

ed in this crusade against the South, believe that they are engaged in the discharge of a solemn duty, we have never doubted, but, to our apprehension, the danger is rather increased, than diminished by that consideration. We pass by altogether the few miserable wretches, who seem to find pleasure in reviling the institutions of their country, because, by the force of circumstances over which we have no control, the existence of slavery, whilst deprecated as an evil, is still tolerated. But when we find men of character and respectability, individuals who claim to be professors of that pure and sacred religion, taught by the "Son of righteousness," disregarding not only the obligations imposed on them by their station and moral influence in society, but zealously lending themselves to the propagation and support of doctrines which, if their appeal be successful, must cost the lives of thousands of their fellow citizens, we feel ourselves bound to express the opinion, that firmness and vigilance can alone secure us from the pernicious consequences to be apprehended from their misdirected zeal.

Let us not be supposed that we seek to magnify this subject into an undeserved importance, or that we exaggerate the danger to be apprehended from the action of these misguided fanatics. Even the Editors of the Richmond Enquirer, who, scarcely ten days since, seemed disposed to ridicule the efforts and the apprehensions of those who sought to put the South upon its guard, have changed their tone, and now admit that these machinations "are made of sterner stuff" than "was ever dreamt of in their philosophy." We believe, with the Enquirer, that the great body of our northern fellow citizens give no sanction to those mischievous and ill-advised efforts to work upon that class of our population, for whose benefit "these factious fanatics" pretend they are laboring. But the ball has been put in motion, and it requires general action to arrest its progress. The aid of the pulpit is invoked, inflammatory addresses will be extensively circulated, and if the Press be silent, the only efficient curb upon their mad schemes will be removed.

**Sugar Crop.**—The New Orleans Bulletin of the 9th ult. states that owing to early frosts the planters of Louisiana instead of making 120,000 hhd. of sugar this season, will fall at least 50,000 hhd. short of that quantity.

**FOREIGN.**

The packet ship Europe, at New York, brings Liverpool dates to the 15th ult. but no intelligence of any interest.—There had been some demand for Cotton in the Liverpool market, and a small advance of price; but holders soon gave way and prices fell to former quotations.

**Jamaica.**—The New York Star has obtained information from a passenger in the schooner Fornax, from Jamaica, that the Governr of the island had dissolved the Provincial Legislature in consequence of their refusal to pass the necessary laws to carry into effect the act of the British Parliament for the emancipation of the slaves. The Governr had sent munitions of war, and provisions in vessels of war, from Port Royal and the different ports in the island, anticipating a revolt on the part of the negroes. He had expressed to the Assembly his determination to rest on the security of the troops of the line, which had been reinforced, and on one portion of the militia, alluding, of course, to the whites. Several families had made arrangements to avail themselves of the first packets for New York.

**MARRIED.**

In Halifax county, on Tuesday evening, 24th ult. by the Rev. Mr. Peebles, William H. Day, Esq. to Miss Mary Joyner, daughter of Col. Robt. Joyner, of Florida, formerly of this place.

**Notice.**  
THE Subscribers believing it to be their own interest to associate themselves in business for the purpose of undertaking and conducting A GENERAL AGENCY **And Commission Business,** And by so doing, believe that they can promote, in some degree, the interest of the Farmers and Planters, by the saving that it will be to them from the strict and personal attention to all Produce and Goods consigned to them, and in order to do which the better, they have taken the **New House immediately at the Rail Road Depot in Petersburg.**

That they may be on the spot to examine and receive all Produce as it comes in and in order to prevent its being exposed, to have it with their own hands carefully put away or carefully delivered to the buyer before any injury can be sustained by which the purchaser may claim a deduction, and from the general complaint among the Planters growing out of the want of some special attention to their general interest; the undersigned in offering their services for such purpose expect only to meet that sort of encouragement that their strict attention shall seem to merit, nor will they ask more, under the full belief that such a house is greatly needed and will be largely supported. The Subscribers have put the prices of their labor so low that no one will feel it, while they are satisfied that enough will see it to their interest, to encourage them to an extent that will compensate them for services rendered. H. B. MONTAGUE, late of Richmond, has been for many years engaged in the Tobacco business, a part of the time as Manufacturer, and feels that he can give general satisfaction to all sending to the house that article, knowing what suits the Manufacturers of this place as well as those of Richmond, if he could not obtain prices to suit, he would send it there. J. D. WILLIAMS, a native of North Carolina, has been long acquainted with the article of Cotton, and from the general satisfaction given when he has sold for his friends, we have no doubt of being of use to ourselves—as well as to those that may choose to employ us.

The following charges will be made on consignments:—  
Attention to receiving and selling Cotton, 50 cents per bale.  
Receiving and shipping Tobacco to Richmond, 80 cents per hoghead.  
Do. do. Flour to the North, 10 cents per barrel—if sold in this market, 12 cents per barrel.  
Receiving and shipping manufactured Tobacco, 12 1/2 cents per box or keg.  
Do. Wheat carefully taken off the Cars, sold and bags sent back for 2 cents per bushel.  
Corn do. 1 1/2 do. do.  
Advances made on Flour or manufactured Tobacco if required when shipped to the North.  
The usual Commissions charged when advances are made on Produce for this market.  
Advantageous arrangements may be made by those shipping Goods from the North, as this is one branch of our business, to which our attention will be particularly directed. Goods bought and sent to Planters without Commission when we sell their Produce, or if in hand.

**MONTAGUE & WILLIAMS.**  
Petersburg, Va. Dec. 12, 1833. 14-4  
H. B. M. would refer to Bagwell, Smith & Williams—A. Peticolas & Co. Richmond, Col. Saml. Winfree & Thos. Shore, P. M. Petersburg. An Agency will be formed at Blakely, to see that Produce intended for us is forwarded in proper time and in good order, and that Merchandise forwarded by us to the Merchants and Planters is delivered to the wagoners in good order. We do not intend to charge the Managers of the Rail Road with remissness by any thing we have said. M. & W.

**Warrenton Academy.**  
THE Trustees of this Institution announce to its friends that they have engaged as Principal for the ensuing year Mr. Solomon Lea. In his talents and all the qualifications required in a good teacher, they have entire confidence. To those unacquainted, it will be sufficient to know that he graduated at Chapel Hill, and is recommended by the Faculty of that celebrated school. In consequence of renewed interest in the prosperity of this Academy, the Trustees have been better enabled to make a selection of their teacher, and now have well grounded hopes of placing in not only in able hands, but on a more lasting foundation. The first session will commence on the first Monday in January. Board and lodging may be obtained in highly respectable families convenient to the Academy on very moderate terms. Dec. 19th, 1833. 15-3

JNO. B. TATE. Halifax Co. Nov. 10, 1833. 9-8

**PRIVATE Boarding School for Boys.**  
THE Subscriber proposes to open a Private School for Boys AT BRIDLE CREEK, his mother's residence, on the first Monday in January next. No situation in the State is more healthy, or agreeable, and none more convenient to Parents or Guardians below, who visit this section, for it lies only four miles south of Warrenton, one from the stage road, and five north of Shocco Springs and the Shocco Female Academy. His mother's house is large and comfortable, and she prepared to accommodate fifteen or twenty boys to whom (particularly small ones) she would pay great attention and supply with every comfort they enjoy at their homes. The Subscriber promises to devote his time, and direct his abilities exclusively to the improvement of those confided to his instruction. More than ordinary care will be taken properly to learn them the rudiments of our language—to Spelling, Reading, correct pronunciation, Penmanship, Geography, common Arithmetic, and the application of the Rules and Notes of English Grammar more attention shall be paid than generally is in common Academies. He only promises to teach those branches of education he learned, which include the entire Latin course taught at our Universities; Greek Grammar, Greek Testament and Minor; Ethics; Logic; Mathesis and Geometry.

**TERMS.**  
Every expense of Board and Tuition per annum \$100, half to be paid between January and June, and half between June and December.—Should any gentleman be convinced that attention has been wanting to advance his son, no charge will be made for tuition. Day scholars will be received on liberal terms; charges in proportion to their studies. It is desired that those who intend to patronise the School make known their intention before Christmas, for unless a number large enough to justify the Subscriber in undertaking it be obtained, it will not be opened. Letters must be directed to Warrenton, N. C. W. M. S. RANSOM. Bridle Creek, Warren county, N. C. } Nov. 14, 1833. }

AN APPRENTICE to the Printing business is wanted at this Office. A boy that can read well will meet with good encouragement, if application is soon made. Dec. 19.
