NEW METHODS OF NATURE STUDY.

It is refreshing to note that nature study is becoming more and more a common feature of school and college work, and also that the methods used are somewhat different from those in vogue some years ago. Time was when the study of birds meant shooting them, or collecting their eggs and nests, and when the ardent student of quadrupeds, insects, reptiles, or any other living thing, felt it necessary to prove his love for his subject by knocking it in the head, and to measure his knowledge by the size of his collection. Thanks to the camera and common sense, things are different now. The naturalist has learned that he can find out more about birds and animals by making friends with them when alive than by dissecting them dead.

At least half of the popular books on nature study which have appeared in the last few years have evidently been the work of the out-of-door naturalist. The lover of nature takes his camera, his opera-glass, his text-book and his notebook and, hies him to the woods or fields, where he quietly sits down on the ground or prows himself against a tree, and keeps very still. It is not his purpose to interrupt, but to watch, the house-keeping of his friends in fur or feathers. He knows that the report of a gun or the smell of blood will effectually put a stop to the kind of studying he desires to do. It is not practicable to kill a person and make friends with him at one and the same time, and the rule holds just as good if the person is a squirrel or a robin.

The nature-lover, therefore, sits for hours in his chosen place, tramps for miles over wood-paths or through untrodden wilderness, not for the sake of bringing home a well-filled bag of game, but in order to store his head with interesting information. He wants to find out, perhaps, what the habits of a certain bird are, and how its song at certain season of the year differs from the mere twitter heard at other seasons; what it lives on, and how far north it ranges. Can he discover all these things by lying in wait for the bird, must pay for his knowledge. So, like an honest man, he pays, and in return learns more, not only about that bird, but about various other creatures met in his travels, than the mere sportsman would know if he hunted a hundred years.

Old woodsman, it is true, often know a great deal of the habits of wild things, not only from the hunters but the naturalist's point of view; but it is well known that they seldom hunt for mere sport, and never kill more than they need for actual consumption or for sale. One does not find an Adirondack guide running amuck in the woods, blazing away at everything he sees. Powder and shot are too precious, for one thing. Consequently the people in fur and feathers, not desired by him for food or other purposes, soon learn to know him, and he understands them. Sometime he is not much of a sportsman in the ordinary sense of the term. And the men who attend to the preserving of game and the care of forests know quite as much of woodcraft as those who live by shooting the wild creatures.

WASHINGTON LETTER.

(From our regular Correspondent.)

Washington, July 8th, 1901.

The Post Office Department has begun a fight in which it is clearly right and in which it will be supported by all the strength of the Executive branch of the government but notwithstanding those advantages, it must get the support of the press and of public sentiment, in order to win a permanent victory. This fight is to shut the lake publications out of the privilege of second class mail. The government pays \$60,000,000 a year for carrying second class mail and receives less than \$4,000,000 for it. That much of this loss is due to abuses which have crept into the construction of the law-constructions never dreamed of when the law was being enacted-is apparent to everyone who has become at all familiar with what constitutes a large proportion of second class mail. In fact, from an investigation, which has been going on for months, the postal officials have been convinced that fully one half of the matter now mailed as second class, should under a strict and perfectly proper construction of the law, be compelled to pay as third class matter. A new rule for the construction of the law is to be issued by the Post Office Department, for the special purpose of shutting out lake publications. When it is promulgated, lookout for squeals from the owners of the lakes and from such legitimate publications as can be wheedled or paid to say that the business of legitimate publication is being interfered with. These squeals will be worked for all they are worth for their effect upon Congress, where the fight will certainly be carried. Postal officials declare in the most positive terms that the new construction of the law will not injure any legitimate publication and count upon getting the support of all such.

The President's proclamation declaring free trade with Porto Rico on and after July 25th, will be issued as soon as he receives an official copy of the resolution adopted by the legislature of Porto Rico.

The President's proclamation for the opening of public settlement of the Kiowa, Comanche and Apache Indian Reservations in Oklahoma, was issued today. A force of thirty clerks from the General Land Office, left Washington Saturday night, to do the work of the land offices that will be opened at Reno and Lawton.

HAMILTON

Richard Johnson has returned from Virginia Beach.

Miss Inez Gray and father went to Williamson on Tuesday.

Willie Pritchard of Scotland Neck is visiting his uncle Mr. Sam Pritchard.

Miss Maggie Everett has returned home after a very pleasant visit to Koper.

Miss Norman Cloman who went to Battleboro Friday to hear blind Tom, has returned home.

Miss Ruth Matthews and Debbie Sherrod have gone to Williamson to spend several days with relatives and friends.

Mr. Seawell, who taught school in Hamilton some years ago, is here on a visit. His many friends are glad to see him.

The ladies of the Episcopal Church gave a lawn party on last Thursday night in the yard of Mr. J. B. Cloman. It was greatly enjoyed by all, and financially was a success.

There was an affray here on Saturday night, between Wash Ruffin and Jerry Clark, both negroes, which threatens to end seriously, as Clark is said to be in a dying condition.

The largest shipment of comb honey, that was ever shipped from Martin Co. was shipped by S. D. Matthews this week, viz 135 cases containing 3240, it being one fourth of his entire crop. It was shipped via N. & S. R. R. During the hot weather last week Mr. Matthews lost about 50 lbs of honey, it having melted.

The piles that annoy you so will be quickly and permanently healed if you use DeWitt's Witch Hazel Salve. Beware of worthless counterfeits.

You can never cure dyspepsia by dieting. What your body needs is a plenty of good food properly digested. Then if your stomach will not digest it, Kodol Dyspepsia Cure will. It contains all of the natural digestants hence must digest every class of food and so prepare it that nature can use it in nourishing the body and replacing the wasted tissues, thus giving life, health, strength, ambition, pure blood and good healthy appetite.

CURE FOR CHOLERA-NEVER KNOWN TO FAIL.

During last May an infant child of our neighbor was suffering from cholera infantum. The doctors had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days time the child had fully recovered. The child is now vigorous and healthy. I have recommended this remedy frequently and have never known it to fail.—Mrs. CURTIS BAKER, Bookwaller, O. For sale by N. S. Peel & Co.

A PLEASANT EVENING.

Last Wednesday evening Mrs. M. D. Cooper entertained a complimentary to her sister Miss Mayte Nooney, who left the next morning for a summer outing, touching Elizabeth City, Columbia and other points.

The sweet strains of music mingled with the voices and dainty ices made the occasion a most enjoyable one.

Affixing aying goodbye to Miss Nooney and wishing her a pleasant trip the guests left with happy thoughts of the evening.

THE BEST REMEDY FOR STOMACH AND BOWEL TROUBLES

"I have been in the drug business for twenty years and have sold most all of the proprietary medicines of any note. Among the entire list I have never found anything to equal Chamberlain's Colic, Cholera and Diarrhoea Remedy for all stomach and bowel troubles," says O. W. Wakefield, of Columbus, Ga. "This remedy cured two severe cases of cholera morbus in my family and I have recommended and sold hundreds of bottles of it to my customers to their entire satisfaction. It affords a quick and sure cure in a pleasant form. No family should be without it. I keep it in my house at all times. For sale by N. S. Peel & Co.

IT DAZZLES THE WORLD.

No discovery in medicine has ever created one quarter of the excitement that has been caused by Dr. King's New Discovery for Consumption. It's severest tests have been on hopeless victims of Consumption, Pneumonia, Hemorrhage, Pleurisy, and Bronchitis, thousands of whom it has restored to perfect health. For Coughs, Colds, Asthma, Croup, Hay fever, Hoarseness and Whooping Cough it is the quickest, surest cure in the world. It is sold by N. S. Peel & Co., who guarantee satisfaction or refund money. Large bottles 50c and \$1.00. Trial bottles free.

Send us your guess.

Many thousands have been restored to health and happiness by the use of Chamberlain's Cough Remedy. If afflicted with any throat or lung trouble give it a trial for it is certain to prove beneficial. Coughs that have resisted all other treatment for years, have yielded to this remedy and perfect health been restored. Cases that seemed hopeless, that the climate of famous health resorts failed to benefit, have been permanently cured by its use. Bear in mind that every bottle is warranted and if it does not prove beneficial the money will be refunded to you. For sale by N. S. Peel & Co.

A bad complexion generally results from inactive liver and bowels. In all such cases DeWitt's Little Early Risers produce gratifying results.

Summer Clothing, Straw Hats, Etc., at Eli Garganus.

It is easier to keep well than get cured. DeWitt's Little Early Risers taken now and then, will always keep your bowels in perfect order. They never gripes but promote an easy, gentle action.

WHITE MAN TURNED YELLOW.

Great consternation was felt by the friends of M. A. Hogarty, of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful Stomach and Liver remedy and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all stomach, liver and kidney troubles. Only 50c Sold by N. S. Peel & Co.

MOTHERHOOD

The greatest ambition of American men and women is to have homes blessed with children. The woman afflicted with female disease is constantly menaced with becoming a childless wife. No medicine can restore dead organs, but Wine of Cardui does regulate derangements that prevent conception; does prevent miscarriage; does restore weak functions and shattered nerves and does bring babies to homes barren and desolate for years.

Wine of Cardui gives women the health and strength to bear healthy children. You can get a dollar bottle of Wine of Cardui from your dealer.

WINE OF CARDUI

151 Market Street,
Memphis, Tenn., April 14, 1901.
In February, 1901, I took one bottle of Wine of Cardui and one package of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I had been married fifteen years and had never given birth to a child until I took Wine of Cardui. Now I am mother of a fine baby girl which was born March 21, 1901. The baby weighs fourteen pounds and I feel as well as any person could feel. Now my home is happy and I never will be without Wine of Cardui in my home again.

A WORTHY SUCCESSOR.

"Something New Under The Sun."

All Doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acid used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure. While pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause, stopping the discharges and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SNUFFLES THE GUARANTEED CATARRH CURE," and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full months treatment and everything necessary to its perfect use.

"SNUFFLES" is the only perfect CATARRH CURE ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It also cures inflammation quickly and permanently and is also wonderfully quick to relieve HAY FEVER or COLD in the HEAD.

CATARRH when neglected often leads to CONSUMPTION. "SNUFFLES" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SNUFFLES" the "GUARANTEED CATARRH CURE."

Sent prepaid to any address in the United States or Canada on receipt of One Dollar. Address Dept. c491, EDWIN B. GILES & Co., 2330 and 2332 Market Street, Philadelphia.
