Many prominent and influential people speak in terms of highest praise of Littleton Female College, an advertisement of which appears in this paper, and the Institution, we believe, has the full confidence of the people. The boarding school patronage of the College has been doubled in the last three years, and during the 18 years existence of the school there has never been a death among its pupils. On Thursday the 29th inst. Mr. J. W. York gave an old fashioned barbeque at his home near Williamston to about fifty of his friends. The barbeque was done up in the best style, and this with everything else was plentiful, and it would have pleased the taste of the finest epicurean to have seen the respects paid to this elegant repast by the crowd present. Everybody was in good humor, the day spent only too quickly, and everyone bade the host and hostess goodbye vowing this one of the most pleasant days of their lives and wishing them a long life of prosperity. Notice The young men of Williamston are earnestly requested to meet at The Enterprise office on Monday night, Sept. 2nd, for the purpose of organizing a Young Men's Business Association. If that mirror of yours show a wretched, sallow complexion, a jaundiced look, moth patches and blotches on the skin, it's liver trouble. X If you have a baby in the house you will wish to know the best way to check any unusual looseness of the bowels, or diarrhoea, so common to small children. O. P. M. Holliday, of Deming, Ind., who has an eleven months' old child, says: "Through the months of June and July our baby was teething and took a running off of the bowels and sickness of the stomach. His bowels would move from five to eight times a day. I had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and gave him four drops in a teaspoonful of water and he got better at once." BRINKLEY & HOOKER

The Southern Warehouse, ROBERSONVILLE, N. C.

This is the place, and we are the people to sell your TOBACCO.

Farmers, why do we say this?

First, We admit we are not one of the large markets; but, ask judges where is the best prices, and competent judges will tell you on Small Markets. Again our competitors are telling you that we will have no buyers, and that they will soon shut us up, that we can't sell tobacco, Who are these people? are they friends of your farmers. No! without contradiction, we say no. They are straining every nerve to close up the market at your door. Does this look to you like combination? Stop and think, we say it does. Close this market and where is your competition? It seems ridiculous to us to see such statements made to farmers as

are being made by our competitors, but they are wise, and their wisdom is only being exercised for their own benefit and not for you farmers. We stand out boldly, and are determined to fight anything that tends towards combination. We will stand by you, if you will stand by us. They remind us of the old story of the Coon. They have nice things to say now, but we warn you it is the same old Coon, except, instead of one more stripe, they have rubbed off one. Farmers, you want competition for your tobacco.

You can only Get it by standing by our Market

We assure you we are in earnest; we will fight this thing to a finish; if we don't succeed, farmers you contribute to our defeat
