The Town Commissioners have at last decided to fix the ditch in front of Mr. S. R. Biggs' residence. Tiling for that purpose is being hauled. This should have been attended to two months ago when their attention was first called to it; a place of that kind should not go neglected 24 hours.

Judge Shaw

Before beginning his charge to the Grand Jury Judge Shaw stated to the court and people that he would have but few rules and would be sure to enforce them. His stern conduct, up to this stage, administering order and justice has upheld this statement.

He delivered to the Grand Jury a long and simple charge, setting out to them their duties in the plainest English, avoiding legal and technical terms in order that all might readily understand him. He impressed them with the fact that it was their duty to aid in suppressing crime by presenting bills against those who could reasonably be suspected of guilt. Judge Shaw is a bitter opponent of liquor and devoted quite a large portion of his time to explaining the evils arising from it, and the necessity of suppressing its influence as much as possible.

Littleton Female College

This institution with a patronage of more than 200 pupils from five different states, covering an area of 1000 miles in diameter, desires immediate correspondence with any young lady who wishes to go off to school. A postal card or letter will bring immediate reply and interesting information.

The 23rd Annual Session will begin on Wednesday, Sept. 14, 1904
J. M. RHODES, President, Littleton, N. C.

His charge was an able, instructive and an impressive one, and judging from the good work being done by the Grand Jury this week, it is having a beneficial effect.

Judge Shaw's rigid administration of the law is calculated to have a good effect upon the criminal class of our county. Could we have the assurance of his presiding here for a number of succeeding terms it is very probable that the number of crimes in our county would be considerably lessened.

Chairman Cowherd, of the Democratic Congressional Committee, in speaking of President Roosevelt's letter said:

"President Roosevelt's letter of acceptance is too large to be reviewed in interview, nor have I had an opportunity to go over it with sufficient care to attempt that task. Like most of his writings, it is virile and bold, and likewise, as most of his writings, it is full of inaccuracies. Few men have the dramatic instinct to a greater degree than President Roosevelt. It is an excellent quality in an author and a very dangerous one in a President. It makes all his writing readable and keeps the country in continual alarm as to what he will do next.

"It takes a bold man to speak of the shiftiness and uncertainty of others who has himself as shiftily and uncertain a record as Mr. Roosevelt. The Free Trader talking protection and the 'Trust Buster' grown gentle, has little reason to talk of the shiftiness of uncertainty of others.

"Mr. Roosevelt's letter of acceptance is full of assumptions that lack facts to back them. When he says, for instance, 'Do they (the democrats) object to the way in which the Munroe Doctrine has been strengthened and upheld?' he assumes the very thing which never occurred. The Munroe Doctrine as every one knows, has been weakened by Mr. Roosevelt's attempted definition and limitation of it. When he says that never before has this Doctrine been acquiesced in abroad as it is now' he should qualify it by stating that it is his Munroe Doctrine that is acquiesced in and not the Munroe Doctrine as it was known before he amended it. His construction has been acquiesced in abroad because it was in conformity with foreign interests.

"He has the temerity also to ask whether we objected to his action on the petition of the American citizens against the Kishinef massacre. In the light of Mr. Roosevelt's complete back-down on his proposed forwarding of that petition to the Czar, this statement is amusing.

Mr. Roosevelt also says that the democrats assert their belief in reciprocity, but their action on the Cuban Treaty does not carry out their assertion'. This is a plain attempt to misstate the facts of history. Mr. Roosevelt knows that his Cuban policy never could have been put into execution except by the unanimous aid of the democratic party. He knows that it was fought, and bitterly fought by a large and influential portion of the Republican

party, both in the House and Senate. It is true the democrats desired to take off the protection to the Sugar Trusts; it is also true they opposed the clause in the Cuban treaty which practically prohibited reciprocity towards any other country. But though they could not get their ideas into the treaty, they accepted it as the best they could do and stood by the policy of reciprocity.

'Mr. Roosevelt's talk of liberality to the veterans by his executive order and criticism of the democrats comes dangerously near being the plea of a small lawyer in a justice's court. The democratic policy was shown when the party offered to make his illegal order law by putting it on the Statute book, thus securing to the veteran that which he holds now only by the precarious tenure of an executive order.

"On the question of expenditures, the President announces that the expenses of the Government have not increased, then explains how they have increased, and in his explanation he includes the purchase of the Panama Canal and the cost of irrigating arid lands. Neither of these are included in the appropriation for this year, nor in the statements issued showing the expenses under his administration, which were in the four years past, two hundred and eleven million dollars more than under Mr. McKinley, although he carried on a war with Spain, and more than eight million dollars more than under Mr. Cleveland during his last term.

First Bale of Cotton

The first bale of cotton of the season was sold last Saturday by Mrs. Mary B. Wynn to J. L. Hassell & Co. for 10 3/4 cents; the bale weighed 552 pounds. It brought \$57.27.

Joy and happiness oftentimes in mothers hearts are brought to dwell because "TERTHINA" brought the bloom

To baby's cheeks and made it well. Anodynes only soothe and lull to sleep. "TERTHINA" cures the child, Regulates the bowels and saves the parents many sleepless nights of care and anxiety.

SHOOTING AFFRAY

Quite a mix-up with shot guns occurred Monday afternoon near the home of Mr. James G. Staton. Jim Rogers, Lawrence Biggs, Jim Biggs and Carey Respass, all colored, became engaged in a quarrel and shot guns were brought in to play. None of the men seriously injured. Jim Rogers claims to have been shot by Lawrence Biggs, and swore out a warrant for his arrest. Sheriff Crawford hunted till one o'clock Tuesday morning for Biggs, but could not find him.

Mr. C. W. Dunn, of Scotland Neck, was 'phoned for Wednesday and he came down with his blood hound but could find no trail. Quite a crowd from town was out on the hunt.

COURT NEWS

Continued from third page
Burras A. Cletcher and S. Justus Everett have been granted license to practice law in the county.

In the case of State vs. George Barnes, rape, the defendant was found guilty and was sentenced to 10 years hard labor in the State prison. The Judge expressed his great disapproval of such heinous acts and said he was disposed to give the fullest penalty allowed for such a case. The sympathy of the people was highly aroused for the little girl and they were glad to see the perpetrator of this crime severely punished.

THE SECRET OF SUCCESS

Forty Million bottles of August Flower sold in the United States alone since its introduction! And the demand for it is still growing. Isn't that a fine showing of success? Don't it prove that August Flower has had unfailing success in the cure of indigestion and dyspepsia—the two greatest enemies of health and happiness? Does it not afford the best evidence that August Flower is a sure specific for all stomach and intestinal disorders?—that it has proved itself the best of all liver regulators? August Flower has a matchless record of over thirty-five years in curing the ailing millions of these distressing complaints—a success that is becoming wider in its scope every day, at home and abroad, as the fame of August Flower spreads. Trial bottles, 25c; regular size, 75c. For sale by S. R. Biggs.

Fourth Quarterly Conference

The Fourth Quarterly Conference of the Williamston charge, will be held Saturday and Sunday, October 1st and 2nd.

Preaching Saturday morning at 11 o'clock and Sunday morning and night at the usual hours by the presiding elder.

A Wonderful Saving

The largest Methodist Church in Georgia, calculated to use over one hundred gallons of the usual kind of mixed paint in painting their church. They used only 33 gallons of the Longman & Martinez Paint mixed with 24 gallons of linseed oil. Actual cost of paint made was less than \$1.20 per gallon. Saved over eighty (\$80.00) dollars in paint, and got a big donation besides. EVERY CHURCH will be given a liberal quantity whenever they paint. Many houses are well painted with four gallons of L. & M. and three gallons of linseed oil mixed therewith. Wears and covers like gold. These celebrated Paints are sold by S. R. Biggs.

A Quiet Marriage

Mr. Luther G. Leggett and Miss Lula Coburn, of near Spring Green, were married at the home of Mr. G. S. Moore, on Elm street, last Sunday morning at 7:30. Rev. T. H. Sutton performed the ceremony. They left on the 8:15 train for Ryevelt, their future home.

From 148 to 92 Pounds

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength. Sold by Anderson, Crawford & Co.

HALT!

Are you aware of that which your WATCH is doing in the course of one year (365 days)

The balance wheel of your watch makes 157,800,000 revolutions.

THINK OF IT!!

In that time the oil gums, produces friction and wears the delicate bearings, destroying their high finish and perfect fit; thereby ruining an accurate time-piece, an ordinary machine should be oiled daily. Your watch should be properly cleaned and oiled once a year. Let me examine it. An honest opinion from me cost you nothing. Come around and examine my stock; I handle Watches of all makes and grades, and at a small percentage, too. I sell
