We are making a specialty of printing the name and address on small lots of paper and envelopes; 100 of each neatly printed and padded for 50 cents. J. C. Getzinger Loses A Horse

Saturday night about 11 o'clock Mr. J. C. Getzinger lost a nice horse. It was taken sick Friday evening but not thinking that she was in a very critical condition, she was put in the stable and fed, not looking after her any more that night, thinking she was alright. After going to see how she was Saturday morning they found her very much worse. They soon began to doctor her, but not knowing what the trouble was they didn't know what to do. They felt thought it to be staggers, but all the medicine did no good. Quite a large crowd went to see her and assisted in carrying her off Sunday morning. It was decided that she was poisoned by some cause. One of the boys was hauling wood with her Friday evening in a place where there was some grass, and it is supposed that she was bitten by a snake. She was the mother of a very fine six months old colt.

Mr. Getzinger has lost seven horses in about thirty years. Our sympathy is with him.

ASTOUNDING THE EDITOR

Editor S. A. Brown, of Bennett'sville, S. C., was once immensely surprised. "Through long suffering from Dyspepsia," he writes, "my life was literally run down. She had no strength or vigor and suffered great distress from her stomach, but she tried Electric Bitters which helped her at once, and after using our bottles, she is entirely well, can eat anything. It's a grand tonic, and its gentle laxative qualities are splendid for torpid liver." For indigestion, loss of appetite, stomach and liver trouble it's a positive, guaranteed cure. Only 50c at N. S. Peel & Co.

This is the place, and we are the people to sell your TOBACCO.

Farmers, why do we say this?

First, We admit we are not one of the large markets; but, ask judges where is the best prices, and competent judges will tell you on Small Markets. Again our competitors are telling you that we will have no buyers, and that they will soon shut us up, that we can't sell tobacco, Who are these people? are they friends of you farmers.

Not without contradiction, we say no. They are straining every nerve to close up the market at your door. Does this look to you like combination? Stop and think, we say it does. Close this market and where is your competition? It seems ridiculous to us to see such statements made to farmers as

are being made by our competitors, but they are wise, and their wisdom is only being exercised for their own benefit and not for you farmers. We stand out boldly, and are determined to fight anything that tends towards combination.

We will stand by you, if you will stand by us.

They remind us of the old story of the Coon. They have nice things to say now, but we warn you it is the same old Coon, except, instead of one more stripe, they have rubbed off one.

Farmers, you want competition for your tobacco.

You can only Get it by standing by our Market

We assure you we are in earnest; we will fight this thing to a finish; if we don't succeed, farmers you contribute to our defeat
