The negro Gorham who broke jail several weeks ago but was captured, since again, by the help of a friend who handed him a crowbar through the window. He freed himself Tuesday night by breaking the hinges of the cell door and cutting through the wall at the same place as before. Bloodhounds were put on the trail and they followed it up the railroad for some distance, but the search was finally abandoned.

Mr. Johanna Soderlohm, of Ferguson Falls, Minn., fell and dislocated her shoulder. She had a surgeon get it back in place as soon as possible, but it was quite sore and pained her very much. Her son mentioned that he had seen Chamberlain's Pain Balm advertised for sprains and soreness, and she asked him to buy her a bottle of it, which he did. It quickly relieved her and enabled her to sleep which she had not done for several days. The son was so much pleased with the relief it gave his mother that he has since recommended it to many others. For sale by N. S. Peel & Co.

An alarm clock which was probably mistaken for a burglar alarm frightened safe breakers early one morning last week in the distillery of Levy Rosenson, at Williamsburg, N. Y. The burglars drilled two holes in a door of the safe, filled them with dynamite and set off the blast. It is thought that the fuse was touched off at 4:30 a. m. The explosion swelled the door but did not open the safe. An alarm clock set for 4:30 o'clock in the bedroom of Max Lippman, an employee, on the floor over the store, rang. The burglars evidently thought it was a burglar alarm and ran, after helping themselves to \$12 from two cash registers. They left behind the tools and some dynamite fuses.

Rara Willetts, of Mill Stone, Washington county, (Md.) has a snake farm, which consists of half an acre of stony hillside. The land is so overgrown with brush and grass that it furnishes an ideal retreat, and the number, which Mr. Willetts has confined is estimated at 30,000. All of the snakes are of the variety known as the "gopher." They seldom attain a length of more than four feet, and their bite is not poisonous. There is a demand for "snake oil," supposed to be effective in the cure of rheumatism. As they are caught the snakes are skinned and their bodies are chopped up and fried like fat. The resulting oil is thick and heavy and has rather a disagreeable odor, which is partially dispelled by repeated cooking. Snake oil makers are treated at a low price. Last season Mr. Willetts shipped one barrel, but this year, on account of the extra-ordinary amount of last winter, which killed many of the snakes, the amount will be reduced.

The crowned heads of every nation, the rich men, poor men and misers, all join in paying tribute to DeWitt's Little Early Balm. H. Williams, San Antonio, Tex., writes: Little Early Balm Pills are the best I ever used in my family. I unhesitatingly recommend them to everybody. They cure Constipation, Biliousness, Sick Headache, Torpid Liver, Jaundice, Malaria and all other liver troubles. S. R. Biggs.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for Indigestion or Biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart Failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they ever knew of relief and had with headaches and other aches. You need only a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. You can get Dr. G. G. Green's reliable remedies at S. R. Biggs, Get Green's Special Almanac.
