He ar rived Thursday evening on Hatch Bros', excursion from Norfolk, and has a string of yarns to relate to his many friends.

The last excursion of the sea will be run about the middle of September, by Hatch Bros., from Kinston, which will go without saying that the day will be the most important of the year at Virginia Beach and Ocean View. The party that took advantage

of the round-trip Summer tourist rate from here to Virginia Beach a few days ago has returned, and they report a most delightful trip, there being a large crowd at the esort, exceptionally good repreentation from North Carolina. The tels are in a continual overcrowded condition, while the cottages were all filled.
