ROBERSONVILLE TOBACCO MARKET

June 25, 1901. Wishing to speak to the friends and patrons of the Robersonville tobacco market, we know of no better way than through the columns of The Enterprise, which, of course, the farmers will read that they may keep posted.

We are sure that the tobacco farmers of Martin and adjoining counties will be pleased to learn that they will again have a good market for their tobacco at Robersonville, where they sold their tobacco satisfactorily last season. Since we competed successfully with the other markets the first year, the farmers will not hesitate to bring us their tobacco this year. We will give them the benefit of our experience and increased advantages.

The market at Robersonville is not hampered by any trust or combine and will not limit its prices paid for nets except by highest market prices.

As we guarantee the best prices that can be paid, it will be a great saving to the farmers, of time and trouble, to bring their tobacco to our markets. We do not ask the farmers to support the home market at a sacrifice to themselves, but to bring us their tobacco and give us a fair trial. Then they will have the pleasure of seeing a flourishing home market, while at the same time, they will receive as much cash as if they had sold on any other market.

The Carolina Warehouse extending thanks to its numerous patrons, who gave it hearty support last season, again offers to serve them impartially and justly. The Carolina will

be managed this season by Messrs. J. J. Trotter, Reidsville, N. C. W. J. Bugg, Chas City, Va., and J. C. Andrews, Robersonville, N. C., all of whom are well known on the market. Give us a trial and you will receive our best services. Very respectfully, J. C. Andrews.
