as we should conceive, rather hazardous experiment.

Among the recent appointments by President, announced in the Globe, we find the following:—

Same Gwin to be Register of the Land Office for the District of Land subject to sale in the North Western District of the State of Mississippi.

This individual has been three times before the Senate for a confirmation of the same appointment, and has been three times rejected. It is much to be regretted that the President and his official advisers cannot come to a better understanding relative to the merits or demerits of this same gentleman.

On Dits.—Letter writers from the metropolis speak of great changes in the Cabinet—Mr. Stevenson is to go to London, Mr. Livingston to France, Mr. McLane is to be left at the head of the State Department, Mr. Woodbury is to come into the Treasury, and Mr. Forsyth to succeed him in the Navy Department. The other great men are to remain in statu quo—but it is expected the Secretary of War will resign. Many removals are spoken of in the different Clerk De-

partments, &c. Cela viendra, as Bonaparte said, we shall believe these things when they take place.—*Ral. Con.*

The Alexandria Gazette of Tuesday says: "The President has been quite unwell, but we are happy to hear is recovering his health. This statement is made in consequence of a paragraph, relating to his health, which we see in several of the papers."

Missouri.—There is no flattery in the following portrait, drawn by the St. Louis Republican, of the Legislature of that State, which has just terminated its annual session:

The Legislature adjourned on Thursday morning last, after a session of about three months; and without having accomplished a single object deserving of the thanks of their constituents. As legislators they proved themselves to be ignorant of the commonest wants of the people whom they were sent to represent; or were too stupid to give shape and existence to the measures necessary for the "general welfare." As politicians, the wisest and most prominent of them were reckless and wicked; stopping at nothing to accomplish their ends, which were generally at issue with the wishes of the people; and as for the balance, whithersoever the leaders went they bowed their heads and followed. We do not wish to be understood as including all the members in this denunciation, but we speak of the majority.

Ohio.—The Legislature of Ohio adjourned on Monday morning, Feb. 25, after a session of eighty-four days, and at an expense to the people of the State of something like \$40,000!!! We will give any body one year's subscription to this paper, if he will tell us what these wisecracks have been about at Columbus, with the exception of spending the public money.—*Scioto Gaz.*

We regret to state that Mr. Ramsay, the Editor of the "Constitutionalist" in this city, now on a visit to Washington City, has had the misfortune to have his thigh badly fractured, by being thrown from a horse.—*Ral. Reg.*

A week or two ago, we mentioned that an affray had taken place in Trenton, between James R. Conner and James Hazard, which terminated in the death of the latter. On the 14th inst. Mr. Conner was tried for the offence before the Superior Court of Jones county, and acquitted.—*Newbern Spec.*

The Cholera still continues its ravages in the neighborhood of Franklin, Attapas. Five deaths had occurred from it in a few days prior to the 27th ult. It is said to be spreading daily in that vicinity.—*New Orleans Cour.*

Horrid Disaster at sea.—Captain Young, of the ship Martha, from the South Atlantic Ocean, on his homeward passage, fell in with the wreck of a vessel that had been destroyed by fire, and saw fourteen dead bodies floating around. He fished up some spars and the trussel-tree of the mizen mast, on which was written "M. H. Taylor, mate of the ship"—the rest was obliterated.

South Carolina Emigrants.—The Macon (Ga.) Telegraph of the 27th ult. says: The number of emigrants daily passing through this State, mostly from South Carolina, is without parallel in our recollection. It is estimated that not less than 30,000 souls have left South Carolina within the last six months; and, judging from what have passed through this place, we should think that number not above the mark.

DIED,
In this county, on Sunday last, Mr. Walker Knight, in the 73d year of his age—he breakfasted in the morning, and was in the apparent enjoyment of his usual health until about 12 o'clock, when he suddenly expired without a struggle or a groan.

When the Commissioners named in the Act of Assembly authorizing the above Lottery, shall have disposed of the Tickets and appointed a day for the drawing, they will, in order the more effectually to secure public confidence in their proceedings, surrender the entire management of the business to the following gentlemen, under whose direction the Lottery will be drawn, (viz.) John Watkins, Esq. of Duplin, Hardy Bryan, Esq. of Jones, Hon. Richard Dobbs Spaight, of Craven, Col. Blount Coleman, of Lenoir, Gen. Wyatt Mays, of Greene, and Richard Washington, Esq. of Wayne county. And in case either of these cannot attend, to such gentlemen as he or they may designate from their respective counties. As a Board of Managers, it will be their province to choose their Clerks, who shall be sworn to keep faithful records of the drawing; they will also select the boys to whom shall be assigned the business of drawing the tickets and numbers from the wheel; for which services the Commissioners will allow the necessary compensation.

The drawing will be conducted on the old and popular mode, by placing the Prizes and Blanks in one wheel, and the numbers in another. Fifteen per cent. will be deducted from the Prizes, and the fortunate adventurers will receive payment upon presentation of their tickets, immediately after the drawing, or at any time within twelve months thereafter.

The Bridge when completed will be free for all persons who may pass it—and the route to Newbern across this Bridge, is as near for persons living above as the present stage route, and will be the means of avoiding nine miles of deep sand. It will also be in the direct route from Wilmington to Tarborough.

It is the wish of the Commissioners to accomplish the drawing on the 4th July next, in the town of Kinston, Lenoir county. If the sale of the tickets should enable them to do so, timely notice of the fact will be given in the newspapers in order that as many as may wish to witness the drawing may attend for that purpose.

It is hoped and earnestly requested that the gentlemen to whom tickets may be forwarded for sale, will use early and diligent means to dispose of them—and that all persons who are disposed to patronize the work will do it at an early day, as the Commissioners are desirous of calling on the Agents or vendors of tickets about the 1st of June for settlement, so as to enable them to prepare for drawing on the 4th July.
