A MINISTER'S GOOD WORK.

"I had a severe attack of bilious colic, got a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, took two doses and was entirely cured," says Rev. A. A. Power, of Emporia, Kan. "My neighbor across the street was sick for over a week had two or three bottles of medicine from the doctor. He used them for three or four days without relief, then called in another doctor who treated him for some days and gave him no relief, so discharged him. I went over to see him the next morning. He said his bowels were in a terrible fit, that they had been running off so long that it was almost bloody flux. I asked him if he had tried Chamberlain's Colic, Cholera and Diarrhoea Remedy and he said, 'No.' I went home and brought him my bottle and gave him one dose told him to take another dose in fifteen or twenty minutes if he did not find relief, but he took no more and was entirely cured. I think it is the best medicine I have ever tried." For sale by N. S. Peel & Co.

BRINKLEY & HOOKER The Southern Warehouse, Robersonville, N. C. This is the place, and we are the people to sell your TOBACCO Farmers, why do we say this? FIRST. We admit we are not one of the large markets; but, ask judges where is the best prices, and competent judges will tell you on Small Markets. Again our competitors are telling you that we will have no buyers, and that they will soon shut us up, that we can't sell tobacco. Who are these people? Are they friends of our farmers? No! without contradiction, we say no. They are straining every nerve to close up the market at your door. Does this look to you like combination? Stop and think, we say it does. Close this market and where is your competition? It seems ridiculous to us to see such statements made to farmers, as are being made by our competitors, but they are wise, and their wisdom is only being exercised for their own benefit and not for you farmers. We stand out boldly, and are determined to fight anything that tends towards combination. We will stand By you, if you will stand By us. They remind us of the old story of the Coon. They have nice things to say now, but we warn you it is the same old Coon, except, instead of one one more stripe, they have rubbed off one. Farmers, you want competition for your tobacco. You can only get it by standing by our market. We assure you we are in earnest; we will fight this thing to a finish; if we don't succeed, farmers you contribute to our defeat. Yours to serve, Brinkley & Hooker.
