Madame Elmido, The Palmist

Madame Lela Elmido, the professional palmist, who has been visiting the towns in this section of Eastern Carolina, is now in Williamston, stopping at the Roanoke Hotel. BRINKLEY & HOOKER

RUN

The Southern Warehouse, ROBERSONVILLE, N. C.

This is the place, and we are the people to sell your TOBACCO.

Farmers, why do we say this?

First, We admit we are not one of the large markets; but, ask judges where is the best prices, and competent judges will tell you on Small Markets. Again our competitors are telling you that we will have no buyers, and that they will soon shut us up, that we can't sell tobacco, Who are these people? are they friends of you farmers.

Not without contradiction, we say no. They are straining every nerve to close up the market at your door, Does this look to you like combination? Stop and think, we say it does. Close this market and where is your competition? It seems ridiculous to us to see such statements made to farmers as

are being made by our competitors, but they are wise, and their wisdom is only being exercised for their own benefit and not for you farmers. We stand out boldly, and are determined to fight anything that tends towards combination. We will stand by you, if you will stand by us.

They remind us of the old story of the Coon. They have nice things to say now, but we warn you it is the same old Coon, except, instead of one more stripe, they have rubbed off one.

Farmers, you want competition for your tobacco.

You can only Get it by standing by our Market

We assure you we are in earnest; we will fight this thing to a finish; if we don't succeed, farmers you contribute to our defeat
